The idea of freedom in Vargas Llosa's fiction Friedrich Ahnert, 2023-10-04 Mario Vargas Llosa's intellectual transformations from socialism to pragmatism and liberalism are reflected in his political and historical fiction From Sartrean anti authoritarianism in *La ciudad y los perros* to an increasingly liberal world view in *Cinco esquinas* El héroe discreto or *Travesuras de la niña mala* this monograph documents the Peruvian Nobel Prize winner's philosophical and literary journey

A Latin American Existentialist Ethos Stephanie Merrim, 2023-05-01 With their emphasis on freedom and engagement European existentialisms offered Latin Americans transformative frameworks for thinking and writing about their own locales In taking up these frameworks Latin Americans endowed them with a distinctive ethos a turn towards questions of identity and ethics Stephanie Merrim situates major literary and philosophical works by the existentialist Grupo Hiperión Rosario Castellanos Octavio Paz José Revueltas Juan Rulfo and Rodolfo Usigli within this dynamic context Collectively their writings manifest an existentialist ethos attuned to the matters most alive and pressing in their specific situations matters linked to gender Indigeneity the Mexican Revolution and post Revolution politics That each of these writers orchestrates a unique center of gravity renders Mexican existentialist literature an always shifting always passionate adventure A Latin American Existentialist Ethos takes readers on this adventure conveying the passions of its subjects lucidly and vibrantly It is at once a detailed portrait of twentieth century Mexican existentialism and an expansive look at Latin American literary existentialism in relation and opposition to its European counterparts **The Dissenting Voice** Martin S. Stabb, 2014-05-23

Political social and aesthetic change marked Latin American society in the years between 1960 and 1985 In this book Martin Stabb explores how these changes made their way into the essayistic writings of twenty six Spanish American intellectuals Stabb posits that dissent against ideology against simplistic notions of technological progress against urban values and even against the direct linear expository style of the essay itself characterizes the work of these contemporary essayists He draws

his examples from major canonical figures including Paz Vargas Llosa Fuentes and Cortázar and from lesser known writers who merit a wider readership such as Monterroso Zaid Edwards and Ibarra Engoitia This exploration overturns many conventional assumptions about Latin American intellectuals and also highlights some of the other achievements of authors famous primarily for novels or short stories *Latin American Adventures in Literary Journalism* Pablo Calvi, 2019-06-05

Latin American Adventures in Literary Journalism explores the central role of narrative journalism in the formation of national identities in Latin America and the concomitant role the genre had in the consolidation of the idea of Latin America as a supra national entity This work discusses the impact that the form had in the creation of an original Latin American literature during six historical moments Beginning in the 1840s and ending in the 1970s Calvi connects the evolution of literary journalism with the consolidation of Latin America's literary sphere the professional practice of journalism the development of the modern mass media and the establishment of nation states in the region **Perù frontiera del mondo.**
