

The 1-10 group designation has been recommended by the International Union of Pure and Applied Chemistry (IUPAC)¹ but is not yet in wide use. In this text we use the standard U.S. notation for group numbers (IA-4A and 1B-4B). No names have been assigned for elements 113-116. In 2011, IUPAC² revised the names of some elements. The changes are minor and they are not adopted in the present edition of the text.
