Basho Bashō Matsuo, 2013 Basho Matsuo Basho, 2013-09-13 Basho stands today as Japan's most renowned writer and one of the most revered Wherever Japanese literature poetry or Zen are studied his oeuvre carries weight Every new student of haiku quickly learns that Basho was the greatest of the Old Japanese Masters Yet despite his stature Basho's complete haiku have not been collected into a single volume Until now To render the writer's full body of work into English Jane Reichhold an American haiku poet and translator dedicated over ten years of work In Basho The Complete Haiku she accomplishes the feat with distinction Dividing his creative output into seven periods of development Reichhold frames each period with a decisive biographical sketch of the poet's travels creative influences and personal triumphs and defeats Scrupulously annotated notes accompany each poem and a glossary and two indexes fill out

the volume Reichhold notes that Basho was a genius with words He obsessively sought out the right word for each phrase of the succinct seventeen syllable haiku seeking the very essence of experience and expression With equal dedication Reichhold sought the ideal translations As a result Basho The Complete Haiku is likely to become the essential work on this brilliant poet and will stand as the most authoritative book on the subject for many years to come Original sumi e ink drawings by artist Shiro Tsujimura complement the haiku throughout the book

Haiku, Other Arts, and Literary Disciplines Toru Kiuchi, Yoshinobu Hakutani, 2022-01-28 Haiku Other Arts and Literary Disciplines investigates the genesis and development of haiku in Japan and determines the relationships between haiku and other arts such as essay writing painting and music as well as the backgrounds of haiku such as literary movements philosophies and religions that underlie haiku composition By analyzing the poets who played major roles in the development of haiku and its related genres these essays illustrate how Japanese haiku poets and American writers such as Emerson and Whitman were inspired by nature especially its beautiful scenes and seasonal changes Western poets had a demonstrated affinity for Japanese haiku which bled over into other art mediums as these chapters discuss

Poetry, Publishing, and Visual Culture from Late Modernism to the Twenty-first Century Natalie Pollard, 2020-05-27 This is a book about contemporary literary and artistic entanglements word and image media and materiality inscription and illustration It proposes a vulnerable fugitive mode of reading poetry which defies disciplinary categorisations embracing the open endedness and provisionality of forms This manifests itself interactively in the six case studies which have been chosen for their distinctness and diversity across the long twentieth century the book begins with the early twentieth century work of writer and artist Djuna Barnes exploring her re animation of sculptural and dramatic

sources It then turns to the late modernist artist and poet David Jones considering his use of the graphic and plastic arts in *The Anathemata* and next to the underappreciated mid century poet F T Prince whose work uncannily re activates Michelangelo s poetry and sculpture The second half of the book explores the collaborations of the canonical poet Ted Hughes with the publisher and artist Leonard Baskin during the 1970s the innovative late twentieth century poetry of Denise Riley who uses page space and embodied sound as a form of address and finally the contemporary poet Paul Muldoon who has collaborated with photographers and artists as well as ventriloquising nonhuman phenomena The resulting unique study offers contemporary writers and readers a new understanding of literary artistic and nonhuman practices and shows the cultural importance of engaging with their messy co dependencies The book challenges critical methodologies that make a sharp division between the textual work and the extra literary and raises urgent questions about the status and autonomy of art and its social role

Essays on Unfamiliar Travel-Writing John Anthony Butler, 2017-01-06 This book comprises a number of essays on travel narratives which are somewhat unknown to the general reader They include writing by people who travelled from the East to the West as well as those going the usual way The travellers include a seventeenth century accountant a Persian shah an Indian rajah and a Hawaiian king as well as an Irish doctor an American journalist and a Japanese poet The book presents these travellers in an informal manner although there are discussions about identity otherness and stereotyping as they are displayed in the narratives The book will appeal to students and academics as well as the general reader

Itadakimasu! The Food Culture of Japan Becky A. Brown, 2020-12-17 *Itadakimasu* The Food Culture of Japan is designed as a first or second year college course in Japanese culture for students who have little to no background in the Japanese language culture literature or history Unlike any other culture text *Itadakimasu* offers a unique approach to learning about culture through a country s cuisine This account takes students on an exciting journey into the world of Japanese food culture both past and present exploring themes such as regional specialties annual festivals traditional foodways prominent tea masters culinary expressions restaurant menus dining etiquette mealtime customs and culinary aesthetics *Itadakimasu* also addresses current events in the food industry and agribusiness health and nutrition dieting trends fast food and international and Western influences Enhancing this wealth of cultural material are autobiographical essays written by guest contributors and varied literary excerpts featuring food themes across different genres in literature spanning many centuries Each of the readings is supplemented by general comprehension questions followed by more probing queries calling on critical and analytical thinking to methodically guide students from a cursory understanding of a new culture to reflections on their own experiences and other world cultures Resources also highlight food centric films so that students can witness what they are learning about in an authentic cultural context Furthermore teachers and students alike can enjoy food tasting labs in the classroom fostering yet another authentic experience for the students With the intention of reaching a broad audience of students majoring or minoring in Japanese or Asian Studies or students learning

English as a Foreign Language or English for Specific Purposes Itadakimasu could also be useful for composition and conversation courses and the Writing Across the Curriculum series or as a supplement for Four Skills Japanese language courses and introductory Japanese literature offerings Above all its multifaceted design with a broad spectrum of self-contained sections welcomes individual teaching styles and preferences Itadakimasu paints an appetizing image of Japan's society with just a dash of culture a pinch of language and a taste of literature to tempt the palate of students new to the study of Japan Meant to enhance the regular curriculum this innovative approach to learning about Japan suggests that the culinary world can lend an insightful view into a country's culture Historical and contemporary foodways are universal elements common to all cultures making the subject matter inherently relatable An Instructors Manual containing sample syllabi learning outcomes handout templates study guides background content and more is available at www.routledge.com/9780367903572

The Low-Carbon Good Life Jules Pretty, 2022-12-30 The Low Carbon Good Life is about how to reverse and repair four interlocking crises arising from modern material consumption the climate crisis growing inequality biodiversity loss and food related ill health Across the world today and throughout history good lives are characterised by healthy food connections to nature being active togetherness personal growth a spiritual framework and sustainable consumption A low carbon good life offers opportunities to live in ways that will bring greater happiness and contentment Slower ways of living await A global target of no more than one tonne of carbon per person would allow the poorest to consume more and everyone to find our models of low carbon good lives But dropping old habits is hard and large scale impacts will need fresh forms of public engagement and citizen action Local to national governments need to act equally they need pushing by the power and collective action of citizens Innovative and engaging and written in a style that combines storytelling with scientific evidence this book will be of great interest to students and scholars of climate change sustainability environmental economics and sustainable consumption as well as non specialist readers concerned about the climate crisis
