Canadian Society in the Twenty-First Century, Fourth Edition Trevor W. Harrison, John W. Friesen, 2021-03-03 Confederation may have established Canada s nationhood in 1867 but the relationships framing Canada s modern existence go back much further Employing a unique socio historical perspective Canadian Society in the Twenty First Century examines three formative relationships that have shaped the country Canada and Quebec Canada and the United States and Canada and Indigenous nations Now in its fourth edition this engaging text offers students an overview of Canadian society through a series of connections rather than a collection of statistics Trevor W Harrison and John W Friesen weave together complex aspects of the nation s economic political and socio cultural development They guide readers to use this interdisciplinary framework to consider some of the tough questions that Canada is likely to face in adjusting to demands and challenges in the next few decades Reflecting the most current scholarship in the field this revised edition features new discussions on issues such as the current crisis of neo liberal globalization Canada s petroleum industry global warming the Wet suwet en dispute in 2020 and the COVID 19 pandemic Exploring the unique character of Canada today this text is a vibrant resource for sociology courses on Canadian society as well as courses in Canadian studies and Canadian history

How Societies Work, 5th Edition Joanne Naiman, 2020-04-28T00:00:00Z In 2011 protesters around the world including Canada called for changes to the societies in which they live Many observers were asking What do they want Some answers to this question can be found in How Societies Work a unique and accessible introductory sociology textbook that introduces

students to the structure of contemporary societies and the power relationships within them. In contrast to most introductory textbooks, *How Societies Work* explores a broad range of sociological concepts and theories while simultaneously creating a coherent picture of modern societies. Drawing on fields as diverse as anthropology, genetics, economics, social psychology, history, and politics, this innovative and popular text looks at both the roots of modern societies and the current structures within them. This approach helps undergraduate students make sense of our complex social world and encourages them to connect the social world to their own lived experiences. This extensively revised and updated fifth edition includes discussions of the roots of the recent global economic crisis and worldwide responses to it, growing social inequality, broader global struggles for change, the growth of the security state in Canada, and the sudden resurgence of political protest in North America. The final chapter looks to the future, examining such issues as the possible consequences of climate change, increased forced migration of peoples, and the changing dynamic of global power. More boxes, quotes, and think about it elements have been added to the fifth edition, while the language clarity of presentation and many examples make it even more accessible to readers. It is an introductory textbook that truly engages students in the sociological imagination. This fifth edition is presented in a large format, making it easier to read and even more student friendly. A testbank and power point presentation are available for instructors upon request.

Canadian Industrial Relations Association. Meeting, Gregor Murray, 2002 *Working Women in Canada* Leslie

Nichols, 2019-08-23 In this edited collection, Leslie Nichols weaves together the contributions of accomplished and diverse scholars to offer an expansive and critical analysis of women's work in Canada. Students will use an intersectional approach to explore issues of gender, class, race, immigrant status, disability, sexual orientation, Indigeneity, age, and ethnicity in relation to employment. Drawing from case studies and extensive research, the text's eighteen chapters consider Canadian industries across a broad spectrum, including political, academic, sport, sex trade, retail, and entrepreneurial work. *Working Women in Canada* is a relevant and in-depth look into the past, present, and future of women's responsibilities and professions in Canada. Undergraduate and graduate students in gender studies, labour studies, and sociology courses will benefit from this thorough and intersectional approach to the study of women's labour.

Working in a Global Era Vivian Shalla, 2011-10-03

Now in its second edition, this reader presents a critical examination of the changing structure of work in Canada and abroad. Its focus is on the role of Canadian labour in the globalized world. Contributors include David Livingstone, Pat Armstrong, Meg Luxton, Dave Broad, and other prominent Canadian scholars. Each of the seven themed sections begins with a contextual introduction by Vivian Shalla and concludes with critical thinking questions and suggestions for further reading. New to this edition: All new content, 14 up-to-date chapters reflecting the current state of research on work in Canada. New section on informal care work. More workplace-based chapters that provide a view from the shop floor.

