Freakonomics Economist Explores Hidden Everything:

Freakonomics Steven D. Levitt, Stephen J. Dubner, 2006-10-05 Assume nothing question everything This is the message at the heart of Freakonomics Levitt and Dubner's rule breaking iconoclastic book about crack dealers cheating teachers and bizarre baby names that turned everyone's view of the world upside down and became an international multi million copy selling phenomenon Prepare to be dazzled Malcolm Gladwell A sensation you'll be stimulated provoked and entertained Of how many books can that be said Sunday Telegraph Has you chuckling one minute and gasping in amazement the next Wall Street Journal Dazzling a delight Economist Made me laugh out loud Scotland on Sunday **SUMMARY - Freakonomics: A Rogue Economist Explores The Hidden Side Of Everything By Steven D. Levitt And Stephen J. Dubner** Shortcut Edition, 2021-05-30 Our summary is short simple and pragmatic It allows you to have the essential ideas of a big book in less than 30 minutes By reading this summary you will discover through concrete examples an innovative way of looking at the world Why do dealers live with their parents How can information be used to dismantle a terrorist group By answering these unusual questions the authors of Freakonomics bring to the forefront the little known workings of the economy You will also discover that Incentives are at the root of many human behaviors Popular wisdom is often mistaken Behind great consequences are sometimes hidden distant causes Information is exploited by experts for their own profit Determining what needs to be measured to conduct a study is fundamental The authors of Freakonomics Steven Levitt and Stephen Dubner are Harvard economist and New York Times Magazine writer respectively They are the inventors of the eponymous science of exploring societal issues using the tools of economics You will learn how the tools of economics can be exploited to answer unusual and interesting questions Buy now the summary of this book for the modest price of a cup of coffee

Freakonomics Intl Steven D. Levitt, Stephen J. Dubner, 2006-01-01 These may not sound like typical questions for an economist to ask But Steven D Levitt is not a typical economist He studies the riddles of everyday life from cheating and crime to parenting and sports and reaches conclusions that turn conventional wisdom on its head Freakonomics is a groundbreaking collaboration between Levitt and Stephen J Dubner an award winning author and journalist They set out to explore the inner workings of a crack gang the truth about real estate agents the secrets of the Ku Klux Klan and much more Through forceful storytelling and wry insight they show that economics is at root the study of incentives how people get what they want or need especially when other people want or need the same thing Book jacket **Freakonomics** Steven D. Levitt, Stephen J. Dubner, 2011-12-01 A slipcased hardback edition of Steven D Levitt and Stephen J Dubner's bestselling phenomenon with the original first Penguin edition artwork What do estate agents and the Ku Klux Klan have in common Why do drug dealers live with their mothers How can your name affect how well you do in life The answer Freakonomics It's at the heart of everything we do and the things that affect us daily from sex to crime parenting to politics fat to cheating fear to traffic jams And it's all about using information about the world around us to get to the heart of what's really happening

under the surface of everyday life Now updated with the authors New York Times columns and blog entries this cult bestseller will show you how by unravelling your life s secret codes you can discover a totally new way of seeing the world

SUMMARY Edition Shortcut (author),1901 **Denken wie der Feind 20 Jahre Ausnahmezustand 9/11 und die Geopolitik des Terrors** Lars Schall,2021-04-04 2021 j hren sich die Terrorangriffe vom 11 September zum 20 Mal Was aber wissen wir ber die Vorgeschichte der 9 11 Ereignisse Denken wie der Feind Teil 1 ist eine Monografie zur Vorgeschichte der 9 11 Angriffe und dem globalen Krieg gegen den Terror Minuti s recherchiert und dokumentiert pr sentierte es etliche L cken in der offiziellen Version der Ereignisse indem es geopolitische finanzielle und technologische Hintergr nde der Anschl ge beleuchtet und diesbez gliche Informationen zusammentr gt welche so noch nie in Deutsch verf gbar waren Ausf hrlich kommen zahlreiche nordamerikanische Experten zu Wort viele von ihnen erstmals berhaupt in deutscher Sprache

