Eyes On The Street The Life Of Jane Jacobs:

Eyes on the Street Robert Kanigel, 2016-09-20 The first major biography of the irrepressible woman who changed the way we view and live in cities and whose influence can still be felt in any discussion of urban planning to this day *Eyes on the Street* is a revelation of the phenomenal woman who raised three children wrote seven groundbreaking books saved neighborhoods stopped expressways was arrested twice and engaged at home and on the streets in thousands of debates all of which she won Here is the child who challenged her third grade teacher the high school poet the journalist who honed her writing skills at *Iron Age* Architectural Forum Fortune and other outlets while amassing the knowledge she would draw upon to write her most famous book *The Death and Life of Great American Cities* Here too is the activist who helped lead an ultimately successful protest against Robert Moses's proposed expressway through her beloved Greenwich Village and who in order to keep her sons out of the Vietnam War moved to Canada where she became as well known and admired as she was in the United States *Jane Jacobs is still here* Roberto Rocco, 2023-06-06 On the occasion of Jane Jacobs 100 anniversary the chair of Spatial Planning and Strategy of the Delft University of Technology together with the OTB Research Institute for the Built Environment and the Rotterdam Erasmus University College organised a two day conference on Jane Jacobs's legacy at TU Delft on 24-25 May 2016 This event was complemented one year later by a Jane Jacobs Year closing event We wished to celebrate the life and accomplishments of one of the most important urban thinkers of our time someone who has influenced generations of designers and planners and others concerned with the built environment the great Jane Jacobs This volume contains a number of papers presented at the celebratory conference held at TU Delft in May 2016 with six tracks coordinated by guest scholars Track 1 Jane Jacobs ethics and the just city Track 2 Jane Jacobs and Street Spaces Streets as public places Track 3 Jane Jacobs and the dynamics of neighbourhoods Track 4 Jane Jacobs and the Reshaping old urban fabrics in Chinese cities Track 5 Jane Jacobs and organised complexity Track 6 Jane Jacobs and safety in public space

Urban Life in Delhi Slums Pauline Dixon, Steve Humble, 2025-08-26 This book investigates urban life in the slums of Delhi demonstrating how individuals and communities self organise to solve problems that arise in their neighbourhoods Around one quarter of the world's urban population live in informal slum and squatter settlements representing a significant economic and cultural force Despite these settlements are often perceived as marginal homogenous places overlooking the resilience and agency of the diverse actors networks and social groups working collectively within them This book draws on extensive qualitative and quantitative data from squatter and resettlement colonies in and around Delhi foregrounding the voices of residents to build a bottom up picture of place and urban development The book analyses the contexts in which households operate within their communities and the adaptiveness of individuals living in different slum types with differing levels of governance In doing so the book demonstrates the effect which different institutional agreements and governance systems have on enterprise empowerment resilience trust dignity and engaging in life that has purpose and meaning This

book's detailed assessment of slum spaces and networks will be of interest to researchers across a range of fields including international development geography urban planning politics and sociology as well as to policy makers and civil society organisations

The City at Eye Level Meredith Glaser, 2012 Although rarely explored in academic literature most inhabitants and visitors interact with an urban landscape on a day to day basis is on the street level Storefronts first floor apartments and sidewalks are the most immediate and common experience of a city These plinths are the ground floors that negotiate between inside and outside the public and private spheres The City at Eye Level qualitatively evaluates plinths by exploring specific examples from all over the world Over twenty five experts investigate the design land use and road and foot traffic in rigorously researched essays case studies and interviews These pieces are supplemented by over two hundred beautiful color images and engage not only with issues in design but also the concerns of urban communities The editors have put together a comprehensive guide for anyone concerned with improving or building plinths including planners building owners property and shop managers designers and architects

Summary of Jane Jacobs's The Death and Life of Great American Cities Milkyway Media, 2024-01-25 Get the Summary of Jane Jacobs's The Death and Life of Great American Cities in 20 minutes Please note This is a summary not the original book Jane Jacobs The Death and Life of Great American Cities examines the complex social and urban fabric of cities emphasizing the importance of vibrant streets diverse communities and local self governance She critiques the failures of urban renewal which often exacerbates safety and community issues by misunderstanding the role of public spaces and informal surveillance Jacobs highlights the significance of eyes on the street where businesses and pedestrian activity contribute to safety and community trust

Contemporary Perspectives on Jane Jacobs Dirk Schubert, 2016-05-13 Jane Jacobs's famous book The Death and Life of Great American Cities 1961 has challenged the discipline of urban planning and led to a paradigm shift Controversial in the 1960s most of her ideas became generally accepted within a decade or so after publication not only in North America but worldwide as the articles in this volume demonstrate Based on cross disciplinary and transnational approaches this book offers new insights into her complex and often contrarian way of thinking as well as analyses of her impact on urban planning theory and the consequences for planning practice Now more than 50 years after the initial publication in a period of rapid globalisation and deregulated approaches in planning new challenges arise The contributions in this book argue that it is not possible simply to follow Jane Jacobs's ideas to the letter but instead it is necessary to contextualize them to look for relevant lessons for cities and planners and critically to re evaluate why and how some of her ideas might be updated Bringing together an international team of scholars and writers this volume develops conclusions based on new research as to how her work can be re interpreted under different circumstances and utilized in the current debate about the proclaimed millennium of the city the 21st century

Life Takes Place David Seamon, 2018-04-19 Life Takes Place argues that even in our mobile hypermodern world human life is impossible without place Seamon asks the question why does life take place He draws on

examples of specific places and place experiences to understand place more broadly Advocating for a holistic way of understanding that he calls synergistic relationality Seamon defines places as spatial fields that gather activate sustain identify and interconnect things human beings experiences meanings and events Throughout his phenomenological explication Seamon recognizes that places are multivalent in their constitution and sophisticated in their dynamics Drawing on British philosopher J G Bennett s method of progressive approximation he considers place and place experience in terms of their holistic dialectical and processual dimensions Recognizing that places always change over time Seamon examines their processual dimension by identifying six generative processes that he labels interaction identity release realization intensification and creation Drawing on practical examples from architecture planning and urban design he argues that an understanding of these six place processes might contribute to a more rigorous place making that produces robust places and propels vibrant environmental experiences This book is a significant contribution to the growing research literature in place and place making studies

Clean Living Under Difficult Circumstances Owen Hatherley, 2021-06-22 How to make a fairer more just city From the grandiose histories of monumental state building projects to the minutiae of street signs and corner caf s from the rebuilding of capital cities to the provision of the humble public toilet Clean Living under Difficult Circumstances argues for the city as a socialist project This essay collection spans a period from immediately before the 2008 financial crash to the year of the pandemic Against the business as usual responses to both crises Owen Hatherley outlines a vision of the city as both a venue for political debate and dispute as well as a space of everyday experience one that we shape as much as it shapes us Incorporated here are the genres of memoir history music and film criticism as well as portraits of figures who have inspired new ways of looking at cities such as the architect Zaha Hadid the activist and urbanist Jane Jacobs and thinkers such as Mark Fisher and Adam Curtis Throughout these pieces Hatherley argues that the only way out of our difficult circumstances is to imagine and try to construct a better modernity
