## **Managerial Accounting An Asian Perspective:**

Management Accounting and Asian Perspectives Carsten Berkau, Keabetswe Sylvia Berkau, Mohd Ridzuan Darun, 2021-10-18 The book starts with a comparison of financial accounting and management accounting both discussed based on the production firm PENOR Ltd. It further demonstrates accounting work in support of general management CVP analysis, DOL performance measurement, risk management and M/A as well as cost accounting structures for absorption and marginal cost accounting systems, internal cost allocations, reporting, monitoring, manufacturing accounting calculation, contribution margin accounting and activity based costing. The content is explained by detailed case studies. This Asia edition also includes real case studies about companies in Malaysia. All chapters outline the learning objectives, provide an overview, include case studies and how it is done, paragraphs, and they end with a summary, the explanation of new technical terms, and a question bank with solutions for checking your learning progress. On the internet, you can find more than 300 exam tasks with solutions as well as YouTube videos from the authors.

**Managerial Accounting: Asia-Pacific Edition** John Sands, Lanita Winata, Sophia Su, Maryanne Mowen, Don Hansen, Dan L. Heitger, 2018-10-01 Managerial Accounting is characterised by a strong pedagogical framework and a dynamic and practical approach that directly demonstrates how students can develop their careers in real life. The text introduces students to the underlying concepts and applications of management accounting tools based on the traditional allocation approach and absorption costing method and uses Staircase exercises in each chapter to build knowledge and help learners to link the content between chapters as they progress through the book. This title uses easy-to-understand, student-friendly language, uncomplicated examples, a logical discussion of concepts that matches student learning processes, and clear visual explanations that support student understanding.

*Management Accounting in China and Southeast Asia* Robert C. Rickards, Rolf Ritsert, Kanitsorn Terdpaopong, 2021-04-29 This book is an essential guide to understanding how managers in China and Southeast Asia make effective economic decisions. In today's competitive global economy, it's vital to grasp how the most dynamic part of Asia is employing accounting tools in actual practice. The carefully crafted empirical studies presented here demonstrate the application of management accounting concepts in a variety of economic scenarios. Overall, these comparative investigations describe theory and common practices in a way that yields insights for both strategic and day-to-day problem solving. Accordingly, *Management Accounting in China and Southeast Asia* will interest graduate students, professional practitioners, and researchers in accounting, management, and finance.

**Accounting for Sustainability: Asia Pacific Perspectives** Ki-Hoon Lee, Stefan Schaltegger, 2018-01-30 This book advances the understanding of corporate sustainability and challenges and roles of sustainability accounting in the Asia Pacific region. The Asia Pacific region has shown fast economic growth for several decades, which is expected to continue. In this context, Asia has become the production engine of the global economy. At the same time, scientific reports reveal that some planetary boundaries are crossed, for example, relating to biodiversity and

climate change Companies in the Asia Pacific region are therefore increasingly challenged to reduce their environmental impacts to document their social contribution and to contribute to sustainable development Key approaches to identify sustainability problems and challenges to support improvement processes and to back up sustainability contributions include accounting and reporting In contrast to the high relevance of accounting and reporting for corporate sustainability for the Asia Pacific region academic research has so far been dominated by Western researchers and pre dominantly dealt with Western and Japanese cases and approaches It is thus time to take account of Asian perspectives on accounting and reporting for sustainability in the Asia Pacific region
