the perpetual tug of war between these opposing forces during Bardon's lifetime To put it bluntly grasping something of Hitler and the Nazis is essential to understanding Bardon and the work undertaken by him and his associates during that era The dominion wielded by Hitler over an entire nation becomes clear to those who have delved into Bardon's life and teachings Within the unveiled mysteries it becomes evident how power can be acquired and employed to achieve remarkable outcomes These mysteries much like life itself can be harnessed for both creation and destruction construction and annihilation joy and mourning Within this narrative you will discover a roadmap to fathom the age old struggle Franz Bardon born in December 1909 and tragically passing away in prison in July 1958 left behind a legacy that continues to inspire and inform May you uncover numerous blessings within the pages of this life story **The Divine Plan** Ray del Sole, 2011-11-27 For the genuine spiritual seeker This book unveils the Divine Plans for human evolution for mankind and creation It is time to remember our spiritual origins and to awake from the nightmares of materialism It is time to restore the divine order Indeed it is time for a new spiritual society and a new form of holistic education A single candle can bring light into darkness But when many candles get together then the light shines bright and darkness vanishes So let's gather the spiritual light love and wisdom for a better future Let us fulfill the Divine Plans Sex Magicians Michael William West, 2021-03-02 Explores the background and sexual magical beliefs of Paschal Beverly Randolph Ida Craddock Aleister Crowley Maria de Naglowska Austin Osman Spare Julius Evola Franz Bardon Jack Parsons William S Burroughs Marjorie Cameron Anton LaVey and Genesis P Orridge Details the life of each sex magician how they came to uncover their occult practice and most importantly how the practice of sex magic affected their lives Offering a fascinating introduction to the occult practice of sex magic in the Western esoteric tradition Michael William West explores its history from its reintroduction in the early 19th century via Paschal Beverly Randolph to the practices influence and figureheads of the 20th and 21st century such as Anton LaVey founder of the Church of Satan and Genesis P Orridge founder of Thee Temple ov Psychick Youth Focusing on 12 influential sex magicians some well known and some who have remained in obscurity West details the life of each sex magician and how the practice of sex magic affected their lives He explains how most of the figures presented in the book used sex magic as a means rather than an end utilizing their practice to enhance and enrich their life's work whether in the arts sciences or as a spiritual leader He examines what is known about Paschal Beverly Randolph the founding father of modern sex magic explores the tragic and mystical life of Ida Craddock and discusses in depth iconic figures like Aleister Crowley and Austin Osman Spare who saw sex magic as a source of artistic power and is now seen as a prophet of the chaos magick movement Other sex magicians explored deployed magic to drive themselves to the highest echelons of achievement in literature William S Burroughs in music Genesis P Orridge and in science Jack Parsons who openly used magic while making unconventional breakthroughs in rocket science The author also examines Maria de Naglowska Julius Evola Franz Bardon Marjorie Cameron and Anton Szandor LaVey While these sex magicians each followed a different spiritual path and had

The M.A.I.A. Journey Tamara,2014-12-09 Alternating back and forth between spirit and matter between subject and object between the many levels of vibration this book is a fragment of my own never ending quest and of my experience alive and therefore limited and subject to change It is an attempt to share what I have discovered so far using the weapons of a seeker tired of dogmas opinions and impressions amongst truths hidden in old sayings or fragments of ancient texts by personal revelations based on understanding comparison and logic and by applying the Universal Laws to the nature of things The desire for knowledge is not a light burden it is not easy to want to know and hold on to your goal while going through times when the constant occultation of the answers generates a dose of frustration that goes beyond human endurance Moreover it is not easy to share your findings with the world without being considered at least a lunatic particularly when those findings tend to break well rooted patterns and tear away the ego The Maia Journey even though so amazing in its uniqueness for each individual has a pattern which I have tried to outline in this book To those on a personal quest it will be a useful tool to others just another reading To me it is Manifesting Awareness Inside the All Tamara

