**Virittäjä**, 2003     **A Grammar Book of Finnish** Leila White, 2006     Finnische Grammatik Martin PUTZ, 2008-04-19 Die Finnische Grammatik versucht sprachhistorische Ansätze für Finnisch Lernende fruchtbar zu machen und dadurch die komplexe und unregelmäßige Formenlehre sowie die zuweilen unlogisch wirkende Satzlehre verständlicher und leichter erlernbar zu machen     Teaching Hungarian in Austria Johanna Laakso, 2008 The Department of Finno-Ugric Studies at the University of Vienna is the only university institute in Austria where Hungarology is taught and the only institution outside the Hungarian speaking area where teachers of Hungarian are educated The problems of teaching Hungarian in Vienna however are not unique for this reason this collection of symposium proceedings includes contributions not only by experts of Hungarian language teaching but also by other professionals of applied linguistics non-Indo-European and minority languages     **A Grammar Book of Finnish** Leila White, 2019     **Colonial Aspects of Finnish-Namibian Relations, 1870-1990** Leila Koivunen, Raita Merivirta, 2024-06-27 This edited collection re-examines the long history of Finnish Namibian relations through the lens of colonialism without colonies as well as anti-colonialism The book argues that although Finland never acquired colonies Namibia was once treated in the areas of culture and knowledge formation in a manner now recognised as colonial Namibian people's ways of being in the world was transformed when the Finnish Missionary Society started its work in Owambo in 1870 and introduced Christianity and European modes of education medicine material culture and social practices In time cultural colonialism faded and during the Namibian struggle for independence from South African rule in 1966-1990 Finns took an actively anti-colonial approach The book was written as a collaborative effort of Namibian Finnish and South African scholars     **Suomen kirjallisuus**, 1998     SILTA, 2001     **The Need to Help** Liisa H. Malkki, 2015-09-03 In *The Need to Help* Liisa H. Malkki shifts the focus of the study of humanitarian intervention from aid recipients to aid workers themselves The anthropological commitment to understand the motivations and desires of these professionals and how they imagine themselves in the world out there led Malkki to spend more than a decade interviewing members of the international Finnish Red Cross as well as observing Finns who volunteered from their homes through gifts of handwork The need to help she shows can come from a profound neediness the need for aid workers and volunteers to be

part of the lively world and something greater than themselves and in the case of the elderly who knit trauma teddies and aid bunnies for needy children the need to fight loneliness and loss of personhood In seriously examining aspects of humanitarian aid often dismissed as sentimental or trivial Malkki complicates notions of what constitutes real political work She traces how the international is always entangled in the domestic whether in the shape of the need to leave home or handmade gifts that are an aid to sociality and to the imagination of the world □□□□□□□□□□□□ □□□□,2007-10-10 *New information subjects in L2 acquisition: evidence from Italian and Finnish* Dal Pozzo, Lena,2015-11-30 Recent work on second language acquisition within the generative framework has pointed out interfaces syntax discourse syntax semantics etc as a residual domain of vulnerability in L2 Rather than in core syntax it is at the interface level that the divergence between native and non native grammars has been shown to be more prominent In this book the investigation of answering strategies and the focalization of new information subjects which require access to the syntax discourse interface will be pursued Data is collected through an oral elicitation task on Finnish and Italian a rather unexplored language pair in various stages of language development advanced and intermediate L2 acquisition L1 under L2 attrition early bilingualism child monolingual L1 development *National Union Catalog, 1982 ,1983* *Bibliographie linguistique de l'année 1997/Linguistic Bibliography for the Year 1997* Mark Janse,Sijmen Tol,2001-12-31 *Bibliographie linguistique* Linguistic Bibliography is the annual bibliography of linguistics published by the Permanent International Committee of Linguists under the auspices of the International Council of Philosophy and Humanistic Studies of UNESCO With a tradition of more than fifty years the first two volumes covering the years 1939 1947 were published in 1949 1950 *Bibliographie linguistique* is by far the most comprehensive bibliography in the field It covers all branches of linguistics and related disciplines both theoretical and descriptive from all geographical areas including less known and extinct languages with particular attention to the many endangered languages of the world Up to date information is guaranteed by the collaboration of some fifty contributing specialists from all over the world With over 23 000 titles arranged according to a detailed state of the art classification *Bibliographie linguistique* remains the standard reference book for every student of language and linguistics **Finnish Colonial Encounters** Raita Merivirta,Leila Koivunen,Timo Särkkä,2022-01-01 Breaking new ground in the study of European colonialism this book focuses on a nation historically positioned between the Western and Eastern Empires of Europe Finland Although Finland never had overseas colonies the authors argue that the country was undeniably involved in the colonial world with Finns adopting ideologies and identities that cannot easily be disentangled from colonialism This book explores the concepts of colonial complicity and colonialism without colonies in relation to Finland a nation that was oppressed but also itself complicit in colonialism It offers insights into European colonialism on the margins of the continent and within a nation that has traditionally declared its innocence and exceptionalism The book shows that Finns were active participants in various colonial contexts including Southern Africa and S pmi in the North Demonstrating that colonialism

was a common practice shared by all European nations with or without formal colonies this book provides essential reading for anyone interested in European colonial history Chapters 1 7 and 8 are available open access under a via link [springer.com](https://www.springer.com)