Cognitive Science for Educators: Practical suggestions for an evidence-based classroom Robert Hausmann,2020-02-28 The purpose of this book is to catalyze a conversation between Cognitive Scientists and Educators Toward that end we need a shared vocabulary This book will introduce you to 48 commonly used terms from Cognitive Science **Anthropology, Economics, and Choice** Michael Chibnik,2011 In the midst of global recession angry citizens and media pundits often offer simplistic theories about how bad decisions lead to crises Many economists however base their analyses on rational choice theory which assumes that decisions are made by well informed intelligent people who weigh risks costs and benefits Taking a more realistic approach the field of anthropology carefully looks at the underlying causes of choices at different times and places Using case studies of choices by farmers artisans and bureaucrats drawn from Michael Chibnik s research in Mexico Peru Belize and the United States Anthropology Economics and Choice presents a clear eyed perspective on human actions and their economic consequences Five key issues are explored in depth choices between paid and unpaid work ways people deal with risk and uncertainty how individuals decide whether to cooperate the extent to which households can be regarded as decision making units and the tragedy of the commons the theory that social chaos may result from unrestricted access to commonly owned property Both an accessible primer and an innovative exploration of economic anthropology this interdisciplinary work brings fresh insight to a timely topic Economics Made Fun N. Emrah Aydinonat,Jack J Vromen,2017-10-02 Best selling books such as Freakonomics and The Undercover Economist have paved the way for the flourishing economics made fun genre While books like these present economics as a strong and explanatory science the ongoing economic crisis has exposed the shortcomings of economics to the general public In the face of this crisis many people including well known economists such as Paul Krugman have started to express their doubts about whether economics is a success as a science As well as academic papers newspaper columns with a large audience have discussed the failure of economic to predict and explain ongoing trends The emerging picture is somewhat confusing economics made fun books present economics as a method of thinking that can successfully explain everyday and freaky phenomena On the other

hand however economics seems to fail in addressing and explaining the most pressing matters related to the field of economics itself This book explores the confusion created by this contradictory picture of economics Could a science that cannot answer its own core questions really be used to explain the logic of everyday life This book was originally published as a special issue of the Journal of Economic Methodology **Anti-Social Behaviour in Northern Ireland** Brendan

Sturgeon,2011-07-12 Anti social behaviour has rapidly emerged as one of the most pressing concerns facing the UK There are frequent media reports on the issue Many academics and policy makers have also attempted to define the term and analyze why such disorder happens The research has been extremely valuable but few studies have specifically analyzed the issue of anti social behaviour in Northern Ireland This book seeks to fill this gap in knowledge This study considers whether certain aspects of the Troubles in Northern Ireland could be considered as anti social behaviour in retrospect It also analyzes the role paramilitary groups played in dealing with incidents of disorder during this period of time In addition the book evaluates what impact political settlement has had on the perceptions of anti social behaviour in the country The study also explains some of the theoretical problems associated with the term in order to facilitate the specific evaluation of the issue in Northern Ireland The analysis of what the term represents the causes and the impact offers a constructive insight into how best to respond to the problem of anti social behaviour in the future The Political Economy of Africa Vishnu

Padayachee,2010-06-10 The Political Economy of Africa addresses the real possibilities for African development in the coming decades when seen in the light of the continent s economic performance over the last half century This involves an effort to emancipate our thinking from the grip of western economic models that have often ignored Africa s diversity in their rush to peddle simple nostrums of dubious merit The book addresses the seemingly intractable economic problems of the African continent and traces their origins It also brings out the instances of successful economic change and the possibilities for economic revival and renewal As well as surveying the variety of contemporary situations the text will provide readers with a firm grasp of the historical background to the topic It explores issues such as employment and poverty social policy and security structural adjustment programs and neo liberal globalization majority rule and democratization taxation and resource mobilization It contains a selection of country specific case studies from a range of international contributors many of whom have lived and worked in Africa The book will be of particular interest to higher level students in political economy development studies area studies Africa and economics in general Recharting the History of Economic Thought Kevin

Deane,Elisa van Waeyenberge,2020-04-08 This ground breaking new textbook takes a thematic approach to the history of economic thought introducing current economic issues and examining the relevant arguments of key economists By taking this innovative approach the book sets these pivotal ideas in a contemporary context helping readers to engage with the material and see the applications to today s society and economy Based on courses developed by the authors the text introduces a range of perspectives and encourages critical reflection upon neoclassical economics Through exposure to a

broader spectrum of sometimes conflicting propositions readers are able to evaluate the strengths weaknesses and relevance of different economic theories Recharting the History of Economic Thought is an invaluable companion for those taking courses in the History of Economic Thought the Development of Economic Ideas Developing Economic Thinking or Economic Thought and Policy It will also appeal to anyone looking for an introduction to pluralist approaches to economics

Privacy in Public Space Tjerk Timan, Bryce Clayton Newell, Bert-Jaap Koops, 2017-11-24 This book examines privacy in public space from both legal and regulatory perspectives With on going technological innovations such as mobile cameras WiFi tracking drones and augmented reality aspects of citizens lives are increasingly vulnerable to intrusion The contributions describe contemporary challenges to achieving privacy and anonymity in physical public space at a time when legal protection remains limited compared to private space To address this problem the book clearly shows why privacy in public space needs defending Different ways of conceptualizing and shaping such protection are explored for example through privacy bubbles obfuscation and surveillance transparency as well as revising the assumptions underlying current privacy laws

