Procurement No. 1156/2019

LABOUR PROCLAMATION

WHEREAS, it is essential to ensure worker-employer relations are governed by basic principles of rights and obligations with a view to enabling workers and employers to secure durable industrial peace, sustainable productivity, and competitiveness through cooperative engagement towards the all-round development of our country;

WHEREAS, it has been found necessary to lay down a working system that guarantees the rights of workers and employers to freely establish their respective associations and to engage, through their duly authorized representatives, in social dialogue and collective bargaining, as well as to draw up procedures for the expeditious settlement of labour disputes, which arise between them:

WHEREAS, there is a need to create favorable environment for investment and achievement of national economic goals without sacrificing fundamental workplace rights by laying down well considered labour administration; and determine the duties and responsibilities of governmental organs entrusted with the power to monitor labour conditions, occupational health and safety; and environmental protection together with bilateral and tripartite social dialogue mechanisms;

Ethiopian Labour Proclamation Amharic :

The Ethiopian Labour Movement Samuel Andreas Admasie, 2025-08-04 This book offers a comprehensive history of the Ethiopian labour movement exploring the impact of trade unions and workers militancy from the 1960s onwards The author analyses the sharp variation in the orientation and vicissitudes of the labour movement over time and how these have affected labour conditions and wages Drawing from new data gathered through extensive archival research in Ethiopia and abroad this book is the first of its kind It presents new datasets on strikes unrest and wage levels shedding light on how capitalist labour and industrial relations have developed in Ethiopia Addressing a huge gap in the literature on African labour movements this book makes a significant contribution to debates on trade unionism workers agency and wage determination in peripheral capitalist settings and challenges existing assumptions through detailed investigation *Advancing the Campaign Against Child Labor*, 2002 **Public Administration in Ethiopia** Bacha Kebede Debela, Geert

Bouckaert, Meheret Ayenew Warota, Dereje Terefe Gemechu, 2020-12-01 Building an effective inclusive and accountable public administration has become a major point of attention for policymakers and academics in Ethiopia who want to realise sustainable development This first handbook on Ethiopian Public Administration is written by Ethiopian academics and practitioner academics and builds on PhD studies and conference papers including studies presented at the meetings of the Ethiopian Public Administration Association EPAA established in 2016 Public Administration in Ethiopia presents a wide range of timely issues in four thematic parts Governance Human Resources Performance and Quality and Governance of Policies Each of the individual chapters in this volume contributes in a different way to the overarching research questions How can we describe and explain the contexts the processes and the results of the post 1990 politico administrative reforms in Ethiopia And what are the implications for sustainable development This book is essential for students practitioners and theorists interested in public administration public policy and sustainable development Moreover the volume is a valuable stepping stone for PA teaching and PA research in Ethiopia **Labor Law and Practice in the Empire of Ethiopia** Ann C. Suter, 1966 *Industrialization in Ethiopia: Awakening - Crisis - Outlook* Reimer Gronemeyer, Michaela Fink, 2023-11-23

Ethiopia though remaining one of the least urbanised countries in the world has taken impressive actions to transform the state into a more industrialized nation Several industrial parks have been built in recent years throughout the whole country The textile sector is one of these sectors The textile industry is expected to provide employment for hundreds of thousands and thus improve people's living conditions and contribute to the development of the country Major reason for Asian investors to shift their focus to Ethiopia are extremely low wages and the lower production costs involved The Ethiopian textile industry has to deal with high rates of labor turnover and absenteeism From the perspective of the mostly international managers the reason for turnover and absenteeism is often attributed to the mindset of the predominantly female workforce A research project financed by the German Bundesministerium für wirtschaftliche Zusammenarbeit und

