Louise Weiss Sa Vie:

L'idée de paix en France et ses représentations au XXe siècle Collectif, 2018-04-08 La paix est un concept complexe et ambivalent puisqu'elle postule un rapport antagonique avec la guerre. La paix c'est l'état de non guerre qui s'instaure la suite d'un accord entre les concurrents pour une durée indéterminée. La paix peut caractériser les rapports internationaux et donc les relations interétatiques. Elle peut aussi concerner les relations internes d'un état. Elle suppose donc une aspiration mais aussi une volonté qui permet de la construire, de l'organiser et de la rendre durable c'est-à-dire de satisfaire les compétiteurs. Mais pour reprendre la formulation de Raymond Aron elle peut devenir belliqueuse si des équilibres sont rompus ou si des risques de rupture se dessinent. Les débats sur la paix ne sont pas nouveaux ils nourrissent une large part de la philosophie politique. Mais ils se sont renouvelés car avec la philosophie des Lumières s'est posé d'abord le problème de son organisation. Dès lors se sont construites et diffusées des utopies qui s'inspirent de préoccupations économiques la paix par le commerce par la technologie le développement industriel de préoccupations politiques la paix par la mobilisation sociale des prolétaires par delà les frontières étatiques ou culturelles la science l'art cristallisant la paix. Mais le XXe siècle a fortement branlé ces prophéties les deux guerres mondiales en devenant totales et les guerres coloniales en suscitant de fait de quasi guerres civiles remettent en cause les schémas établis. Elles suscitent néanmoins d'autres projets qui se forgent le plus souvent autour de la légitimité démocratique.

Women in Europe between the Wars Angela Kimyongür, 2017-11-30 The central aim of this interdisciplinary book is to make visible the intentionality behind the forgetting of European women's contributions during the period between the two world wars in the context of politics, culture and society. It also seeks to record and analyse women's agency in the construction and reconstruction of Europe and its nation states after the First World War and thus to articulate ways in which the writing of women's history necessarily entails the rewriting of everyone's history. By showing that the erasure of women's texts from literary and cultural history was not accidental but was ideologically motivated the essays explicitly and implicitly contribute to debates surrounding canon formation. Other important topics are women's political activism during the period, antifascism, the contributions made by female journalists, the politics of literary production, genre, women's relationship with and contributions to the avant-garde, women's professional lives and women's involvement in voluntary associations. In bringing together the work of scholars whose fields of expertise are diverse but whose interests converge on the inter-war period the volume invites readers to make connections and comparisons across the whole spectrum of women's political, social and cultural activities throughout Europe.

Waving the Swedish Flag in Economics Muriel Dal Pont Legrand, Harald Hagemann, 2025-04-22 This book examines Swedish influences in the history of economics. Knut Wicksell 1851-1926 can be regarded as the founder of modern monetary macroeconomics. His work has significantly influenced both economic theory and the monetary policy of central banks and continues to do so to this day.

Wicksell and other important Swedish economists like Gustav Cassel Bertil Ohlin and Erik Lindahl as well as Swedish economic policy have shaped Hans Michael Trautwein's research from the very beginning. In this book written in honor of Hans Michael Trautwein, leading international scholars discuss various topics in modern monetary macroeconomics, Swedish contributions to economics, problems in international economics and globalization, and selected topics in the history of economic thought.

Milan Rastislav Štefánik Michal Kšíňan, 2021-04-26 This is the first scientific biography of Milan Rastislav Štefánik (1880-1919) that is focused on analysing the process of how he became the Slovak national hero. Although he is relatively unknown internationally, his contemporaries compared him to Choderlos de Laclos for the use of military tactics in love affairs, to Lawrence of Arabia for vision, to Bonaparte for ambition, and to one of the apostles for conviction. He played the key role in founding an independent Czechoslovakia in 1918 through his relentless worldwide travels during the First World War. In order to create the Czechoslovak Army, he visited Serbia and Romania on the eve of invasion by the Central Powers. Russia, before the February revolution, the United States, after it declared war on Germany, Italy, dealing with the consequences of defeat in the Caporetto battle, and again when Russia plunged into Civil War. Several historical methods are used to analyse the aforementioned central research question of this biography, such as social capital to explain his rise in French society, the charismatic leader to understand how he convinced and won over a relatively large number of people, more traditional political, military, and diplomatic history to show his contribution to the founding of Czechoslovakia, and memory studies to analyse his extraordinary popularity in Slovakia. By mapping his intriguing life, the book will be of interest to scholars in a broad range of areas, including history of Central Europe, especially Czechoslovakia, international relations, social history, French society at the beginning of the 20th century, and biographical research.