Works like a Charm Robert O. McDonald, 2023-08-01 Works like a Charm addresses a simple question Why are incentives everywhere now From inducements to work harder at our jobs to tax rebates for corporations incentive names a general theory of motivation according to economists we are incentive driven creatures Yet far from being a neutral generalization this understanding of human behavior smuggles in a quintessentially economic way of seeing the world Works like a Charm applies Jacques Lacan's psychoanalytic concept of retroactive causality to explain the metastasis of the language and logic of incentives To discover an incentive is to place in the untouchable past an economic cause for a contextual historical force Tracing incentive from its roots in antiquity to its uptake by neoclassical and then Chicago school economists Robert O McDonald diagnoses the spread of incentives across the social cultural and political field and warns readers of the dangers of handing over causality to the economists

Das kleine ABC des Geldes Bernhard Praschl, 2013-04-08 Ein weiteres Buch ber Geld Eher ein Buch ber Liebe Glaube Hoffnung Verrat und Verbrechen ber gro e Betr ge und kleine Schwindeleien ber Anekdoten und Fu noten der Wirtschaftsgeschichte wie die Laffer Kurve und Klassiker wie die Unsichtbare Hand Adam Smith Aktie Anlage Bergbau Casino Freakonomics Money Weltschuldenuhr In ber 200 Stichworten informiert Das ABC des Geldes ber alles was man schon immer ber Geld wissen wollte oder nie verstanden hat nat rlich immer mit dem n tigen Humor damit die Lekt re auf jeden Fall bereichernd ist Nach dem Spiel ist vor dem Spiel Nach der Krise ist nur knapp vor der kommenden Krise Geld man kommt mit ihm nicht aus doch ohne es noch weniger

How to Be a Successful Economist Vicky Pryce, Andy Ross, Alvin Birdi, Ian Harwood, 2022 Exploring the wealth of career opportunities open to those with an interest in economics Pryce Ross Birdi and Harwood reflect on how students can become successful economists An ideal complement to skills and employability modules on economics courses or as pre course reading the authors explain the attributes that employers want and guide students to assemble the essential toolkit that all good economists need The content uniquely brings together chapters which demystify the roles and industries that typically recruit economists explore the importance of strong communication quantitative and broader soft skills and how to develop these and coaches readers through the application and interview process for graduate positions Readers will benefit from candid reflections on the advantages and drawbacks of particular career paths as well as the insights contributed by the authors recent graduates and experienced industry professionals Professionals with experience working in industries such as financial services government and policy journalism and consultancy participated in conversations with the authors about their careers The valuable insights and advice they shared are included throughout the book and full video interviews can be found either in the e book version of this title or with the accompanying online resources Digital formats and resources This book is available for students and institutions to purchase in a variety of formats and is supported by online resources The e book offers a mobile experience and convenient access along with video content capturing conversations between the authors and practitioners and links that offer extra learning support www.oxfordtextbooks.co.uk/ebooks

Lethal Logic Dennis A. Henigan, 2009-06-30 Guns don t kill people people kill people When guns are outlawed only outlaws will have guns An armed society is a polite society Who hasn t heard these engaging assertions time and time again Burned into the national consciousness by years of targeted disciplined messaging by the National Rifle Association and others they are just a few of the bumper sticker slogans that have defined the gun control debate in America Long ridiculed by gun control advocates they are the first words that come to

mind for most Americans when the gun issue is discussed This is the first book both to acknowledge the profound and deadly impact of the gun lobby s bumper sticker logic on the gun control debate and to systematically expose the misguided thinking at the core of the pro gun slogans Indeed the author contends that the gun lobby s remarkable success in blocking passage of lifesaving gun laws is the result in large part of its relentless and effective use of these simple and resonant messages Their persuasive power has been a largely ignored influence on the current politics of gun control in which the gun lobby wields unprecedented power in the Republican Party while many Democratic Party leaders see the policy benefits of stronger gun laws as not worth the political risk of standing up to the NRA The book contends that the current political stalemate over guns will never be broken until the pro gun slogans are exposed as the cleverly disguised fallacies that they are

Contending Perspectives in Economics John T Harvey, 2015-01-30 This accessible book provides a non technical yet rigorous introduction to the various competing schools of thought in economics including Neoclassical Marxist Austrian Post Keynesian Institutional New Institutional and Feminist The unique Denken wie der Feind - Teil 2 Lars Schall, 2021-04-11 Denken wie der Feind Teil 2 ist eine Monografie zu den Angriffen vom 11 September 2001 und dem daraus resultierenden globalen Krieg gegen den Terror Minuti s recherchiert und dokumentiert pr sentiert es etliche L cken in der offiziellen Version der Ereignisse und tr gt Informationen zusammen welche so noch nie in Deutsch zur Verf gung standen beispielsweise im Zusammenhang mit der Tatsache dass in den USA seit 9 11 ein permanenter Notstand besteht der das amerikanische Verfassungssystem teilweise aushebelt Ausf hrlich kommen zahlreiche nordamerikanische Experten zu Wort viele von ihnen erstmals berhaupt in deutscher Sprache
