Asian Women in Corporate America: Emerging Research and Opportunities Lakshminarayanan, Sambhavi, 2021-02-19 By necessity understanding of leadership has been based on who used to be business leaders namely men In the last few years Asian women have been making their mark in corporate America Although Asian women have become part of the American workforce and some have achieved spectacular success there is little discussion about them Many of these women could be first generation immigrants still balancing the strong pull of two cultures Even for second or third generation immigrants Asian cultures can often exert immense pressures Thus the

achievement of these women deserves far more attention than it has received and comprehensive research on these advances should be presented Asian Women in Corporate America Emerging Research and Opportunities traces the history of Asian women's presence as executives of major American corporations presents biographical sketches of a select few draws upon factors individual corporate and societal that influenced their journeys and links to past theories on business leadership The chapters serve to bring attention to a minority group in leadership and extricates factors that helped in the success of Asian American women in these prominent roles While highlighting topics such as existing leadership theories gender and ethnicity in leadership models of theories regarding Asian women and their involvement in major corporations this book is a valuable reference tool for managers executives researchers practitioners academicians and students working in fields that include women's studies gender studies business and management human resources management management science and leadership

Achieving Peak Sales Performance for Optimal Business Value and Sustainability Brown, Carlton, 2019-10-25

Businesses today face many obstacles but one major hurdle is optimizing sales performance and achieving peak levels of execution. In recent years there has been a significant decline in sales performance among businesses internationally. Many professionals attribute this disparity to the lack of attention towards certain business techniques including Sales Peak Performance and Business to Business Strategies like this lack empirical validity and further investigation on the implementation of these approaches could significantly impact the business world. Achieving Peak Sales Performance for Optimal Business Value and Sustainability is a collection of innovative research on the methods and applications of various elements that influence sales peak performance including personal organizational and symbiotic determinants. While highlighting topics including emotional intelligence personal branding and customer relationship management this book is ideally designed for sales professionals directors advertisers managers researchers students and academicians seeking current research on insights and advancements of business sustainability and sales peak performance.
