while working with other flower patterns Each lesson has a video demonstration so you can see the techniques in action but they also contain picture and written instructions for the techniques Part 3 contains four wildflower patterns that I've developed specifically for helping you practice the base techniques learned in Part 2 Lavender Dame's Rocket Blue Virgin's Bower and Black Eyed Susan The patterns have been written with beginners in mind and contain a high level of detail so they're a great way to dip your toes into the art This section is important for seeing practical application of the techniques reinforcing the ability to read patterns and learning how to assemble and shape a variety of flowers I have also made video demonstrations of each of the flowers While I demonstrate flower parts fully in the videos I only show techniques as they are used in that particular flower So you can start with Part 3 if you use the videos but I do recommend that you go back through the lessons in Part 2 Part 4 will demonstrate how to arrange the flowers from Part 3 to make a wildflower arrangement I am not a professional florist but I'd like to share what I've learned about arranging beaded flowers This section is included only in the book version of the course
