Dieta Ana Y Mia:

Historias de Chicos con Ana y Mia Eden Gonzalez,2011 **Miradas convergentes frente cuerpos disidentes**

Miguel Ángel Sánchez Neria,Alejandra Oyosa Romero,Luis Guillermo Álvarez Corona,Colectiva Cuerpos Disidentes,2018 En este libro colectivo de estudios sobre el cuerpo y venes autores de diversas disciplinas sociales han tomado el fructífero camino de la disidencia como estrategia para el análisis de procesos contemporáneos que evidencian la importancia de la materialización de los sujetos como producto de su experiencia De manera provocativa la práctica disidente conduce a pensar en los sujetos encarnados más allá de la normalidad o de los esquemas corporales hegemónicos Quiénes son los sujetos obesos Como pensamos e interpretamos a las chicas anorxicas Como explicamos la exclusión de estos sujetos Desde dónde entendemos a los enfermos y sus padecimientos Como explicar la discriminación étnica racial y de clase en una sociedad que se asume diversa y democrática De qué manera reflexionamos en torno a la diversidad sexual Y sobre todo de qué manera se enfrentan estas prácticas excluyentes y discriminatorias Las prácticas corporales son de diversos tipos normalizadoras como las medidas de belleza de la educación sexuales de la violencia y subversivas como el tatuaje o la desnudez como la gordura o la delgadez la homosexualidad y la transexualidad Nunca actúan solas se conjuntan entre sí constituyendo auténticos dispositivos por lo tanto todas ellas son disciplinadoras preformativas y en tal sentido materializadoras y productivas Las prácticas corporales dan cuenta de la complejidad de la sociedad que las produce y de lo paradójico de nuestras subjetividades **HABITACIÓN**