Worlds of Work Daniel B.

Cornfield, Randy Hodson, 2012-12-06 The advent of transnational economic production and market integration compels

sociologists of work to look beyond traditional national boundaries and build an international sociology of work in order to effectively address the human scientific and practical challenges posed by global economic transnationalism The purpose of this volume is to promote transnational dialogue about the sociology of work and help build a truly international discipline in this field **Culture, Economy, Power** Winnie Lem,Belinda Leach,2012-02-01 Grounded in a conviction that

anthropological knowledge implies critique and that engaging in anthropology is also ultimately an act of praxis various contributors explore the ways in which the precepts of Marxism continue to illuminate and enhance our understanding of culture economy and politics They focus on the question of epistemology to examine the process of anthropological intellectual production in different national settings and analyze the ways in which hierarchies of power and forms of state domination figure in the formation of subjectivities in different ethnographic contexts The authors also reflect upon how class gender ethnicity racialized forms of ethnicity as well as regional and national identities are configured through the relationships involved in making a living under late capitalism

of Canadians Graham Lowe and Frank Graves are two of Canada's leading experts on work and public opinion. In *Redesigning Work* the authors provide a blueprint for the future of work in Canada by identifying practical ways to make work more motivating, rewarding, and productive. The authors provide fuel for employers, workers, policy makers, HR professionals, and NGOs to combat the negative trends many Canadians associate with their future economic prospects. The book paints an optimistic picture of the future of work by addressing job stress, work-life balance, skill use, and engagement.

Ageism at Work Ellie Berger, 2021-04-09 *Ageism at Work* looks at how ageism plays out in the labour market and how it intersects with sexism from the perspective of both older workers and employers.

Critical Disability Theory Dianne Pothier, Richard Devlin, 2011-11-01 People with disabilities in Canada inhabit a system of deep structural economic, social, political, legal, and cultural inequality, a regime of dis-citizenship. Despite the widespread belief that Canada is a country of liberty, equality, and inclusiveness, many persons with disabilities experience social exclusion and marginalization. They are socially constructed as second-class citizens. Conventional understandings of disability are dependent on assumptions that characterize disability as misfortune and, by implication, privilege the normal over the abnormal. Consequently, it is presumed that societal organization based upon able-bodied and minded norms is inevitable and that the best we can do is show sympathy or pity. The essays in *Critical Disability Theory* contend instead that achieving equality for the disabled is not fundamentally a question of medicine or health, nor is it an issue of sensitivity or compassion. Rather, it is a question of politics and of power and powerlessness. This book argues that we need new ways to think about the nature of disability, a new understanding of participatory citizenship that encompasses the disabled, new policies to respond to their needs, and a new vision of their entitlements. Twenty-four scholars from a variety of disciplines come together here to identify the problems with traditional approaches to disability and to provide new directions. The essays range from focused empirical and experiential studies of different disabilities to policy analyses, legal interrogations, and philosophical reconsiderations. The result will be of interest to policy makers, professionals, academics, non-governmental organizations, and grassroots activists.

The Development of Generativity across Adulthood Feliciano Villar, Heather L. Lawford, Michael W. Pratt, 2024-07-15 This volume brings together experts in generativity and related fields to provide a compelling overview of contemporary research and theory on this topic. Generativity refers to a concern for or acting towards the benefit of future generations as a legacy of the self; it has implications for outcomes at the individual, relational, and social and broader societal levels. Understanding the role and expressions of generativity at various stages of our lives is important to our sense of well-being and purpose, and it impacts our parenting, caregiving, and social relationships, as well as having implications for our activities and experiences in the workforce and in voluntary activities in our communities and the wider society. The chapters in this volume explore the meaning and impact of generativity across development and across life contexts and roles. They address generativity within a particular area or life domain or period of the lifespan and outline key methods and findings, as well as theoretical issues and

applied implications The volume represents the first comprehensive exploration of generativity from early to late adulthood it offers a broad international perspective and will inform research into generativity across multiple cultures
