Difference Matters Brenda J. Allen, 2023-01-25 This captivating book analyzes six salient categories of social identity gender race social class disability sexuality and age and why difference within and between those categories matter Brenda J Allen provides overviews of sociohistorical developments and their impact on how people perceive and treat one another She explains how communication constitutes social identity and explores relationships among social identity discourse and power dynamics Allen s book has motivated thousands of individuals in university classes programs and a variety of other organizations She offers life changing guidance in harnessing the potential of diverse perspectives whether to improve interpersonal relationships and workplace communication or to build a more just society *Difference Matters Communicating Social Identity* invites and induces readers to value and appreciate difference Allen covers complex and sensitive topics with an ease that inspires others to approach potentially threatening situations with an open mind and heart Her frank discussions of the effects of dominant belief systems on her own behaviors encourage and reassure the audience to engage in self reflection *Difference matters* to everyone Establishing meaningful dialogue begins with curiosity about differing perspectives empathy for others and cultural humility Allen addresses the uncertainty and anxiety too often

connected with difference advises mindfulness to reveal the hidden associations connected with stereotypes and urges proactivity to challenge and change mainstream meanings of difference She also provides tools and techniques to help readers apply lessons learned

English as a Language of Teaching and Learning for Community Secondary Schools in Tanzania Elia Shabani Mligo, Mikael Mwashilindi, 2017-08-07 This book examines the challenges posed by English a foreign language as a language of teaching and learning for community secondary schools in Tanzania in terms of academic performance The book probes the necessity for having two languages of instruction in the Tanzanian educational system While Kiswahili the native language is predominantly understood by the majority of people the discussion in this book indicates that most students in community secondary schools in Tanzania are incompetent in understanding writing listening reading and speaking English a language they use in learning and doing their examinations especially in the early stages of their secondary studies The incompetence in the above mentioned skills is mostly caused by their inability to cope with the abrupt transition in the languages of instruction from their pre primary and primary school study Kiswahili to secondary school study English Moreover most teachers are unable to use the English language as a means to impart knowledge or facilitate learning to their students leading them to code switching and code mixing This book poses a challenge to countries whose students pass through a transition from one language of instruction to another in their educational systems helping them to make appropriate decisions in regard to the appropriate language of teaching and learning

Issues in Higher Education Michael Kompf,Pamela M. Denicolo,2013-02-11 The ideas and papers in this volume primarily showcase the work of a group of new scholars who will lead the next generation of educational practise and inquiry While the topics explored are critical issues the ways in which these new scholars have chosen to address them illustrates the diversity of voice venue and value that has led them to present their work Education and what it means has entered a new era in which the primary focus on education for the sake of education is strained An educational free for all in the sense of a no holds barred fight seems in place as competition for market share effective branding exercises and movement towards a client based delivery of educational services on demand as demanded has been fuelled and compounded by litigation accreditation transfer credits and matters of patents copyrights ownership and monopoly The link between education and

financial well being has been co opted as the key to personal success Unfortunately the degree pursuit often called the paper chase has become competitive for learners seeking scholarships awards and entry into graduate school This transition indicates movement from becoming well educated to employability potential paralleling much institutional retooling and sustenance of enhanced reputation and fiscal viability
