DISCOURSE ANALYSIS

2nd Edition

Brian Paltridge

Discourse Analysis Paltridge

Brian Paltridge

Discourse Analysis Paltridge:

Discourse Analysis Gillian Brown, George Yule, 1983-07-28 Discourse analysis is a term that has come to have different interpretations for scholars working in different disciplines For a sociolinguist it is concerned mainly with the structure of social interaction manifested in conversation for a psycholinguist it is primarily concerned with the nature of comprehension of short written texts for the computational linguist it is concerned with producing operational models of text understanding within highly limited contexts In this textbook first published in 1983 the authors provide an extensive overview of the many and diverse approaches to the study of discourse but base their own approach centrally on the discipline which to varying degrees is common to them all linguistics Using a methodology which has much in common with descriptive linguistics they offer a lucid and wide ranging account of how forms of language are used in communication Their principal concern is to examine how any language produced by man whether spoken or written is used to communicate for a purpose in a context

Continuum Companion to Discourse Analysis Ken Hyland, 2011-03-03 Originally published as The Continuum Companion to Discourse Analysis this book is designed to be the essential one volume resource for advanced students and academics This companion offers a comprehensive and accessible reference resource to research in contemporary discourse studies In 21 chapters written by leading figures in the field the volume provides readers with an authoritative overview of key terms methods and current research topics and directions It offers both a survey of current research and gives more practical guidance for advanced study in the area The volume covers all the most important issues concepts movements and approaches in the field and features a glossary of key terms in the area of discourse analysis It is the complete resource for postgraduate students and researchers working within discourse studies applied linguistics TESOL and the social sciences

Fissures in EU Citizenship Martin Steinfeld,2022-01-06 This book argues that core concepts in EU citizenship law are riddled with latent fissures traceable back to the earliest case law on free movement of persons and that later developments simply compounded such defects By looking at these defects not only could Brexit have been predicted but it could also have been foreseen that unchecked problems with EU citizenship would potentially lead to its eventual dismantling during an era of widespread populism and considerable challenges to further integration Using a critical constructivist approach the author painstakingly outlines the temple of citizenship from its foundations upwards and offers a deconstruction of concepts such as worker the role of non economic actors the principle of equal treatment and utterances of citizenship In identifying inherent fissures in the concept of solidarity and post national identification this book poses critical questions and argues that we need to reconstruct EU citizenship from the bottom up

The Routledge Handbook of Applied Linguistics James Simpson,2011-03-15 The Routledge Handbook of Applied Linguistics serves as an introduction and reference point to key areas in the field of applied linguistics The five sections of the volume encompass a wide range of topics from a variety of perspectives applied linguistics in action language learning language education language culture and identity perspectives on language in use descriptions of language for applied linguistics The forty seven chapters connect knowledge about language to decision making in the real world The volume as a whole highlights the role of applied linguistics which is to make insights drawn from language study relevant to such decision making The chapters are written by specialists from

around the world Each one provides an overview of the history of the topic the main current issues and possible future trajectory Where appropriate authors discuss the impact and use of new technology in the area Suggestions for further reading are provided with every chapter The Routledge Handbook of Applied Linguistics is an essential purchase for postgraduate students of applied linguistics Editorial board Ronald Carter Guy Cook Diane Larsen Freeman and Amy Tsui
