Michuta,2023-03-17 Hundreds of books have been written to vindicate the Gospels by noting that they were written closer to the events they record than any other ancient history But how do we know that they accurately recorded what Jesus said and did How do we know they didn t fabricate their contents That Jesus really did work the miracles reported in the Gospels Most important of all how do we know what is the authentic interpretation of his words and deeds Christian apologists have largely neglected to answer these significant questions because they have focused instead on vindicating the Gospels apart from the community that wrote them The Gospel Truth fills in this gap by demonstrating that a concerted and sophisticated effort was made to ensure that what Jesus taught and did was accurately retained recorded verified and passed on to future believers It also shows how we can know whether our copies of Scripture reflect the original whether the books in our Bible really belong there and ways to know how to correctly understand them Jew Among Jews Kimberly Ambrose,2015-11-17

Misunderstanding of Paul had started already in his lifetime and his letters offer many examples of this Throughout the centuries Paul has continued to be misunderstood by both Jews and Gentiles especially in relation to his view of the law and the covenant Paul has often been misunderstood because his form of argument his use of Scripture his view of Jews and Gentiles in Christ especially of those Jews who were not convinced that Jesus was Messiah and his view of what constitutes true Judaism do not seem to conform to our expectations and perceptions of the apostle We have been accustomed to read his letters as of one who was emancipating people from Judaism as one who sought to obliterate all ethnic and other distinctions rather than maintaining the identity of Jews and Gentiles even in Christ By building on some of the insights of the New Perspective and developing other more recent insights as well a more consistent and credible Paul as a first century Diaspora Jew organizing a mission to Gentiles will be presented **The State of Pauline Studies** Nijay K. Love in Interpretation Bryant K. Owens, 2019-02-28 Dr Bryant K Owens presents the argument of the value of the Christian tradition of *caritas* or love from the philosophy and the subsequent hermeneutic of Saint Augustine of Hippo 354-430 within contemporary philosophical scholarship Dr Owens's study of Augustine's investigations into biblical interpretation will reveal that he sought the beauty of understanding as evidenced through *caritas* The shift in the Western philosophical tradition during the Enlightenment period resulted in a solid

break from authority based hermeneutics to the autonomy of the mind The result was a greater emphasis on the literal meaning of a text as gleaned from the subjective mind of the reader and through grammatical and historical criticism over the spiritual meaning of the text or application of the greater meaning to Christian living Dr Owens proposes that the benefits of Augustine's *caritas* as the *a priori* spirit of the biblical text and the proper application of that spirit in contemporary scholarship should be the epistemological focus of hermeneutics rather than the emphasis on method prevalent from Spinoza to Dilthey The concluding value from Augustine's hermeneutic is that *caritas* is a product of understanding while at the same time is the method or means by which *caritas* is produced Therefore Augustine's hermeneutic argues that the sense or spirit of Scripture is *caritas* and is the truth to which all Christian philosophy must cohere

The Letter to the Romans Stanley E. Porter, Francis G. H. Pang, 2018-05-24 Written at a time when his ideas and practices were provoking opposition even from fellow Christians the Apostle Paul articulates in his Letter to the Romans his understanding of God's plan for humanity and discusses the implications of this plan for different groups of people Romans is considered by many as the most theologically significant and sophisticated book of the Bible This volume is designed to bridge the gap between studying Romans as an academic enterprise and experiencing how Romans can speak today in the life of the church All of the chapters in this volume especially those devoted to the content of Romans were written with both exegesis and application in mind All of the contributors to this volume believe that Romans has a crucial voice within the church today and that those who preach teach and study the book need to be attentive to its witness and to its timeliness

Christ the Gift and the Giver Enoch O. Okode, 2022-01-28 This book provides a close look at how Paul uses the Greco Roman royal benefaction system in Romans 5:1-11 as well as 5:12-8:39 to accomplish his theological purpose of portraying Jesus Christ as the supreme royal benefactor so that the Roman believers might faithfully respond to his reign now even as they anticipate glorification This study makes at least three significant contributions First at the lexical level it provides a reading that accounts for the benefaction motifs that permeate Romans 5:1-11 and Romans 5:12-8:39 Second it looks at the relationship between as used in Romans 5:2 and the Messiah's sacrifice as described in Romans 5:6-10 even as it asserts that Paul portrays Christ as a royal benefactor in ways that surprise the Greco Roman notion of brokerage and the expectation that a beneficiary would be willing to die for the sake of his benefactor Third the study demonstrates that the Messiah's supreme benefaction demands appropriate reciprocity or fitting response
