Handbook of BRICS and Emerging Economies P. B. Anand,Shailaja Fennell,Flavio Comim,2021 Ever since Jim O'Neill at Goldman Sachs coined the term BRICS in 2001 there have been many different assessments of these major emerging economies with some even proclaiming that the promise of the BRICS comprising Brazil Russia India China and South Africa is over However the so called arranged marriage still seems to be working well with the club having become a formal international forum with summit declarations ministerial meetings and numerous BRICS wide fora Is this euphoria misplaced Is there a BRICS model of economic and human development Are inequalities increasing and is this the denouncement of the economic successes The Handbook of BRICS and Emerging Economies presents a comprehensive and multi faceted analysis of the BRICS countries and other emerging

economies exploring their economic social environmental and governance dimensions and other challenges It brings together multi disciplinary perspectives from more than fifty authors to examine how education contributed to the emergence of BRICS how BRICS are impacting African economies and how other emerging economies including Chile Mexico Turkey and others in Africa and Central Asia compare It observes the impact of governance challenges both within individual countries and in the forum for co operation amongst them what issues related to gender and identity based violence are prevalent and what the security implications are and the role of BRICS is in contributing to peace keeping operations

Financial Inclusion of the Marginalised Sharit K. Bhowmik,Debdulal Saha,2013-07-03 This book is the product of a study conducted by the Tata Institute of Social Sciences TISS in collaboration with the United Nations Development Programme UNDP and Ministry of Urban Housing and Poverty Alleviation MoHUPA Its objective is to highlight some of the problems faced by street vendors in conducting their daily business and to examine how financial institutions especially those in the banking sector can include street vendors in their credit policies Data was collected from 15 cities across the country Not surprisingly while

issues such as public space utilisation have been deliberated upon at length those concerning the nature of credit transactions and concurrently the financial inclusion of street vendors have scarcely received focussed attention In the absence of formal credit street vendors largely depend on loan sharks who charge high interest rates ranging from 350% to 800% per annum The problem of formal credit aside another equally important factor is the inflexible attitude of the civic authorities towards street vending Given their informal status this is particularly apparent because they are forced to conduct business in the absence of legal protection making them vulnerable to rent seeking by the authorities The acceptance of the National Policy for Urban Street Vendors by a few states and the subsequent bill to protect the livelihood of street vendors should help them gain legitimacy and subsequently credit to run their businesses at proper rates The book examines and analyses these issues Financial Inclusion in Circular Economy Vinay Kandpal,Deep Chandra,Narendra N. Dalei,Jatinder Handoo,2023-01-30 This book presents an assessment of endeavors towards Financial Inclusion and its role in Sustainable development An attractive feature is that it deals with almost all the contemporary issues essential for reaching UN Sustainable Development Goals This book would be an exclusive and authentic source to the students of undergraduates postgraduates and professional courses in Commerce and Management This manuscript is divided into nine chapters The book looks at various salient topics including financial inclusion measurement the impact of various financial inclusion indicators on development outcomes and macroeconomic volatility using aggregate data and the effects of financial inclusion on poverty and development outcomes using microdata Using the recently adopted Sustainable Development Goals as an overall framing of the issues it exhibits how poor and disadvantaged women and men can be bankable if the adequate facilitation for maximizing opportunities and addressing constraints This book attempts to cover different dimensions of Financial Inclusion towards attaining Sustainability and Circular Economy through financing instruments and investments This book highlights different goals of UN SDG as an Initiative towards Inclusive Growth and Circular Economy which is also influenced by Micro Finance Institutions and NBFCs This book will be an indispensable source for the Students of PG and UG programs Researchers and practitioners from areas of Commerce Economics and Management and the faculty members and professionals like bankers and financial consultants We hope this book will meet the requirement of all the categories of readers **SIMSARC 2018** Arti Chandani,Rajiv Divekar, Mita Mehta,2019-02-09 4C s Communication Commerce Connectivity and Culture are the building blocks of an economy How well an economy will grow or perform will depend on how strong these four pillars are Communication leads to sharing of information among individuals It is important for any business to have the right kind of communication channel Commerce provides goods and services for the society and its people Connectivity provides the right infrastructure and system for those goods and services to reach the market Lastly culture helps to retain the indigenous value in those SIMSARC 2018 organised by Symbiosis Institute of Management Studies focussed on the aforementioned idea and invited eminent speakers from academia and industry all over the world to share

