**Digital Suffragists** Marie Tessier,2021-10-05 Why women's voices are outnumbered online and what we can do about it by a New York Times comment moderator If you've read the comments posted by readers of online news sites you may have noticed the absence of women's voices Men are by far the most prolific commenters on politics and public affairs When women do comment they are often attacked or dismissed more than men are In fact the comment forums on news sites replicate conditions of the offline and social media worlds where women are routinely interrupted threatened demeaned and called wrong unruly disgusting and out of place In *Digital Suffragists* Marie Tessier a veteran journalist and a New York Times comment moderator for more than a decade investigates why women's voices are outnumbered online and what we can do about it The suffragists of the early twentieth century were jailed for trying to vote Can a twenty first century democracy be functional when half of the population is not fully represented in a primary form of political communication Tessier shows that for online comments it's a design problem the linear blog comment formula was based on deeply gender biased assumptions Technologies designed with a broad range of end users in mind she points out are more successful and beneficial than those that reflect the designer's own habits of mind Tessier outlines benchmarks for a more democratic media all of which stem from one fundamental idea media must adopt gender and racial representation as key performance

indicators Equal speaking time for women is a measure of democracy      Managing 21st Century Libraries Lyndon Pugh, 2005 It seems that being in a state of uncertainty is the overwhelming characteristic of library organizations today but there are ways in which this can be used to improve our organizations The power of negative capability is that it supports reflection and measured thinking and in the right sort of organization it will release creative energy This book presents the characteristics of those organizations Managing 21st Century Libraries is primarily concerned with creating the circumstances in which people can maximize the use of their talents and generating the opportunities for people to work with others in ways that engage all of the abilities of everyone involved It is about developing an organization that is an interesting stimulating provocative and effective place to work Above all the book is about the ways in which library managers and staff can develop systems for managing contemporary library services and thus take advantage of the unique combination of circumstances that provide the potential for innovative organization development in the library services of today It relates important issues in people management to the characteristics of libraries that deal significantly with both digital and printed material      □□□□□ □□□□□□ Kate Murphy, 2020-10-01 POP Radio      **Scientific and Technical Books in Print** , 1972      **Subject Guide to Forthcoming Books** , 1983 Presents by subject the same titles that are listed by author and title in Forthcoming books      **The Bibliographic Index** , 1958      **Paperbound Books in Print** , 1992      *Routledge Handbook of Food as a Commons* Jose Luis Vivero-Pol, Tomaso Ferrando, Olivier De Schutter, Ugo Mattei, 2018-12-17 From the scientific and industrial revolution to the present day food an essential element of life has been progressively transformed into a private transnational mono dimensional commodity of mass consumption for a global market But over the last decade there has been an increased recognition that this can be challenged and reconceptualized if food is regarded and enacted as a commons This Handbook provides the first comprehensive review and synthesis of knowledge and new thinking on how food and food systems can be thought interpreted and practiced around the old new paradigms of commons and commoning The overall aim is to investigate the multiple constraints that occur within and sustain the dominant food and nutrition regime and to explore how it can change when different elements of the current food systems are explored and re imagined from a commons perspective Chapters do not define the notion of commons but engage with different schools of thought the economic approach based on rivalry and excludability the political approach recognizing the plurality of social constructions and incorporating epistemologies from the South the legal approach that describes three types of proprietary regimes private public and collective and different layers of entitlement bundles of rights and the radical activist approach that considers the commons as the most subversive coherent and history rooted alternative to the dominant neoliberal narrative These schools have different and rather diverging epistemologies vocabularies ideological stances and policy proposals to deal with the construction of food systems their governance the distributive implications and the socio ecological impact on Nature and Society The book sparks the debate on food as a commons between and within disciplines with particular attention to spaces

of resistance food sovereignty de growth open knowledge transition town occupations bottom up social innovations and organizational scales local food national policies South South collaborations international governance and multi national agreements Overall it shows the consequences of a shift to the alternative paradigm of food as a commons in terms of food the planet and living beings      **Books in Print Supplement** ,2002      **Wall Street Journal** ,1957      *Whitaker's Cumulative Book List* ,1983      Books Out-of-print ,1980      **National Union Catalog** , Includes entries for maps and atlases      British Books in Print ,1980      **Wall Street Journal Index** ,1975
