Becoming Successful (Harvesting Your Success) Gaddiel R. Ackah, 2021-07-15 Conclusion When moments pass in our lives and we realize that our lives mismatch the life we imagined in our past its better we change our current choices decisions and dreams so that we can enjoy better life in future because everything you are doing now reflects your life in the future We reap what we sow Successful life is never a mere hoping and wishing but it s about active doing active determination and active becoming by sowing meaningful big dreams and investments today to get meaningful life tomorrow Becoming successful is not limited to age location or education It is only limited to I won t Success depends on principles and positive use of your brain The human brain including yours are the storehouse of all the magic we need to heal all the

wounds of unsuccessful lives in our world Just change your altitude and take first step to begin something now and you will enjoy success as J K Rowling said We do not need magic to transform our world We carry all of the powers we need inside ourselves already It s never too late too young or too old to begin planning your future from now and get started all over by dreaming newer goals and possibilities today for a better future Officer Ackah using practical examples prompts readers that the great technological and infrastructural advancements and positions in the United States and elsewhere did not magically fall from the sky but they were created by the positive application of the minds of ordinary people like you This book helps you to change your altitudes thinking and get started to create unimaginable successes advancements and positions in our world to place you on top and you will become the topic of remembrance Officer Ackah speaking from personal experiences of victory and success from both the civilian and military points has provided the positive passionate practical and possible principles to arouse your appetite for creating unbelievable successes to change your life exceptionally and to effect inimitably the transformation of our world Gaddiel R Ackah is encouraging readers in finding freedom in their lives to overcome the three mistakes that block successful living fear to identify one s purposes in life ignorant of how powerful their brain can work to change things and the misunderstanding of creating desirable successes He prompts that you are not living to tiptoe and die but to achieve your dreams by your positive and courageous daily choices and investments When life is not okay but you are struggling in life this book is for you to reexamine and change your goal job title and social status 2 2 A Multidimensional Perspective on Corruption in Africa Sunday Bobai Agang,Chris Jones,Pregala Pillay,2019-11-15 This book brings together a number of African anti corruption policy makers from across different academic disciplines religions and generations It engages in processes of economic social and political transformation to eliminate poverty and inequity through individual and institutional means Through historical and contemporary perspectives on authority structures institutionalised myths beliefs and rituals of authority the volume explores how to correctly mobilise and influence citizens behaviour and attitudes towards accountability transparency and probity all of which are key to strengthening national integrity systems all over Africa and are needed for equity and sustainable development The book strongly advocates that corruption is everybody s business All the chapters in some way commemorate the inaugural anti corruption year of the African Union in 2018 by interrogating how mechanisms to eliminate inequity and poverty can be built in Africa **The Informal Economy** Ioana Horodnic,Peter Rodgers,Colin Williams,Legha Momtazian,2017-09-22 During much of the twentieth century informal employment and entrepreneurship was commonly depicted as a residue from a previous era Its continuing presence was seen to be a sign of backwardness whilst the formal economy represented progress In recent decades however numerous studies have revealed not only that informal employment is extensive and persistent but also that it is growing relative to formal employment in many populations Whilst in the developing world the informal economy is often found to be the mainstream economy nevertheless in the developed world too informality is currently still estimated to account for notable per cent of

GDP The Informal Economy Exploring Drivers and Practices intends to engage with these issues providing a much need contextualised approach to explain the persistence and growth of forms of informal economic practices and entrepreneurial activities in the twenty first century Using a diverse range of empirical case studies from Europe Africa North Africa and Asia this book unpacks the different varieties of forms of informal work and entrepreneurship and provides a critical analysis of existing theorisations used to explain such phenomena This book s aim is to examine the nature and persistence of informal work and entrepreneurship across a variety of empirical settings from within the developed world the developing world and within transformation economies within post socialist spaces Given its worldwide interdisciplinary and multidisciplinary approach and recent interest in the informal economies by a number of disciplines and organisations this book will be of vital reading to those operating in the fields of Economics political economy and management Human and economic geography and Economic anthropology and sociology as well as development studies