Dictionnaire des féministes. France - XVIIIe-XXIe siècle Sylvie Chaperon, Christine Bard, 2017-02-15 T00:00:00+01:00 D'finir le féminisme est illusoire. Il plonge ses racines dans une contestation large, celle de l'ingalit des sexes, pour donner naissance une multitude de réalisations, depuis les salons d'un Ancien Régime policé jusqu'aux Femmes d'un XXIe siècle revendicatif. C'est la raison pour laquelle cette définition prend ici la forme de 550 entrées. Elles sont biographiques, car le féminisme est fait de grandes figures, conscientes ou non, de la cause et thématiques, car il est porteur d'une identité politique et culturelle qui a marqué la plupart des grands mouvements sociaux, politiques et philosophiques. Le féminisme a sans nul doute accompagné l'histoire de France en affirmant la volonté d'émancipation des Lumières. Il fait aujourd'hui encore partie de l'histoire en mouvement. C'est ce que nous montrent les 200 collaborateurs de cet ouvrage qui parcourent l'ensemble des thèmes liés à la cause des femmes, affirmant que si aucune question sociale ne se résoudra sans elle.

Jews and Gender in Liberation France K. H. Adler, 2003-08-07 This book takes a new look at occupied and liberated France through the dual prism of race, specifically Jewishness, and gender, core components of Vichy ideology. The imagining of liberation and the potential post-Vichy state lay at the heart of resistance strategy. Their transformation into policy at liberation forms the basis

of an enquiry that reveals a society which while split deeply at the political level found considerable agreement over questions of race the family and gender This is explained through a new analysis of republican assimilation which insists that gender was as important a factor as nationality or ethnicity A new concept of the long liberation provides a framework for understanding the continuing influence of the liberation in post war France where scientific planning came to the fore but whose exponents were profoundly imbued with reductive beliefs about Jews and women that were familiar during Vichy

femmes comme celui de l'histoire des circulations et contribue sa mesure à établir le pont entre les deux **Femmes de presse, femmes de lettres - De Delphine de Girardin à Florence Aubenas** Marie-Eve Thérenty, 2019-11-14 Alors que l'histoire de la presse a longtemps vu ses grands hommes elle n'a jusqu'ici accordé quasiment aucune place aux femmes journalistes qu'elles aient travaillé en leur temps comme Delphine de Girardin, Verine ou Tita ou des crivaines reconnues comme George Sand ou Colette. Pourtant dès le XVIII^e siècle des femmes créent et dirigent des feuilles périodiques. Les femmes journalistes du XIX^e siècle qui créent un journalisme de chronique directement issu du bel esprit des salons sont leurs héritières. Cet ouvrage raconte la progression des femmes dans les journaux généralistes et la manière dont elles ont réussi à infiltrer et parfois à imposer dans l'article politique, dans la chronique judiciaire, dans la chronique des sports et dans le grand reportage. Ces femmes ont dû inventer des pratiques, créer des postures et imposer des critiques. Pour faire passer leur prose dans le journal, elles ont pu privilégier la narration, la fiction, la critique intime aussi. Subalternes elles mêmes, elles ont par ailleurs souvent choisi d'enquêter sur les exclus de la société. Cet essai montre aussi combien il serait caricatural d'affirmer l'existence d'un modèle unique de la femme journaliste qui s'opposerait son pendant normatif masculin. Car il existe une infinité de façons d'être femme journaliste. Marie-Eve Thérenty nous présente ici un panorama des femmes journalistes du XIX^e siècle et de l'entrée dans le médiatique. 1944 Après l'octroi du droit de vote aux femmes françaises, les contraintes professionnelles et les enjeux ne sont plus tout fait les mêmes. Néanmoins, dans un univers de presse encore hiérarchisé et discriminant les femmes, les journalistes ont continué parfois de mobiliser les dispositifs d'écrits. Dans cet ouvrage qui se conclut donc par l'observation de trois cas plus contemporains : Françoise Giroud, Marguerite Duras et Florence Aubenas. **Social Feminism** Naomi Black, 2019-05-15 In light of the history of three influential women's organizations in the United States, England and France, Naomi Black offers a provocative new interpretation of feminism. She perceives two inherently different types of feminist thought: equity feminism, which incorporates women into existing male-dominated ideologies such as liberalism, Marxism and socialism; and the less familiar social feminism, which emphasizes women's distinctive experiences and values. Examining the development of organizations previously considered traditional and nonpolitical: the League of Women Voters, the Women's Co-operative Guild and the Union féminine civique et sociale, Black concludes that the social feminism which characterizes these groups is a genuinely radical approach to social change. **Nouveau Paris Match**, 2009 Drôle de voyage et autres romans Pierre Drieu La Rochelle, 2023-01-26 La partie la plus secrète de l'œuvre du romancier. Proche des surréalistes, ami de Malraux, crivain critique littéraire, directeur de La Nouvelle Revue française, Pierre Drieu la Rochelle (1893-1945) a joué un rôle considérable dans la vie intellectuelle française de l'entre-deux-guerres et de l'Occupation. Accompagné d'un dictionnaire inédit des six romans rassemblés pour la première fois dans ce volume, offrent autant d'clairages sur la personnalité complexe d'un grand témoin de son temps. Louise Weiss Sa Vie Introduction

In today's digital age, the availability of Louise Weiss Sa Vie books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Louise Weiss Sa Vie books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Louise Weiss Sa Vie books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Louise Weiss Sa Vie versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Louise Weiss Sa Vie books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Louise Weiss Sa Vie books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Louise Weiss Sa Vie books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Louise Weiss Sa Vie books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Louise Weiss Sa Vie books and manuals for download and embark on your journey of knowledge?