their views on the importance of the 4Cs Communication Commerce Connectivity and Culture for businesses and society The conference had 4 sub themes viz Communication Commerce Connectivity and Culture which were the plenary sessions for the conference The highlight of the communication Role of AI Big Data and IoT in Business track was the papers which were from broad range of Internet of things IoT big data role of technology Artificial Intelligence among other aspects of communication The panel speakers gave insight as to how communication is important for business not only for across boundaries but within a country as well Another session was on Culture An indigenous way where speakers deliberated on the cultures prevailing in different organisations countries and societies From a we together attitude in some country to a me first attitude in the other cultural similarities and dissimilarities across nations were discussed in this track The session witnessed some relevant questions from the audience on issues of language barriers and its effect on businesses Language and cultural barriers are something which are inevitable but one needs to be adoptive and should learn languages to mitigate these barriers Connectivity Backbone for development was another plenary discussion where increase in connectivity through various social media platforms such as Facebook Twitter WhatsApp was discussed and deliberated where the focus was whether human beings are still emotionally connected or not The critical role of technology was emphasized along with importance of human to human interaction No matter how much technology comes in play human connections will never die as this was concluded by speakers as Technolgoiy may not be able to take away the emotional connect Another track Commerce Fuel for economy where the panellist spoke about growth price discrimination financial markets inequality etc Investor s education is one of the most important aspect to take the investors to level where they understand financial market and this will help in investment activity in the market Sustainability was another concern highlighted by the speakers and they pointed that policies should work towards attaining sustainability in the market and try to bridge the gap between skills and jobs available in the country Researchers from all over the country belonging to academic institutes and industry presented their research ideas on the 4C s These research works ranged from digital transformation IOT team dynamics and organisation culture to infrastructural issues e commerce banking and corporate governance the research works presented covered a plethora of policy issues where each one of them is the need of the hour The deliberations from renowned academicians who came from different parts of the world along with top industrialist bureaucrats entrepreneurs NGOs immensely contributed to the existing bodies of work They emphasized on the importance of right policies to promote communication connectivity facilitating commerce and preserving culture among societies Overall the conference witnessed a brainstorming session with scholars and experts and it surely did pave the way for future research

Making Financial Globalization Clara Park,2024-10-29 In Making Financial Globalization Clara Park challenges the conventional wisdom that finance has always been global Drawing on original datasets of financial trade restrictions and domestic financial regulations in over 100 countries archival research of international negotiations and case studies of the US and China Park details how

financial firms used multilateral lobbying strategies to create an international framework for financial service liberalization. As she shows, the powerful coalition across industries and countries exerted considerable pressure on national governments who had to weigh the costs and benefits of liberalization and facilitated international negotiations. A novel political economic explanation for financial globalization, this timely book challenges state-centric views in international relations and emphasizes the interplay of firms and politics as a central factor shaping financial globalization. **Financial Inclusion -**

Viable Opportunities in India, **The Routledge Companion to Financial Services Marketing** Tina

Harrison, Hooman Estelami, 2014-12-05 Interest in Financial Services Marketing has grown hugely over the last few decades, particularly since the financial crisis which scarred the industry and its relationship with customers. It reflects the importance of the financial services industry to the economies of every nation and the realisation that the consumption and marketing of financial services differs from that of tangible goods and indeed many other intangible services. This book is therefore a timely and much needed comprehensive compendium that reflects the development and maturation of the research domain and pulls together in a single volume the current state of thinking and debate. The events associated with the financial crisis have highlighted that there is a need for banks and other financial institutions to understand how to rebuild trust and confidence, improve relationships and derive value from the marketing process. Edited by an international team of experts, this book will provide the latest thinking on how to manage such challenges and will be vital reading for students and lecturers in financial services marketing, policy makers and practitioners. , *Guatemala* International Monetary Fund. Western

