한국대학교출판부 Korea University Press, The Age of Migration Hein de Haas, Stephen Castles, Mark J. Miller, 2019-11-21 Long established as the leading textbook on migration and used by students and scholars alike all over the world this fully revised and updated sixth edition continues to offer an authoritative and cutting edge account of migration flows why they occur and their consequences for both origin and destination societies International migration is one of the most emotive issues of our times reforging societies around the world and shaping debates on security national identity and sovereignty in profound ways The expert authors of this book provide a truly global and interdisciplinary introduction to this perennially important topic with chapters covering all of the world's regions and spanning the nineteenth century to the present day Exploring the significance of migration in relation to recent events and emerging trends from the policies of the European Union to the Great Recession this text helps to shed light on the often large gap between the rhetoric and realities of migration For students of migration studies in disciplines as wide ranging as politics sociology geography area studies anthropology and history this is an indispensable guide whether already familiar with the subject matter or approaching the topic for the first time New to this Edition Charts the contemporary politics of migration including the latest statistical data summary of policy developments and shifts toward anti immigrant politics and Islamophobia A brand new chapter on Categories of Migration used to describe migrants and analyse migration including a discussion on the topical issue of climate refugees Extended discussion of the impacts of migration and development in origin countries in a new separate chapter at the end of the book Improved coverage of migration trends in the former Soviet Union and Eastern Europe and Central Asia Offers a better balance between Western and non Western regions and perspectives on migration Draws on up to date global data on migration and migration policies A Migration Policy Toolbox providing a comprehensive overview of different types of migration policies A new glossary with definitions of key terms in migration which are also highlighted throughout the text Accompanying online resources for this title can be found at bloomsburyonlineresources.com the age of migration 6th edition These resources are designed to support teaching and learning when using this textbook and are available at no extra cost The Age of Migration is published by Bloomsbury Academic In the United States and its

dependencies Canada Mexico and the Philippines it is distributed under licence by Guildford Press *North Korean Review* ,2005 **Globalization, Foreign Direct Investment and Technology Transfers** Nagesh Kumar,2003-08-29 In this book Nagesh Kumar and expert contributors examine and explain the emerging patterns in international technology transfers and foreign direct investment flows FDI over the past two decades They analyse the trends in internationalization of corporate activity in individual source countries discussing outflows from both major and emerging source countries This departs from the existing treatments of FDI as homogenous resource and allows for a more detailed prediction of future outflow patterns Throughout the research focuses upon the implications of new trends for developing countries Kumar concludes by outlining the policy implications for the governments of such countries seeking to mobilize technology and FDI for their industrialization and further integration into the international community Controversially he cautions against excessive optimism about the potential of FDI inflows as an agent of development This book draws together much data and information which is not readily available and provides reflections upon international business negotiations from a developing country s perspective *A Geography and Atlas of Protestant Missions: Geography* Harlan Page Beach,1901 **United States Naval Institute Proceedings** ,1999 **Craniofacial 3D Imaging** Onur Kadioglu,G. Fräns Currier,2019-01-28 This book is designed to serve as an up to date reference on the use of cone beam computed tomography for the purpose of 3D imaging of the craniofacial complex The focus is in particular on the ways in which craniofacial 3D imaging changes how we think about conventional diagnosis and treatment planning and on its clinical applications within orthodontics and oral and maxillofacial surgery Emphasis is placed on the value of 3D imaging in visualizing the limits of the alveolar bone the airways and the temporomandibular joints and the consequences for treatment planning and execution The book will equip readers with the knowledge required in order to apply and interpret 3D imaging to the benefit of patients All of the authors have been carefully selected on the basis of their expertise in the field In describing current thinking on the merits of 3D craniofacial imaging they draw both on the available scientific literature and on their own translational research findings
