BHUYAN, 2015-06-01 Career planning has become a survival skill in today's world. Choosing a Career should be by Choice and not by Chance. But HOW TO CHOOSE THE RIGHT CAREER? What are the factors one should consider while choosing a career? A Complete Guide to Career Planning is about how to decide the direction your career will take. The purpose behind writing this book is to make you conversant with the various career options that you can pursue and enable you to select the right career you most fit in. The author has meticulously explored and mapped the cavernous paths of the globe of careers which exist presently. The book provides a straightforward introduction to the concepts of career choices and the importance of planning. It emphasises the importance of self-exploration by empowering readers to look at themselves, their strengths and weaknesses, and their background and values, and then realistically evaluate the various opportunities in the world of career. With this comprehensive guide, a student can learn how to explore career options, plan a career path, and find the right school and colleges for higher studies that will help him achieve his goals easily and convincingly. The book includes all the information you need to plan your future and take control of your career.

INTRODUCTION TO HUMAN GEOGRAPHY

The Evolution of MAN from Man First Edition Dr. Asutosh Goswami, Human Geography is a wide-ranging subfield that is intertwined with virtually every other academic field. The spatial perspective is this connection, which basically means that if a phenomenon can be mapped, it has some connection to Geography. Geographical knowledge is essential to a competent comprehension of our global environment, and the study of the entire world is an intriguing field. In this section, a reader will realize what topography is, as well as a portion of the crucial ideas that support the discipline. As you progress through the subsequent chapters, a solid understanding of these fundamental terms and ideas is essential because they will be interwoven throughout the text. This textbook is an introduction to the study of Human Geography. It gives new geographers a simple way to get started in the field while also encouraging readers to dig deeper and learn more.
