Ethical Philosophy Of Soren Kierkegaard And Mencius Braj Mohan Prasad Sinha, 1989-01-01 Michael Slote
Encountering Chinese Philosophy Yong Huang, 2020-10-15 Michael Slote is one of the most prominent philosophers working in the discipline today By creating a two way dialogue between philosophers specializing in Chinese philosophy and a central thinker from the Anglo American tradition this volume brings cross cultural philosophy to life From his early contributions in ethics metaethics philosophy of mind moral psychology and epistemology to his recent investigations into the relationship between Western philosophy and Chinese philosophy an international team of scholars of Chinese philosophy cover Slote s sentimentalism his understanding of Chinese concepts Yin and Yang and explores the role Early Confucianism and Neo Confucianism can play in his work Each chapter extends Slote s ideas by considering them from a Chinese philosophical perspective and Slote is given the opportunity to respond to each of the contributors interpretation of his work Applied to Classical works such as the Zhuangzi and the Yijing his ground breaking thoughts on morality care ethics and empathy are taken in new exciting directions The Routledge Companion to Virtue Ethics Lorraine Besser-Jones, Michael Slote, 2015-02-20 Virtue ethics is on the move both in Anglo American philosophy and in the rest of the world This volume uniquely emphasizes non Western varieties of virtue ethics at the same time that it includes work in the many different fields or areas of philosophy where virtue ethics has recently spread its wings Just as significantly several chapters make comparisons between virtue ethics and other ways of approaching ethics or political philosophy or show how virtue ethics can be applied to real world problems Ethics Unbound Katrin Froese, 2013-05-30 This book closely examines texts from Chinese and Western traditions that hold up ethics as the inviolable ground of human existence as well as those that regard ethics with suspicion The negative notion of morality contends that because ethics cannot be divorced from questions of belonging and identity there is a danger that it can be nudged into the domain of the unethical since ethical virtues can become properties to be possessed with which the recognition of others is solicited Ethics thus fosters the very egoism it hopes to transcend and risks excluding the unfamiliar and the stranger The author argues inspirationally that the unethical underbelly of ethics must be recognized in order to ensure that it remains vibrant Encyclopedia of Ethics Lawrence C. This collection of essays inspired by the author's experience teaching ethics to Marine and Navy chaplains during the Iraq War examines the moral and psychological dilemmas posed by war. The first section deals directly with Dr Peter A French's teaching experience and the specific challenges posed by teaching applied and theoretical ethics to men and women wrestling with the immediate and personal moral conflicts occasioned by the dissonance of their duties as military officers with their religious convictions. The following chapters grew out of philosophical discussions with these chaplains regarding specific ethical issues surrounding the Iraq War including the nature of moral evil forgiveness mercy retributive punishment honour torture responsibility and just war theory. This book represents a unique viewpoint on the philosophical problems of war illuminating the devastating toll combat experiences take on both an individual's sense of identity and a society's professed moral code. 陈冠中小说, 1991 *Issues of Contemporary Art and Aesthetics in Chinese Context* Eva Kit Wah