these Rites within Gardnerian Wicca this book alone can help those interested in this Path in completely avoiding the mass produced watered down dreck that passes for mainstream witchcraft books ombre portee com *Initiation Into Hermetics* Franz Bardon,2014-06 Initiation into Hermetics is the first and most important of Franz Bardon's works and is rightly regarded as the cornerstone of his entire opus In contrast to other books on the subject of magic Bardon focuses his attention on the practical training necessary for all true magical attainment Using the four elements of fire water air and earth as a foundation Bardon teaches the student how to master these universal forces in the three worlds of body soul and spirit Bardon leads the student step by step through exercises providing detailed training in the entire arcanum of magic from basic techniques in thought control to advanced teachings in astral travel and much more No other writer has ever developed such a clear concise and practical program of magical development A Course of Instruction of Theory & Practice of Magic+ Magical Evocation + Magical Words Franz Bardon,2021-01-19 This volume contains all three books of theoretical and practical use by Franz Bardon Franz Bardon needs no introduction in the field of Magic Evocation occultism practical use of the first three tarot cards use of magical words and letters A Course of Instruction of Theory Practice of Magic Magical Evocation Magical Words Anyone who should believe to find in this work nothing else but a collection of recipes with the aid of which he can easily and without any effort attain to honor and glory riches and power and aim at the annihilation of his enemies might be told from the very inception that he will put aside this book being very disappointed Numerous sects and religions do not understand the expression of magic otherwise than black art witchcraft or conspiracy with evil powers It is therefore not astonishing that many people are frightened by a certain horror whenever the word magic is pronounced Jugglers conjurers and charlatans have discredited this term and considering this circumstance there is no surprise that magic knowledge has always been looked upon with a slight disregard Even in the remotest times the MAGUS has been regarded as one of the highest adepts and it might be of interest to learn that as a matter of fact the word magic is derived from this word The so called sorcerers are by no means initiates but only imitators of the mysteries who counting partly on the ignorance and partly on the credulity of the individuality or a whole nation in order to reach their selfish aims by lies and fraud The true magician will always despise such practices In reality magic is a sacred science it is in the very true sense the sum of all knowledge because it teaches how to know and utilize the sovereign rules There is no difference between magic and mystic or any other conception of the name Wherever authentic initiation is at stake one has to proceed on the same basis according to the same rules irrespective of the name given by this or that creed Considering the universal polarity rules of good and evil active and passive light and shadow each science can serve good as well as bad purposes Let us take the example of a knife an object that virtually ought to be used for cutting bread only which however can become a dangerous weapon in the hands of a murderer All depends on the character of the individual This principle goes just as well for all the spheres of the occult sciences In my book I have chosen the term of magician for all of my disciples it being a