Hemisphere Dept., 2016-09-01 This Selected Issues paper estimates potential output growth and the output gap for Guatemala. Potential output growth averaged 4.4 percent just before the global financial crisis but has since declined to 3.75 percent owing to lower capital accumulation and total factor productivity (TFP) growth. It is estimated at 3.8 percent in 2016 and the output gap has virtually closed. Potential growth is expected to reach 4 percent in the medium term owing to the expected improvements in TFP growth. Policies should also prioritize mobilizing domestic savings to invest and build a higher capital stock. [Inclusive Banking In India](#) Lalitagauri Kulkarni, Vasant Chintaman Joshi, 2021-06-01 This book addresses the gaps in the present institutional structure of inclusive finance framework in India. It provides a comprehensive review of the role of banks in financial inclusion policy and micro finance landscape in India at present. It identifies the key issues within the banking system which prove to be obstacles in the way of achieving financial inclusion and sustainable growth. The book conceptualizes inclusive banking, delves into the theoretical foundations thereof and suggests an institutional framework to avoid overlapping of their functions in order to ensure profitability. It reviews the existing market structure and competition in the inclusive finance arena while considering the role of banks, micro finance institutions and SHGs in financing the poor. The book proposes a distinct change to the existing business model, examines the bank business model for inclusion and how the banks can and should treat the micro lending clientele as their core client base to counter the issues of profitability and

competition in today's banking sector. It also discusses some of the latest initiatives in inclusive finance and the importance of entrepreneurship development experiments in India and their efficacy in comparison with the micro lending model. **In**

Pursuit of the Sustainable Development Goals Nishi Malhotra, Palanisamy Saravanan, 2025-03-04 In Pursuit of the Sustainable Development Goals uses interviews and real world case studies to delve into how initiatives like self help groups and community lending have empowered women and contributed to achieving the United Nations Sustainable Development Goals of poverty reduction Goal 1 and women's empowerment Goal 5. **Talking Financial Inclusion in Liberalised**

India M. S. Sriram, 2017-10-04 This book presents a set of conversations with five former Governors of Reserve Bank of India from 1992 onwards on the topic of financial inclusion. Two key aspects are introduced in the conversations with each Governor: the initiatives that were undertaken during their tenure and their responses to some of the current issues. Further, they examine the reasons and justifications for significant decisions and measures that were undertaken or withheld. The discussion captures the evolution and approach of the central bank in addressing a variety of questions pertaining to financial inclusion. The volume is an important contribution to the study of India's continuous but not entirely successful efforts in increasing the reach of its formal financial sector. It reconstructs how the policy approach to inclusive banking has progressed and resisted commercial and market imperatives to safeguard the deprived and dispossessed sections of society. With its wide ranging blend of conversations, documentation, research and commentary coupled with its engaging style, the book will interest students and researchers in the areas of development banking, macroeconomics, public administration and governance, as well as academics, analysts, policymakers, think tanks, journalists, media and those concerned with the Indian economic policy. **The Role of Financial Inclusion for Reaching Sustainable Development Goals** Jungo,

João, Madaleno, Mara, Botelho, Anabela, Dogan, Eyup, 2024-02-12 In today's world, financial inclusion has emerged as a critical tool for fostering inclusive economic growth and achieving sustainable development goals. **The Role of Financial Inclusion for Reaching Sustainable Development Goals** presents a comprehensive exploration of the subject, offering a vital resource for anyone seeking to grasp the intricacies of this dynamic and evolving field. This book assembles a collection of cutting edge research on financial inclusion, featuring contributions from diverse contributing authors with expertise in various aspects of finance and economics. The volume is structured to examine the main trends and challenges surrounding financial inclusion while shedding light on its implications for different economies and societies. From the determinants of financial inclusion to its effects on economic agents, financial institutions and entire economies, each chapter delves into crucial questions, exploring both the theoretical and empirical aspects of the topic. By examining the challenges and implications of financial inclusion in an international context, this book emerges as a relevant and timely reference for policymakers, academics and financial professionals alike. This book emphasizes the broader social and political impact of financial inclusion, discussing its correlation with issues such as gender inequality, education, expenses, health, expenses, access to water and sanitation.

environmental inequality and energy needs **Drivers of Cross-Border Banking in Sub-Saharan Africa** Mr.Paul Henri Mathieu,Mr.Marco Pani,Shiyuan Chen,Mr.Rodolfo Maino,2019-07-11 Using data collected from pan African banks PABs balance sheets and other sources Orbis Fitch this study identifies some key patterns of cross border investment in bank subsidiaries by key banking groups in sub Saharan Africa SSA and discusses some of the determinants of this investment Using a gravity model relating the annual value of a banking group s investment in the net equity of its subsidiaries to a set of explanatory variables the analysis finds that cross border banking is in part driven by a search for yield diversification and expansion for strategic reasons
