of the jigsaw people go on endlessly about Python and Peter Cook which is all well and good but there's basically this great corpus of work stretching for decades and consistently good. A major piece of work and universally loved. So says John Lloyd brains behind *Blackadder*, *QI*, *Spitting Image* and so much besides all shows with a massive debt to *I'm Sorry I'll Read That Again* and *I'm Sorry I Haven't a Clue*. Together they form a body of work stretching across five decades from Cambridge in 1960 to today's world beating *Antidote* to *Panel Games* a laughter bringer which has inspired unparalleled adoration in millions over fifty series. This book tells the whole story from *Footlights* to *Broadway* to the ferret filled madness of *Radio Prune* comedy's answer to the rock roll revolution of the sixties. Offering an exhaustive guide to the comedy world that brought us *Mornington Crescent* besides episode guides glossaries and rare facsimiles Jem Roberts will take the story right up to the present day celebrating the lives of Willie Rushton Sir David Hatch and of course the irreplaceable Humphrey Lyttelton. With exclusive input from the Teams plus Bill Oddie Stephen Fry Bill Bailey Neil Innes and many more this is the long overdue authoritative entertaining and above all very silly lasting celebration of an unsung comic legacy that both shows so richly deserve.

Rock N Roll Gold Rush Maury Dean, 2003. This monster Rock n Roll survey focuses on the songs and the vibrant personalities who create them for college audiences and the general public. Dean published the world's first history of Rock in 1966. Here in his ebullient style he buzzes through piles of musical singles from the whole last half century describing what is fun about each major and minor hit pointing out what elements were exciting or new or significant in the development of musical styles. He relates some tantalizing tidbits about the earlier musical heritage that artists have drawn upon in crafting ever more amazing evolutions of rock music. This snappy witty and informative album has universal appeal doubling as a coffee table trivia treasure and a college level popular music history text. It includes hundreds of photos chapter questions and an extensive index. Reader friendly and informationally complete it covers soft rock heavy metal rhythm blues country rock and classic oldies all with tender loving care for the specialist and casual listener alike. Its mini portraits of the artists who move so many hearts and feet the photos and the insightful sound bites get to the essence of each song and each musician's contribution to the music of our age. The single song focus makes the book unique. It's a playlist for R n R professors and the general public written with a collegiate vocabulary tight organization and a respect for all. Hearing Elvis for the first time was like busting out of jail. Bob Dylan That being said no one is being incited here to bust out of jail or to emulate the quixotic habits of rock stars. There's nothing in here to hide from the kids the clergy or grandma. *Gold Rush* can be used as a university or community college text but most people will grab it for the sheer pleasure of reading about everyone's favorites. Great gift for Rock enthusiasts. *Gold Rush* is the first book of its kind to feature a celebration of the great single songs of the rock era and beyond. *Gold Rush* takes thousands of songs spanning three centuries and brings them back uniquely as if they came out just yesterday. *Gold Rush* unites the Anglo American and later worldwide spirit of Rock and Roll in a tapestry of interconnected melodies and adventures. As Leonard Maltin's *Movie Guide* helps you select videos at
