Political Poetry as Discourse Angela M. Leonard, 2010-01-01 Political Poetry as Discourse examines the works of the political poets John Greenleaf Whittier and Ebenezer Elliott drawing comparisons to contemporary hip hoppers who take their words from local newspapers and other discursive sources that they read hear and observe Local presses and news vehicles stand as cultural material forms that supply poets with words particularly words that congeal into patterns of language allowing the creation of a poetic discourse As readers of these poets apply techniques and theories of discourse analysis they reveal how poets borrow lift hijack or resituate words from one or more different genres to use as tools of political change Leonard engages with the critical toolboxes of content analysis semiosis and deconstruction to demonstrate how to critically investigate and interrogate the images sounds and words not just of politically engaged poets but also of any disseminator of culture and news Moving beyond theory into praxis this book becomes a model of its own transgressive premise by thinking analyzing writing and teaching against the grain Its focus on language as unbounded discourse makes this book a relevant and insightful demonstration in democratic pedagogy and in teaching for transformation **Rosa Parks** Joyce A.

and events that shaped and were shaped by her Readers will see in Parks not an inadvertent tripwire of history but a woman whose lifelong struggle against racism led her inexorably to a moment where she took a courageous stand by sitting down and not moving

Racism in American Public Life Johnnetta Betsch Cole, 2021-02-16 For some in our society diversity is a threat Others feel society should be more inclusive if only out of fairness But as Johnnetta Cole argues in her new book embracing diversity and inclusiveness is more than a virtuous ideal it is essential to a healthy productive society Focusing on higher education and other arenas of cultural development Cole explores our institutions vulnerability to the influence of racism and the wider implications for American society At the core of Cole s argument is the belief that increasing the representation of historically marginalized groups on college campuses and in museums media and other institutions is like the liberal arts vitally important to social progress Accompanying Cole s urgent calls to implement social change are vividly rendered experiences from her own remarkable life Cole issues a challenge for courageous conversations about race and racism and places unique responsibility and accountability on institutions of higher education in leading these conversations

Abolishing White Masculinity from Mark Twain to Hip-hop Stephany Rose, 2014-03-25 *Abolishing White Masculinity from Mark Twain to Hip-hop* examines white American male literature for its social commentary on the construction of whiteness in the United States. Whiteness has always been a contested racial identity in the U.S., one in a state of construction and reconstruction throughout critical cultural and historical moments. This text examines how white American male writers have grappled with understanding themselves and their audiences as white beings. *Abolishing White Masculinity from Mark Twain to Hip-hop* specifically brings a critical whiteness approach to American literary criticism and strengthens the growing interdisciplinary field of critical whiteness studies in the humanities. Critical whiteness studies shifts the attention from solely examining people and perspectives of color in race discourse to addressing whiteness as an essential component of race ideology. The primary contribution of this perspective is in how whites construct and see whiteness for the larger purpose of exploring the possibilities of how they may come to no longer construct and see themselves through whiteness. Understanding this is at the heart of contemporary discussions of post-raciality. *Abolishing White Masculinity from Mark Twain to Hip-hop* uses the following texts as canonical case studies: *Pudd'n Head Wilson* and *Those Extraordinary Twins* by Mark Twain; *The Great Gatsby* and *The Beautiful and the Damned* by F. Scott Fitzgerald; *Angry Black White Boy* and *The End of the Jews* by Adam Mansbach. Each underscores the dialectic of formation, deformation, and reformation of whiteness at specific socio-historical moments based upon anxieties about race possessed by whites and highlighted by white fictionists. The selected writers ultimately serve dually as co-constructors of whiteness and social critics of their times through their literature.