Cultural Understanding of Soils Nikola Patzel,Sabine Grunwald,Eric C. Brevik,Christian Feller,2023-09-22 Cultural understandings of soil are diverse and often ambiguous Cultural framing of soils is common worldwide and is highly consequential The implications of what place the earth has in people s world view and everyday life can be in line with or in conflict with natural conditions with scientific views or with agricultural practices The main assumption underlying this work is that soil is inescapably perceived in a cultural context by any human This gives emergence to different significant webs of meaning influenced by religious spiritual or secular myths and by a wide range of beliefs values and ideas that people hold in all societies These patterns and their dynamics inform the human soil relationship and how soils are cared for protected or degraded Therefore there is need to deal inter culturally with different sources and types of knowledge and experience regarding soil a need to cultivate soil awareness and situationally appropriate care through inter and intra cultural dialogues and learning This project focuses on the human and intangible dimensions of soil To serve this aim the International Union of Soil Sciences IUSS founded a working group on Cultural Patterns of Soil Understanding that has resulted in this book which presents studies from almost all continents written by soil scientists and experts from other disciplines A major objective of this project is to promote intercultural literacy that gives readers the opportunity to appreciate soil across disciplinary and cultural boundaries in an increasingly globalized world

Creative Morality Don MacNiven,2023-04-21 Creative Morality is a philosophical study of moral dilemmas Western moral thought has relied on two basic ethical perspectives Utilitarianism and Kantianism to resolve dilemmas MacNiven argues that no real progress can be made with modern moral problems unless these traditions are coherently synthesised The book deals with diverse topics such as academic honesty medical confidentiality terrorism and euthanasia and the hypothetical dilemmas used are based on real life situations so that theory might be tested against reality Yet the solutions are not definitive because as MacNiven demonstrates creativity is an intrinsic characteristic of moral thought

Conceptual Economics: The Liaising Role In Politics And Social Sciences Kui-wai Li,2021-01-18 Given that there

is no shortage of economic theories while economic problems are growing periodically Conceptual Economics boldly attempts to initiate a new approach by employing conceptual and intuitive tools to examine the intra relationship between microeconomics and macroeconomics as well as the inter relationship between economic analysis and other social science studies especially the relationship with political science The few intuitive ideas include the separation between ex ante situations and ex post outcomes the difference between endowment differences and unequal outcomes and the role of economics as a vehicle in the delivery of numerous social and political activities The discussion extends to cover an analysis on human values and concludes with a recommendation on the functionality of civic capitalism With intuition and analytical reasoning within economics and with other social sciences Conceptual Economics can become a new branch in economic study where scholars analysts and intellectuals could think outside the box by liaising a wider economic perspective and or amalgamating non economic aspects into their analysis This shall provide a new dimension to solving human economic problems and possibly area of intellectuality

Covid-19 and the Dialectics of Global Pandemics in

Africa Munyaradzi Mawere, Bernard Chazovachii, 2021-10-01 The prevalence of global pandemics has been timeless and universal In 1918 the Spanish Flu grounded Spain and her neighbours In 1997 2014 and 2020 the Ebola virus wreaked havoc in West Africa in the same manner that polio had ravaged the globe Since 2019 the Coronavirus has forced most economies onto a downward spiral Despite concerted global attempts at observing World Health Organization guidelines the Coronavirus has been changing peoples lives forcing most economies onto their knees endangering lives and livelihoods making a mockery of global medicine and causing the widespread despair and helplessness that has come to be known as the new normal Unlike the other pandemics the mayhem complexities and dialectics caused by Covid 19 have been matchless requiring a systematic study and necessitating a volume like this one The volume s 16 well researched chapters argue that despite Covid 19 s enormous lessons and predictions about even greater future pandemics humanity can ill afford to relent in its determination to conquer the pandemic in the same way that human resolve has defeated past pandemic As such the volume provides hope and direction to the global community on how best to deal with Covid 19 and pandemics of similar or even higher magnitude in the future

Biomedical Ethics (Volume 4 Part 2) Shiva Nath Prasad, Avinash Kumar Srivastava, Kumkum Sinha, 2018-01-01 The present book seeks and undertakes very clearly to deliberate and explain primarily what Bio Ethics is and what are the various dimensions of Bio Ethical discipline both as philosophy and science Some of the most glaringly contro versial Bio Ethical issues hover round it are like Euthanasia Abortion Cloning Female Foeticide Surrogacy Doctor Patient Relationship Bio technology and Ageing in its East West Perspectives which raise a storm over a cup of tea some such unwieldy questions not only of ethics morality but also pose questions of individual and social morality responsibility accountability liability liberty etc about the kind quality and sanctity of life one wishes to live that cannot be forcibly silenced arbitrarily without proper logic of conviction consistency transparency and openness which if not answered would result into social disquiet disequilibrium and anarchy
