was bright red as it was apparent they had all been drinking heavily Unable to speak with the gag in my mouth I nodded my head yes in response Was this the surprise that you told me about yesterday Emily followed up Putting my head down I nodded my head again I had never felt more embarrassed in my life as I knelt on the floor before them feeling smaller than a mouse Emily glanced over to the kitchen table where she could see my phone as well as some items I had left out for her I guess that s why you weren t answering my calls Emily said with her hand on her hip I know this isn t the right moment but you promised me that I could pee first so Melissa waddled past me and made her way to the bathroom where she shut the door aggressively Amanda smacked Taylor in the shoulder before hissing at her Close the door so the neighbors don t see After shutting the door Amanda took Taylor s hand and walked her to the kitchen where they sat at the table Emily stood in front of me at a loss for words

DOE,2024 **The Sexualized Body and the Medical Authority of Pornography** Heather Brunskell-Evans,2017-01-06 This edited collection examines pornography as a material practice that eroticises gender inequality and sexual violence towards women It addresses the complex relationship between pornography and medicine in particular sexology and psycho therapy whereby medicine has historically and currently afforded pornography considerable legitimacy and even authority Pornography naturalises women s submission and men s dominance as if gendered power is rooted in biology not politics In contrast to the populist view that medicine is objective and rational the contributors here demonstrate that medicine has been complicit with the construction of gender difference and in that construction the relationship with pornography is not incidental but fundamental A range of theoretical approaches critically engages with this topic in the light firstly of radical feminist ideas about patriarchy and the politics of gender and secondly of the rapidly changing conditions of global capitalism and digital technologies In its broad approach

the book also engages with the ideas of Michel Foucault particularly his refutation of the liberal hypothesis that sexuality is a deep biological and psychological human property which is repressed by traditional patriarchal discourses and which can be freed from authoritarianism for example by producing and consuming pornography In taking pornography as a cultural and social phenomenon the concepts brought to bear by the contributors critically scrutinise not only pornography and medicine but also current media scholarship The 21st century has witnessed a growth in neo liberal academic literature which is pro pornography This book provides a critical counterpoint to this current academic trend and demonstrates its lack of engagement with the politics of the multi billion dollar pornography industry which creates the desire for the product it sells the individualism of its arguments which analyse pornography as personal fantasy and the paucity of theoretical analysis In contrast this book re opens the feminist debate about pornography for a new generation of critical thinkers in the 21st century Pornography matters politically and ethically It matters in the real world as well as in fantasy it matters to performers as well as to consumers it matters to adults as well as to children and it matters to men as well as to women

ideology and practice of transgenderism which the author sees as harmful It explores the effects of transgenderism on the lesbian and gay community the partners of people who transgender children who are identified as transgender and the people who transgender themselves and argues that these are negative In doing so the book contends that the phenomenon is based upon sex stereotyping referred to as gender a conservative ideology that forms the foundation for women s subordination Gender Hurts argues for the abolition of gender which would remove the rationale for transgenderism This book will be of interest to scholars and students of political science feminism and feminist theory and gender studies
