Artemis Fowl: Lost Colony, The (new cover) Eoin Colfer, 2009-08-11 Demons are beginning to materialize without warning on Earth. If humans were to capture one, all fairies would be exposed. In order to protect themselves, the fairies must decipher complicated equations to determine where the next demon will appear. When a very confused demon imp appears in a Sicilian theater, Artemis is there to meet him. But he is not alone. Someone else has unlocked the secrets of the fairy world, and she is only twelve years old. Now, in a race against time, a newly reformed Artemis Fowl will have to dip into his bag of dirty tricks if he is to save his fairy friends from his latest nemesis: not to mention a power-hungry demon warlord who is poised to invade our dimension with his savage army.

All the fairy families agreed on this except the 8th family, the demons. The demons planned to lift their small island out of time until they had regrouped and were ready to wage war on the humans once more. However, the time spell went wrong, and the island of Hybras was catapulted into Limbo, where it has remained for ten thousand years.
