**Silver Lining** Kamal Shah,2023-05-22 In 1997 Kamal Shah s world turned upside down On his way to study in the US

Shah was completing the formalities for a student visa which included preventive vaccinations for hepatitis typhoid measles mumps and rubella He developed a slight fever following his shots which he dismissed as a normal side effect Within twenty four hours Shah was forced to rethink His condition deteriorated overnight prompting an emergency rush to the hospital Further tests revealed the unimaginable an atypical hemolytic uremic syndrome AHUS Kamal needed a kidney transplant A year of painful haemodialysis later Kamal underwent a renal transplant His mother had donated her kidney to her son in the hope that he could survive The surgery was unsuccessful In the last decade and a half Kamal has switched between peritoneal and home dialysis It has been a painful terrifying journey documented painstakingly on his personal blog That blog was the kernel for NephroPlus a company that was born from Kamal s desire to ensure that dialysis became accessible for every patient Kamal Shah is still on dialysis but it has not dimmed his hope or his belief that being diagnosed with terminal kidney disease is not the end of life nor can it prevent you from living the life you want to live That hope has been the driving force behind NephroPlus Today NephroPlus is one of Asia s leading dialysis networks with 320 centres across 4 countries including India Nepal the Philippines and Uzbekistan Since NephroPlus offers specialized dialysis one factor that has been responsible for the overwhelming response has been their charges which are 30 40 per cent lower than those in hospitals like Max or Apollo This is the story not just of NephroPlus but of an entrepreneur like no other This is a unique business memoir with a strong moving touch of the deeply personal Kamal writes with raw honesty about pain and fear and the darker side of healthcare in India Yet this is also a story of faith of grit and determination and ultimately of success
