Fashion Portfolio Tamara Albu, Michelle Nahum-Albright, 2023-03-14 Personal strategy and clear identity are key to successfully presenting yourself as a designer

within the fashion industry Fashion Portfolio Create Curate Innovate is a practical guide to creating a far reaching portfolio emphasizing the value of personalized storytelling Its focus is in helping designers attain visual and conceptual clarity in representing their potential As part of a personal brand strategy the portfolio becomes a stronger sales tool This is why the book also explores research personal branding presentation materials on line and off line interview technique and follow up The book also includes a section on different fashion professional paths providing invaluable career advice not just for aspiring designers but all those looking to evolve into the fashion industry Case studies from successful recent graduates working across the world offer further insight on how to make your mark Value Construction in the Creative Economy

Rachel Granger,2020-03-27 The book provides a critical and integrative analysis of value as it pertains to different aspects of creative and cultural industries The notion of value a frequently used but rarely considered term is deconstructed and considered as a spatial and structural impact an active resource and process and as soft institutions and embodied forms which collectively create a space through which value is constructed and negotiated This book consists of three main sections normative valuation value and transformation from interactions and process and embodied value Together the contributions assess what value means in the creative and cultural industries how it is constructed and added through process and the way in which it is embodied in people and shaped through and by social space Especially relevant for postgraduate study and research in the creative and cultural industries where critical studies are key this book is also relevant for multiple disciplines which occupy the creative and cultural fields *Digital Textile Design, Second edition* Melanie Bowles,Ceri

Isaac,2012-10-10 Digital Textile Design Second Edition covers everything students and practitioners of textile design will need to learn about designing and printing digitally The book examines how designers can access this technique looking at the work of those currently exploring its possibilities and provides an insight into the technology involved in digital textile printing *British Qualifications* Kogan Page,2004 In a single volume the new edition of this guide gives comprehensive coverage of the developments within the fast changing field of professional academic and vocational qualifications career

fields their professional and accrediting bodies levels of membership and qualifications and is a one stop guide for careers advisors students and parents It should also enable human resource managers to verify the qualifications of potential employees Crafting Textiles in the Digital Age Nithikul Nimkulrat,Faith Kane,Kerry Walton,2016-09-08 In an era of

increasingly available digital resources many textile designers and makers find themselves at an interesting juncture between traditional craft processes and newer digital technologies Highly specialized craft design practitioners may now elect to make use of digital processes in their work but often choose not to abandon craft skills fundamental to their practice and aim to balance the complex connection between craft and digital processes The essays collected here consider this transition from the viewpoint of aesthetic opportunity arising in the textile designer s hands on experimentation with material and digital technologies available in the present Craft provides the foundations for thinking within the design and production

of textiles and as such may provide some clues in the transition to creative and thoughtful use of current and future digital technologies Within the framework of current challenges relating to sustainable development globalization and economic constraints it is important to interrogate and question how we might go about using established and emerging technologies in textiles in a positive manner **Quality Education and International Partnership for Textile and Fashion** Xinfeng
