Philosophical Approaches to Cormac McCarthy Christopher Eagle, 2017-03-27 This book is the first edited collection to explore the role of philosophy in the works of Cormac McCarthy significantly expanding the scope of philosophical inquiry into McCarthy's writings. There is a strong and growing interest amongst philosophers in the relevance of McCarthy's writings to key debates in contemporary philosophy for example debates on trauma and violence on the relationship between language and world and the place of the subject within history temporality and borders. To this end the contributors to this collection focus on how McCarthy's writings speak to various philosophical themes including violence war nature history materiality and the environment. Emphasizing the form of McCarthy's texts the chapters attend to the myriad ways in which his language effects a philosophy of its own beyond the thematic content of his narratives. Bringing together scholars in contemporary philosophy and McCarthy Studies and informed by the release of the Cormac McCarthy Papers the volume reflects on the theoretical relationship between philosophical thinking and literary form. This book will appeal to all scholars working in the rapidly growing field of McCarthy Studies Philosophy and Literature and to philosophers working on a wide range of problems in ethics aesthetics epistemology Philosophy of Nature and Philosophy of Film across ancient modern and contemporary philosophy.

Awakening The Universal Heart Serge Beddington-Behrens, 2013-08-01 I invite you to come on a journey with me into one of the most important yet often most neglected dimension of yourself namely your heart. I want to help you discover as I have slowly been discovering that our hearts not only hold the key to our being able to live a fuller and more meaningful life but also to our being able to play a part in helping heal our planet. The change needed is a shift out of our primarily head focus into becoming increasingly heart centred where we are connected to our hearts and are potentially capable of moving mountains. We are only going to be good activists if we have plenty of heart in our lives if we are big hearted with a well activated Heart. A culture of Heart is vital if we are to heal the many wounds and splits that exist between different classes religions tribes.

and nations The book has been written from a place of great hope and joy based on knowledge that our world is changing and that the planetary heart is at last awakening Enshadowed Kelly Creagh,2012-08-28 The second book in a modern gothic romance trilogy channeling the dark brilliance of Edgar Allan Poe **A Philosophy of Madness** Wouter Kusters,2020-12-01 The philosophy of psychosis and the psychosis of philosophy a philosopher draws on his experience of madness In this book philosopher and linguist Wouter Kusters examines the philosophy of psychosis and the psychosis of philosophy By analyzing the experience of psychosis in philosophical terms Kusters not only emancipates the experience of the psychotic from medical classification he also emancipates the philosopher from the narrowness of textbooks and academia allowing philosophers to engage in real life praxis philosophy in vivo Philosophy and madness Kusters s preferred non medicalized term coexist one mirroring the other Kusters draws on his own experience of madness two episodes of psychosis twenty years apart as well as other first person narratives of psychosis Speculating about the maddening effect of certain words and thought he argues and demonstrates that the steady flow of philosophical deliberation may sweep one into a full blown acute psychotic episode Indeed a certain kind of philosophizing may result in confusion paradoxes unworldly insights and circular frozenness reminiscent of madness Psychosis presents itself to the psychotic as an inescapable truth and reality Kusters evokes the mad person s philosophical or existential amazement at reality thinking time and space drawing on classic autobiographical accounts of psychoses by Antonin Artaud Daniel Schreber and others as well as the work of phenomenological psychiatrists and psychologists and such phenomenologists as Edmund Husserl and Maurice Merleau Ponty He considers the philosophical mystic and the mystical philosopher tracing the mad undercurrent in the Husserlian philosophy of time visits the cloud castles of mystical madness encountering LSD devotees philosophers theologians and nihilists and falling to earth finds anxiety emptiness delusions and hallucinations Madness and philosophy proceed and converge toward a single vanishing point *The Nevermore Poe Collection* Edgar Allan Poe,Kelly Creagh,2012-01-17 Explore the world of Kelly Creagh s Nevermore through the work of her inspiration and muse the masterful Edgar Allan Poe Poe fans and Kelly fans alike can dive deeper into the world of Isobel Varen and Edgar Allan Poe with this special eBook collection which includes An introduction from Kelly Creagh 100 pages of Poe s stories and poems both those included in Nevermore and those that influenced Kelly in her writing A 100 page sample of Kelly Creagh s Nevermore **Caravaggio in Context** John F.
