incident reported in Chathur's local newspapers on 19th January 2005. It's about Sindhu, a home nurse attached to Jayan's family and who under strange circumstances was implicated in the murder of her beloved husband Yetta and jailed. The author's curiosity in this case was kindled by Unni, his friend and well-wisher who happened to know her. This book is a culmination of a series of interviews with Sindhu, who is currently serving her life sentence in Kannur Jail. Another interesting element is the addition of short but crisp extracts from Sindhu's personal diary, which was safely preserved by Sushma Chechi, Jayan's wife. The story speaks about how Sindhu, a highly religious, god-fearing, innocent and kindhearted yet adamant woman, was very attached to her lover-turned-husband. She was so blindly in love with him that even years after his demise, she refused to believe that her Yetta was unfaithful to her. The enthralling events of her life are captured in this rather long but interesting book, written in the first person, exactly how she would narrate the events of her 37 years' long eventful life. This book is dedicated to Sindhu with the hope that someday she will read it, her own life story. Vipraam - the ultimate destination!

Yagneshkumar Suthar, The life is full of questions; we are here to find the solutions. Some basic questions are: Who is the most powerful person on earth? Why do we marry? Why do we sleep? What is responsible for our birth and death? Is there really any God? If yes, how many? What is the purpose of life? Why do good people have to suffer and bad people win all the time? Is money the only goal of life? What is real wealth? Are you free to make your decisions? What is important, logic or faith? Why? Why should one believe in Vedas? Is it not orthodox thinking? Will there not be any reason for someone taking birth in a rich family and others in the poorest? Whatever decisions you make, you make it based on what? Why should one follow dharma, righteousness? If our time on earth is limited, there must be a deeper reason for our existence, even if we haven't discovered or don't want to discover it yet. I've seen people with immense wealth still striving for more money, like today's billionaires. Despite having everything, they can't take any of it with them when they die. So why were they born? Are they just the bodies we see, touch and spend time with? If not, who are they really? When you dig deeper, you end up with three fundamental questions: Who am I? the source of existence? Why am I here? the purpose of life? How can I fulfill that purpose, achieving liberation? Our life is experienced based on our knowledge, understanding and observation skills. But humans have been manipulated from the ages to believe in false reality. There are many manipulators and they don't want you to know the real truth. But why? That you will know in this book. This book is the bridge or door to get the knowledge that has been evaluated many times. Many kings renounced their kingdoms and all their wealth or prosperity to find the answers to those three questions. But you do not have to do anything as you are fortunate enough to get this book. I would not insist you buy this book only because I am telling you to buy it. But if you are really having Sattvic quality of your mind, your intuition will definitely tell you to buy it. Because only one in millions can get such opportunity to read the text mentioned in this book.

Yogic Science: As Per NCTE M.P.Ed Prescribed Syllabus Dr. Kamal Kanti Debnath, Yogic science refers to the ancient and comprehensive system of knowledge rooted in the practice, philosophy and lifestyle of yoga. It goes far beyond just
