**SETTING THE STAGE** By the tenth century, the Roman Catholic Church had come to dominate religious life in Northern and Western Europe. However, the Church had not won universal approval. Over the centuries, many people criticized its practices. They felt that Church leaders were too interested in worldly pursuits, such as gaining wealth and political power. Even though the Church made some reforms during the Middle Ages, people continued to criticize it. Prompted by the actions of one man, that criticism would lead to rebellion.

## Causes of the Reformation

By 1500, additional forces weakened the Church. The Renaissance emphasis on the secular and the individual challenged Church authority. The printing press spread these secular ideas. In addition, some rulers began to challenge the Church's political power. In Germany, which was divided into many competing states, it was difficult for the pope or the emperor to impose central authority. Finally, northern merchants resented paying church taxes to Rome. Spurred by these social, political, and economic forces, a new movement for religious reform began in Germany. It then swept much of Europe.

**Criticisms of the Catholic Church** Critics of the Church claimed that its leaders were corrupt. The popes who ruled during the Renaissance patronized the arts, spent extravagantly on personal pleasure, and fought wars. Pope Alexander VI,

**The Methodist family** Young Methodism, 1883 *The Reformation; Basic Interpretations* Lewis William Spitz, 1972 **The Reformation of Prayer among Sixteenth-Century Lutherans** Mary Jane Haemig, 2025-03-22 In sixteenth century Germany Martin Luther and his followers engaged in a thorough reform of beliefs and practices related to prayer a reform rooted in Luther s theological insights Rejecting medieval beliefs that saw

prayer as a good work Luther and his followers saw prayer as a human response to God's command to pray and promise to hear. It was a good work done freely not to earn salvation but rather to converse with God. Luther and his followers taught prayer in many different ways. They used catechisms and catechesis to teach the basics of Christian belief including the Lord's Prayer. They emphasized understanding the petitions of prayer not just reciting words. They encouraged the use of the psalms as prayers and produced literature designed to make the psalms accessible and understandable. They published prayerbooks to instruct in prayer and offer prayers for a variety of vocations and situations. Lutheran sermons taught prayer both on particular occasions and on many Sundays of the church year. Worship taught prayer and provided models for prayer. Literature for those suffering sickness, death, plague, childbirth, and war taught prayer as part of its effort to console. Literature for theological students and manuals designed to help pastors in their ministries contained instruction in prayer highlighting the importance of prayer in the life and ministry of the pastor and helping them to teach prayer. This book gives a comprehensive overview of the theological underpinnings for prayer as well as the strategies and literature used by Luther and his followers as they taught prayer to all people.