symbol of the deepest initiation and the highest wisdom Many of the readers will know of course that the word tarot does not mean a game of cards serving mantical purposes but a symbolic book of initiation which contains the greatest secrets in a symbolic form The first tablet of this book introduces the magician representing him as the master of the elements and offering the key to the first Arcanum the secret of the ineffable name of Tetragrammaton the quabbalistic Yod He Vau He Here we will therefore find the gate to the magician s initiation The reader will easily realize how significant and how manifold the application of this tablet is Not one of the books published up to date does describe the true sense of the first Tarot card so distinctly as I have done in my book It is let it be noted born from the own practice and destined for the practical use of a lot of other people and all my disciples have found it to be the best and most serviceable system Tetragrammaton literally means the four letter word It was a subterfuge to avoid the sin of uttering the sacred name YHVH Yahveh or Jehova as it later became when the vowels of another word were combined with the consonants of YHVH But I would never dare to say that my book describes or deals with all the magic or mystic problems If anyone should like to write all about this sublime wisdom he ought to fill folio volumes It can however be affirmed positively that this work is indeed the gate to the true initiation the first key to using the universal rules I am not going to deny the fact of fragments being able to be found in many an author s publications but not in a single book will the reader find so exact a description of the first Tarot card I have taken pains to be as plain as possible in the course of the lectures to make the sublime Truth accessible to everybody although it has been a hard task sometimes to find such simple words as are necessary for the understanding of all the readers I must leave it to the judgment of all of you whether or not my efforts have been successful At certain points I have been forced to repeat myself deliberately to emphasize some important sentences and to spare the reader any going back to a particular page There have been many complaints of people interested in the occult sciences that they had never got any chance at all to be initiated by a personal master or leader guru Therefore only people endowed with exceptional faculties a poor preferred minority seemed to be able to gain this sublime knowledge Thus a great many of serious seekers of the truth had to go through piles of books just to catch one pearl of it now and again The one however who is earnestly interested in his progress and does not pursue this sacred wisdom from sheer curiosity or else is yearning to satisfy his own lust will find the right leader to initiate him in this book No incarnate adept however high his rank may be can give the disciple more for his start than the present book does If both the honest trainee and the attentive reader will find in this book all they have been searching for in vain all the years then the book has fulfilled its purpose completely The Author **The Study of Witchcraft** Deborah Lipp,2007-10-01 The Study of Witchcraft is a compendium for Wiccans who want to deepen their understanding of their traditions The Study of Witchcraft reaches beyond Wicca delving into topics as diverse as history psychology divination and lucid dreaming The Study of Witchcraft introduces the reader to these topics discussing each in depth and offering a one of a kind course of study including recommended reading offering readers increasingly solitary

witches a self study guide and a rich resource The Study of Witchcraft includes information for all sorts of Wiccans traditional eclectic radical groups and solitary Wide ranging topics also include Western occultism myth and folklore meditation astrology the Burning Times history herbalism and much more Deborah Lipp opens the book with a discussion of the past 40 years of Wiccan history and talks about the diverse people who call themselves Wiccans Then throughout the study guide portion she offers information tailored to different types of Wiccans Essentially The Study of Witchcraft is a veritable master s degree in Wicca in book form Written for the needs of the modern wiccan who learns primarily by self study Written by a noted and respected author whose work is already used in study groups **The Servant of the Light ,**

Yours Very Truly Gareth Knight Gareth Knight,2010 Selected letters of occult author Gareth Knight written over a period of forty years and to over seventy different people These include learned discourse with academics exchanges of strange experiences with esoteric colleagues and advice to seekers trying to find their path The letters reveal extraordinary entertaining and personal details of the life and work of a contemporary occultist One fault of many occult students is to read too much all too often the new student is so interested in reading the latest thing that he never gets round to actually doing any of it I suppose you can at least feel what it is like to be a lone voice crying in the wilderness I think even John the Baptist in time would have packed up his traps said Sod it or Sod them and gone home maybe to start a locust and wild honey farm Your remark that the devil works by compromise and subtlety is altogether too glib a simplification He works equally well through uncompromising principles very often The thing that bothers me though is your preoccupation with the insinuations of the devil which seems at times to verge on old maid s insanity I get the impression I hope wrongly that I stand a good chance of being cast in the role of the serpent offering the poisoned or forbidden fruit **Hexenzyklus** Magir

Frabato the Magician Franz Bardon, 2015-02 Though cast in the form of a novel Frabato the Magician is in fact the spiritual autobiography of Franz Bardon one of the twentieth century's greatest Hermetic adepts Frabato was the author's stage name during his career as a performing magician and it is Frabato who occupies center stage in the novel as well Set in Dresden Germany in the early 1930s the story chronicles Frabato's magical battles with the members of a powerful and dangerous black lodge his escape from Germany during the final desperate days of the Weimar Republic and the beginning of his spiritual mission which was to culminate in Franz Bardon's classic books on Hermetic magic More than just an occult novel Frabato the Magician is itself a work of magic which illuminates Bardon's other books as well as providing a revealing look into the dark occult forces which lay behind the rise of the Third Reich
