**Generation Jobless?** P. Vogel, 2015-03-05 Offering guidance on the opportunities and threats for future generations and featuring interviews with business leaders this book provides a constructive look at change. It directs the youth to become job creators not job seekers and to approach the corporate and political worlds with an entrepreneurial mind set. *Resources in Education*, 1997

**A Question of Worth** Chris Steed, 2016-09-14 We live in a world that has become a resource a world conditioned by the progressive domination of a monetary scale applied across the board. Our value and worth are contingent upon what we earn on what we own. Amidst the increasing financialisation that characterises much of the globe the prevailing ethos is that the only values we can usefully measure are those that can be quantified and expressed in terms of economics. Yet economic value and the value of the human are closely connected. erode the economic and you erode the personal. In the global economic crash of recent years it has been people who have been under assault not just financial value. The vulnerability of a society shaped solely by economic and monetised transactions is exposed when the economy and the monetisation of everything fails. When the economic machine seizes up it is people who are devalued and dumped. Drawing upon his experience in government education and the Church the author asks: Must we be a market society as well as a market economy? Can we devise a non economic account of describing human value and worth? Christopher Steed argues that the really important issues that frame the contemporary human situation are those that cannot be measured. Quality is also vital to human flourishing what after all is wealth for? In this timely and important work the author calls for a wider concept of value one that encompasses both economic value and human value and for a society that cultivates the importance of the human.

**Distracted** James M. Lang, 2020-10-20 Keeping students focused can be difficult in a world filled with distractions which is why a renowned educator created a scientific solution to one of every teacher's biggest problems. Why is it so hard to get students to pay attention? Conventional wisdom blames iPhones insisting that access to technology has ruined students' ability to focus. The logical response is to ban electronics in class. But acclaimed educator James M. Lang argues that this solution obscures a deeper problem: how we teach is often at odds with how students learn. Classrooms are designed to force students into long periods of intense focus but emerging science reveals that the brain is wired for distraction. We learn best when able to actively seek and synthesize new information. In *Distracted* Lang rethinks the practice of teaching revealing how educators can structure their classrooms less as distraction free zones and more as environments where they can actively cultivate their students' attention. Brimming with ideas and grounded in new research *Distracted* offers an innovative plan for the most important lesson of all: how to learn.

*Battle for Bed-Stuy* Michael Woodsworth, 2016-06-06 In the 1960s Brooklyn's Bedford Stuyvesant neighborhood was labeled America's largest ghetto But its brownstones housed a coterie of black professionals intent on bringing order and hope to the community In telling their story Michael Woodsworth reinterprets the War on Poverty by revealing its roots in local activism and policy experiments

*Beyond Defeat and Austerity* David Bailey, Mónica Clua-Losada, Nikolai Huke, Olatz Ribera-Almandoz, 2017-09-22 Much of the critical discussion of the European political economy and the Eurozone crisis has focused upon a sense that solidaristic achievements built up during the post war period are being continuously unravelled Whilst there are many reasons to lament the trajectory of change within Europe's political economy there are also important developments trends and processes which have acted to obstruct hinder and present alternatives to this perceived trajectory of declining social solidarity These alternatives have tended to be obscured from view in part as a result of the conceptual approaches adopted within the literature Drawing from examples across the EU this book presents an alternative narrative and explanation for the development of Europe's political economy and crisis emphasising the agency of what are typically considered subordinate and passive actors By highlighting patterns of resistance disobedience and disruption it makes a significant contribution to a literature that has otherwise been more concerned to understand patterns of heightened domination exploitation inequality and neoliberal consolidation It will be of interest to students and scholars alike

**Capital and Politics** Greg Albo, Alfredo Saad-Filho, Nicole Aschoff, 2022-12 The 59th annual volume of the Socialist Register offers a careful political assessment of the organization and practices of the modern corporation that underpin the parameters of power in capitalist societies Original essays address the various mythologies of stakeholder governance beloved by liberal reformers and others take up the renewal of financial capital since the great crisis the continued centrality of the oil and extractive sectors to the world market and the global logistics

coordinating the circulation of capital New forms of worker organizing to match the ways new value is being produced and circulated are looked at across the volume notably in key firms like Amazon and in central zones of world capitalism in China the US and Brazil A special section honours and appraises the contribution of Leo Panitch to socialist analysis and strategy today back cover

*Decolonizing Solidarity* Clare Land, 2015-07-15 In this highly original and much needed book Clare Land interrogates the often fraught endeavours of activists from colonial backgrounds seeking to be politically supportive of Indigenous struggles Blending key theoretical and practical questions Land argues that the predominant impulses which drive middle class settler activists to support Indigenous people cannot lead to successful alliances and meaningful social change unless they are significantly transformed through a process of both public political action and critical self reflection Based on a wealth of in depth original research and focussing in particular on Australia where despite strident challenges the vestiges of British law and cultural power have restrained the nation s emergence out of colonizing dynamics *Decolonizing Solidarity* provides a vital resource for those involved in Indigenous activism and scholarship

**Unequal Profession** Meera E Deo, 2023-05-25 A study of the experiences of women of color law school faculty and the effect of race and gender on legal education This book is the first formal empirical investigation into the law faculty experience using a distinctly intersectional lens examining both the personal and professional lives of law faculty members Comparing the professional and personal experiences of women of color professors with white women white men and men of color faculty from assistant professor through dean emeritus *Unequal Profession* explores how the race and gender of individual legal academics affects not only their individual and collective experience but also legal education as a whole Drawing on quantitative and qualitative empirical data Meera E Deo reveals how race and gender intersect to create profound implications for women of color law faculty members presenting unique challenges as well as opportunities to improve educational and professional outcomes in legal education Deo shares the powerful stories of law faculty who find themselves confronting intersectional discrimination and implicit bias in the form of silencing mansplaining and the presumption of incompetence to name a few Through hiring teaching colleague interaction and tenure and promotion Deo brings the experiences of diverse faculty to life and proposes several mechanisms to increase diversity within legal academia and to improve the experience of all faculty members Praise for *Unequal Profession* Fascinating shocking and infuriating Meera Deo s careful qualitative research exposes the institutional practices and cultural norms that maintain a separate and unequal race gender order even within the privileged ranks of tenure track law professors With riveting quotes from faculty across a range of institutional and social positions *Unequal Profession* powerfully reminds us that we must do better I saw my own career in this book and you might too Angela P Harris University of California Davis A powerful account of inequality in legal academia Quantitative data and compelling narratives bring to life the challenges and roadblocks in gaining not just entry and tenure but also respect for the voices of minority women within the academy There are no easy remedies but reading this book is a good place to start for lawyers

and law professors to understand what minority women face and which practices can increase the odds of success Bryant G Garth University of California Irvine Unequal Profession should be mandatory reading for everyone in legal academia By providing concrete evidence of systemic discrimination Meera Deo illuminates a long standing problem needing to be remedied Sarah Deer University of Kansas
