Holmes seeks to address two general but ultimately inadequate approaches to the book of Revelation On the one hand some obsess about decoding its symbolic language and providing a proper timetable for understanding the end times On the other hand many simply disregard or neglect Revelation altogether because of its strange or unsettling contents *Unspoiled Endings* offers a historical literary and theological reading that offers an alternative to both tendencies and explains how and why Revelation relates to the life of faith It serves as a corrective to those whose understanding of Revelation has been shaped more by the *Left Behind* series than by the book itself and as an invitation to those who otherwise would never think to read or study the book Each chapter presents a feature or characteristic of Revelation that contemporary readers can reclaim to make Revelation a more relevant and invigorating resource for contemporary Christians **Europäische Politikwissenschaft** Jan W. van Deth, Thomas König, 2000

Detective Fiction and the Problem of Knowledge Antoine Dechéne, 2018-08-16 This book establishes the genealogy of a subgenre of crime fiction that Antoine Dechéne calls the metacognitive mystery tale It delineates a corpus of texts presenting unreadable mysteries which under the deceptively monolithic appearance of subverting traditional detective story conventions offer a multiplicity of motifs the overwhelming presence of chance the unfulfilled quest for knowledge the urban stroller lost in a labyrinthine text that generate a vast array of epistemological and ontological uncertainties Analysing the works of a wide variety of authors including Edgar Allan Poe Jorge Luis Borges and Henry James this book is vital reading for

scholars of detective fiction The Routledge Concise History of Canadian Literature Richard J. Lane, 2012-04-27 The Routledge Concise History of Canadian Literature introduces the fiction poetry and drama of Canada in its historical political and cultural contexts In this clear and structured volume Richard Lane outlines the history of Canadian literature from colonial times to the present key texts for Canadian First Peoples and the literature of Quebec the impact of English translation and the Canadian immigrant experience critical themes such as landscape ethnicity orality textuality war and nationhood contemporary debate on the canon feminism postcoloniality queer theory and cultural and ethnic diversity the work of canonical and lesser known writers from Catherine Parr Traill and Susanna Moodie to Robert Service Maria Campbell and Douglas Coupland Written in an engaging and accessible style and offering a glossary maps and further reading sections this guidebook is a crucial resource for students working in the field of Canadian Literature **Dissecting Stephen King** Heidi Strengell, 2005 In a thoughtful well informed study exploring fiction from throughout Stephen King s immense oeuvre Heidi Strengell shows how this popular writer enriches his unique brand of horror by building on the traditions of his literary heritage Tapping into the wellsprings of the gothic to reveal contemporary phobias King invokes the abnormal and repressed sexuality of the vampire the hubris of Frankenstein the split identity of the werewolf the domestic melodrama of the ghost tale Drawing on myths and fairy tales he creates characters who like the heroic Roland the Gunslinger and the villainous Randall Flagg may either reinforce or subvert the reader s childlike faith in society And in the manner of the naturalist tradition he reinforces a tension between the free will of the individual and the daunting hand of fate Ultimately Strengell shows how King shatters our illusions of safety and control King places his decent and basically good characters at the mercy of indifferent forces survival depending on their moral strength and the responsibility they may take for their fellow men *Heaven and Earth in the Gospel of Matthew* Jonathan T. Pennington, 2007 A much overlooked aspect of the Gospel of Matthew is the theme of heaven and earth Rather than being a reverential circumlocution for God heaven in Matthew is part of a highly developed discourse of heaven and earth language Matthew s idiolectic way of using heaven language consists of four aspects 1 a distinction in meaning between singular and plural forms of ouranos 2 frequent use of the heaven and earth word pair 3 regular reference to the Father in heaven and 4 the recurrent use of the Matthean expression kingdom of heaven This book examines the historical precedents for each of these aspects and shows in Matthew how they serve one overriding theological purpose to highlight the tension that currently exists between heaven and earth or God and humanity while looking forward to its eschatological resolution
