Everyday Futures Stephanie Canizales, Brendan O'Connor, 2025-08-19 Despite increasing attention on unaccompanied Central American youth migration to the United States little empirical research has examined the crucial role of language in the incorporation process particularly for Indigenous youth Drawing on the perspectives of Maya primarily K'iche' speaking Guatemalan youth Everyday Futures explores their experiences of language socialization in the broader Los Angeles immigrant community Stephanie L Canizales and Brendan H O Connor trace the factors that were most important to their quest for well being and belonging across Guatemalan and American societies Coming from contexts where Maya languages were stigmatized these youth's migration journeys and early years after arrival were characterized by what they called preparation and adaptation processes through which they actively sought the linguistic and social expertise needed to promote their long term survival in the US While many faced struggles some were able to achieve social and economic mobility which instilled in them a sensibility of survival that enabled them to advocate for more recently arrived Maya youth and the maintenance of Maya language and culture This book sheds important light on the dynamic process of future making for Indigenous youth and yields rich insights into the role of language in creating hope in the diaspora

Conflictos escolares Johanna Ponce Albuquerque, 2018-04-09 Los agentes sociales olvidaron que los conflictos escolares se producen entre jóvenes altamente sensibles a los valores y por eso necesitan ser resueltos con y en justicia Frente a esta situación nos preguntamos Ser el valor justicia no la justicia institucional administrativa ni la justicia derecho subjetivo ni la justicia principio normativo y ni siquiera la justicia virtud moral la pieza que estaba perdida en el rompecabezas del conflicto escolar y que es necesario recuperar El libro que ahora se presenta escrito en primera persona por una mediadora profesional trata de responder a este interrogante Para ello su autora usando un lenguaje claro y de lectura amena invita a reflexionar sobre tópicos como los valores el derecho la mediación y la espiritualidad para descubrir cuáles son los obstáculos reales que se interponen en el conflicto a la hora de

lograr un acuerdo justo El resultado es una visión novedosa práctica y actual de la mediación que sin duda resultará útil para los interesados en explorar nuevos modos de solución efectiva de conflictos en el ámbito de las relaciones escolares

Rabanal, 2018-12-10 Durante los últimos años el auge de los dispositivos móviles y las redes sociales está generando cambios en los hábitos de consumo de información y en las formas de producción dentro de la industria médica Estas mutaciones cada vez más rápidas y acusadas dibujan un nuevo ecosistema en el que los usuarios se ven abrumados por la sobreabundancia de información lo que redundará en un menor nivel de profundidad en el consumo y la comprensión de los contenidos Desde el punto de vista de los medios de comunicación esta infoxicación obliga a competir por la atención de la audiencia dejándose llevar en muchos casos por la dictadura de la inmediatez y el empleo de técnicas sensacionalistas en la redacción de titulares y piezas informativas

Como sucede siempre cuando una palabra con sus escasas letras parece albergar el amplio contenido de un proceso o de un fenómeno social la noción de patrimonialización está en boga en México y en otros lugares del mundo. Se usa para nombrar una vasta gama de eventos que suceden en torno a expresiones de bienes culturales y naturales, personas o grupos humanos cuando son valorados como patrimonio cultural y son empleados por un amplio espectro de actores para una gran variedad de objetivos, siempre bajo la justificación de la necesidad de proteger y conservar aquello que se patrimonializa. Lo que no siempre es evidente es la definición conceptual de esa noción ni los alcances y acotaciones de su uso, por lo que cada vez se parece más a una caja oscura en la que cada quien coloca lo que considera que debe contener, dejando para la imaginación o para el sentido común el significado que se supone que la patrimonialización tiene para todos los que empleamos dicho término. Este número del Boletín del Colegio de Etnólogos y Antropólogos Sociales en su 41 aniversario aborda precisamente la amplitud con que en la actualidad se emplea la noción de patrimonialización. Sin embargo, antes de adentrarnos en cada uno de los trabajos que aquí se reúnen y en la manera en que como cada autor aborda el tema, vale la pena puntualizar significados básicos que nos permitan entender que hablamos de lo mismo.
