## **Making Movies Sidney Lumet Sparknotes:**

Summary of Sidney Lumet's Making Movies Everest Media, 2022-07-28T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The mixing room is where the sound tracks are assembled to make the final sound track of the movie It is a job that can be left to sound technicians but that has its dangers For example mixers can raise the audio level of a quiet scene or moment and lower the audio level of a loud scene or moment 2 The process of looping is when an actor recreates a performance and it can be done by some actors who are good at it Scenes of violence car crashes and battles can use all sixty four tracks on the board or even more 3 The Dolby process simply took all the tapes and suppressed them so that the tape hiss was lost in the upper frequencies Soon in movies because of the equalization problems between Dolby recorded music and non Dolby sound recordings we had to start using Dolby on dialogue 4 The one pleasure in a mix comes when the music is added The tedious effort seems worth it The music pumps life back into the picture

Ringler, 2008-05-03 The cinema isn't a slice of life it's a slice of cake Alfred Hitchcock If you make a popular movie you start to think where have I failed Woody Allen A film is the world in an hour and a half Jean Luc Godard I think you have to be slightly psychopathic to make movies David Cronenberg This compendium contains more than 3 400 quotations from filmmakers and critics discussing their craft About 1 850 film people are included Bunuel Capra Chaplin Disney Fellini Fitzgerald Griffith Kael Kurasawa Pathe Sarris Schwarzenegger Spielberg Waters and Welles among them The quotations are arranged under 31 topics such as acting animation audience budget casting critics costume design directing locations reviews screenwriting special effects and stardom Indexing by filmmakers or critics by film titles and by narrow subjects provides a rich array of points of access

**Street Smart** Richard A. Blake, 2021-11-21 New York has appeared in more movies than Michael Caine and the resulting overfamiliarity to moviegoers poses a problem for critics and filmmakers alike Audiences often mistake the New York image of skyscrapers and bright lights for the real thing when in fact the City is a network of clearly defined villages each with a unique personality Standard film depictions of New Yorkers as a rush hour mass of undifferentiated humanity obscure the connections formed between people and places in the City's diverse neighborhoods Street Smart examines the cultural influences of New York's neighborhoods on the work of four quintessentially New York filmmakers Sidney Lumet Woody Allen Martin Scorsese and Spike Lee The City's heterogeneous economic and ethnic districts where people live work shop worship and go to school often bear little relation to the image of New York City created by the movies To these directors their home city is as tangible as the smell of fried onions in the stairwell of an apartment building and it is this New York not the bustling glittery illusion portrayed in earlier films that shapes their sensibilities and receives expression in their films Richard A Blake shows how the Jewish enclaves on Manhattan's Lower East Side profoundly influence Sidney Lumet's most noted characters as they struggle to form and maintain their identities under challenging circumstances Both Woody Allen's light comedies and his more serious cinematic fare reflect the director's origins in the Flatbush neighborhood in Brooklyn and the displacement he felt after relocating to Manhattan

Martin Scorsese's upbringing on Elizabeth Street in Manhattan's Little Italy resonates in his gritty portraits of urban modernity. Blake also looks at the films of Spike Lee whose adolescence in Fort Greene, a socioeconomically diverse Brooklyn neighborhood, exposed him to widely ranging views that add depth to his complicated treatises on power, culture, and race. Lumet, Allen, Scorsese, and Lee's individual identities were shaped by their neighborhoods, and in turn, their life experiences have shaped their artistic vision. In *Street Smart*, Richard A. Blake examines the critical influence of place on the films of four of America's most accomplished contemporary filmmakers.

**Self and Society in the Films of Robert Wise** Justin E.A. Busch, 2014-01-10 One of the most versatile Hollywood filmmakers, Robert Wise had a number of renowned films under his directorial belt, including *The Day the Earth Stood Still*, *West Side Story*, *The Sound of Music*, and *Star Trek: The Motion Picture*. Nonetheless, Wise remains a rarely studied Hollywood figure, while many filmgoers know and love his films, few recognize his name. This book, the first in-depth analysis of Wise's cinematic achievement, uncovers the elements that link the director's diverse cinematic subjects and examines the ways in which tensions between individuals and their societies are explored. His films are seen from a new perspective that will heighten an appreciation for the range and depth of his overall body of work.

**1980** Jim Cullen, 2022-10-14 Many people are aware that 1980 was an important moment in U.S. history at a time of economic stagnation at home and international defeat abroad; it represented a turning point in bringing Ronald Reagan to the presidency and inaugurating a conservative era in American politics. What's less well known is how the popular culture of 1980 also marked a pivotal transition. By boring in with granular detail on a few key touchstone areas—politics, music, film, television, and publishing—1980 describes a zeitgeist as it shifts, capturing those elements that harkened back toward the seventies as they jostled with others that pointed forward to the eighties. The effect is analogous to capturing in slow motion the mysterious but unmistakable process by which a child grows. The result is a lively, revealing, and informative account, not just of a single year and the social milieu of an era, but also a book that traces some of the most profound rhythms of American history, more generally. From *Who Shot J.R.* to *The Dukes of Hazzard*, from John and Yoko to the end of disco and the rise of rap, from *Heaven's Gate* to *Private Benjamin* and from Jimmy Carter's defeat to the rise of Ronald Reagan, Jim Cullen shows how 1980 can be seen as a pivot point in American culture, a time of change that ushered in the current era.

**English through movies. Twelve angry men** Carmen Deltoro, 2007-07-18 This book is based on the movie *12 Angry Men*, a black and white film produced in 1957 and based on the book by the same name. It narrates the story of twelve jurors bound by the acceptance of their civic duty and thrust together into a hot, humid room to deliberate the guilt or innocence of a boy accused of killing his father in a moment of rage.

**Working with Actors** Stephen Bayly, 2023-12-28 *Working with Actors* provides the key to unlocking the honest, dynamic

performance every actor has within them It offers a well articulated formulation of the Meisner Technique easy for directors and actors to use within a working context Through setting out an accessible training programme for practitioners working across stage and screen this book establishes a clear cut route to building a three dimensional character in an organic non intellectual fashion based squarely on the character s objectives Few books in this field venture out of the training studio while in this book alongside offering an intense and concentrated Meisner training programme the focus is more on the payoff the collaborative act of developing the role and how that plays out in rehearsal and performance Beyond that the book uniquely offers
