Flying with Two Wings Virginia Garrard-Burnett,Yetkin Yildirim,2011-07-12 Many people are of the opinion that our world faces a crisis a clash of civilizations from which we are unlikely to recover However Turkish born educator scholar and

advocate for peace Fethullah G len believes that through education tolerance and dialogue peace can be achieved G len has spoken of what he calls peace islands in an analogy describing his non violent cooperative ideas about conflict resolution The perceived clash of civilizations may come in waves of violence and anger throughout the world but once these waves reach these peace islands they will retreat with the tide leaving the islands unscathed G len ideals provide the blueprint for these islands This collection as a whole attempts what each individual paper proposes a dialogue rooted in tolerance that accounts for the unique histories and assumptions of each member involved Proper interfaith dialogue requires first an encounter between two or more individuals then a willingness rooted in tolerance of each individual to engage with the other This definition of interfaith dialogue is central to G len s writings and indeed to the focus of this collection of papers Each author relates to G len s ideas in a unique way offering a diversity of perspectives that gives true dialogue its vibrant energy

Embracing the World Ori Z. Soltes,2013-08-07 This book is not a comprehensive study of Rumi and G len but it seeks to explore the places where the thought of the one is echoed in the thinking of the other either overtly or indirectly and to note ways in which the opposite is true that G len diverges from Rumi The book is also seeking to suggest some of the larger contexts in which the thinking of both resides Given the wide ranging aspects of their respective writings it should not be surprising if minimally we can find important foundation stones in both philosophy and theology in the edifices that they each construct **Fethullah Gulen** Jon Pahl,2019-04-22 In this first critical biography of Fethullah Gulen in English historian Jon Pahl takes us on a journey where we discover wisdom and controversy from 1940 s Turkey to the U S in the twenty first century Pahl tells the story of a pious Muslim boy from a tiny and remote Turkish village who on the one hand has inspired a global movement of millions of individuals dedicated to literacy social enterprise and interreligious dialogue but who on the other hand has been monitored by Turkish police seen as a threat by autocrats and recently declared number one enemy by the current Turkish dictator With lively prose and extensive research Pahl traces Fethullah Gulen s life and thought in its contexts states clearly his own positions and then lets readers draw their own conclusions from the evidence about this undeniably significant historical figure **The Gulen Hizmet Movement and Its Transnational Activities** Sophia

European Muslims, Civility and Public Life Paul Weller, Ihsan Yilmaz, 2012-02-16 This collection deals with challenges and opportunities faced by Muslims and the wider society in Europe following the Madrid train bombings of 2004 and the London Transport attacks of 2005 The contributors explore the challenges to the concept and practice of civility in public life within a European context and demonstrate the contributions that can be made in this regard from the thought and practice of the global movement inspired by the Turkish Muslim scholar Fethullah G len The importance and distinctiveness of the teaching of Fethullah G len and the practice of the movement is that it is rooted in a confident Turkish Islamic heritage while being fully engaged with modernity It offers the possibility of a contextualised renewal of Islam for Muslims in Europe while being fully rooted in the teachings of the Qu ran and the Sunnah of the Prophet This volume is an important contribution to the study of the movement which advocates the freedom of religion while making an Islamic contribution to the wider society based on a commitment to service of others The movement and initiatives

The Art of Coexistence Salih Yucel, Ismail Albayrak, 2015-04-07 The global threat of war terrorism the increased gap between poor and rich famine malnutrition global warming and pollution and many other social and cultural problems pose a real challenge for present citizens of the globe Intellectuals and politicians take these challenges as their primary concerns Despite the existence of some pessimists there are a number of initiatives working for the common good and expending great effort to solve these problems The Hizmet Gulen Movement is one of the most influential initiatives that should be taken into consideration in this context Fethullah Gulen is a Turkish Muslim scholar whose ideas have inspired and influenced many Turkish intellectuals educators students businessmen politicians and journalists inside and outside Turkey to establish schools educational and intercultural centers and humanitarian aid organizations in more than one hundred fifty countries Yucel and Albayrak cover the Hizmet Movement under the leadership of Fethullah Gulen from various perspectives in order to shed lights on current discussions *Shari`a in the Secular State* Russell Powell, 2016-06-10 Words in both law and religion can shape power relationships and are often highly disputed Shari a lies within the overlap of these two spheres and provides a unique subject for the study of meaning in that liminal space This book contributes important insights related to Islamic jurisprudence and secularism in the Turkish context and regarding the role of language in contested legal and

religious contexts The study begins by providing a historical framework for the ideas and terms covered including concepts of religion in general Shari'a in particular and secularism in the Turkish state It goes on to examine empirical research to describe and analyze contemporary Turkish understandings of religion and Shari'a The author's research indicates that there is often a disconnect between supporting the adoption of Shari'a and supporting the regulation of everyday behavior through civil codes Thus Shari'a seems to have taken on new meanings as groups have sought either to appropriate or criticize it It is a quintessential example of fractured and contextual meaning at the center of both religious and legal traditions This book is essential reading for both academics and those interested in law linguistics history political science anthropology sociology religious studies or Near Eastern studies For the Sake of Allah Anwar Alam, 2019-07-15