Entwicklung is looking at reasons and possible measures to solve this problem Results of this project conducted at the University of Giessen by Michaela Fink and Reimer Gronemeyer together with Ethiopian colleagues are presented in this book Experts from Ethiopia and Germany are presenting the history of the textile industry in Ethiopia and the coming development All this is framed by the discussion of present crisis Covid 19 the war in Ethiopia Country Reports on Human Rights Practices ,1985 Separation of Powers in African Constitutionalism Charles M. Fombad,2016-03-03 The new series Stellenbosch Handbooks in African Constitutional Law will engage with contemporary issues of constitutionalism in Africa filling a notable gap in African comparative constitutional law Separation of Powers in African Constitutionalism is the first in the series examining one of the critical measures introduced by African constitutional designers in their attempts to entrench an ethos of constitutionalism on the continent Taking a critical look at the different ways in which attempts have been made to separate the different branches of government the Handbook examines the impact this is having on transparent and accountable governance Beginning with an overview of constitutionalism in Africa and the different influences on modern African constitutional developments it looks at the relationship between the legislature and the executive as well as the relationship between the judiciary and the political branches Despite differences in approaches between the different constitutional cultures that have influenced developments in Africa there remain common problems One of these problems is the constant friction in the relationship between the three branches and the resurgent threats of authoritarianism which clearly suggest that there remain serious problems in both constitutional design and implementation The book also studies the increasing role being played by independent constitutional institutions and how they complement the checks and balances associated with the traditional three branches of government **The Confederation of Ethiopian Labour Unions (C.E.L.U.) and Its First General Strike (March 7-11, 1974)** Emmanuel Fayessa Negassa,1977 **The Political Economy of Apparel Exporting Industrial Parks in Ethiopia** Mohammed Seid Ali,2024-07-14 This book discusses the maxim of industrialization with a human face or social upgrading which currently dominates the academic and actual policy discourses particularly in late comer economies of the Global South such as Ethiopia To understand industrialization with social upgrading in the current context of economic globalization characterized by the Global Value Chain GVC the book adopts the Human Rights HR perspective to labour relations and employs the Corporate Social Responsibility CSR approach to analyze the labour compliance of apparel exporting firms and their respective global brand buyers operating in Ethiopia s industrial parks The findings reveal that Ethiopia s post 2005 state led industrialization development path which has firmly embraced strong businessstate alliances has curbed the power of labour Further global brands flawed CSR and poor purchasing practices have contributed to the ongoing labour abuses in the country s industrial parks If the government does not consciously respond to the race to the bottom the cold current of economic globalization that dominates the global apparel value chain local industrial workers in Ethiopian industrial parks will continue to face

dismal working conditions The Gender Imperative Betty A. Reardon, Asha Hans, 2012-12-06 The book asserts that human security derives from the experience and expectation of human well being which depends on four essential conditions a life sustaining environment the meeting of essential physical needs respect for the identity and dignity of persons and groups protection from avoidable harm and expectations of remedy from them The book demonstrates their integral relationship to human security Patriarchy being the germinal paradigm from which most major human institutions such as the state the economy organised religions and social relations have evolved the book argues that fundamental inequalities must be challenged for the sake of equality and security The fundamental point raised is that expectation of human well being is a continuing cause of armed conflict which constitutes a threat to peace and survival of all humanity and human security cannot exist within a militarised security system The editors of the book bring together 14 essays which critically examine militarised security in order to find human security pathways show ways in which to refute the dominant paradigm indicate a clear gender analysis that challenges the current system and suggests alternatives to militarised security With a mix of female and male feminist scholar activists as contributors the book makes an important contribution to a new discourse on human security *Confronting Economic Insecurity in Africa* Rajendra Paratian, Sukti Dasgupta, 2005 Focuses on three themes the prevalence of basic socio economic security informalization and labour market security and the increasing marginalization of vulnerable groups *Reconfiguring Ethiopia: The Politics of Authoritarian Reform* Jon Abbink, Tobias Hagmann, 2016-04-22 This book takes stock of political reform in Ethiopia and the transformation of Ethiopian society since the adoption of multi party politics and ethnic federalism in 1991 Decentralization attempted democratization via ethno national representation and partial economic liberalization have reconfigured Ethiopian society and state in the past two decades Yet as the contributors to this volume demonstrate democracy in Ethiopia has not changed the authority structures and the culture of centralist decision making of the past The political system is tightly engineered and controlled from top to bottom by the ruling Ethiopian Peoples Revolutionary Democratic Front EPRDF Navigating between its 1991 announcements to democratise the country and its aversion to power sharing the EPRDF has established a de facto one party state that enjoys considerable international support This ruling party has embarked upon a technocratic developmental state trajectory ostensibly aimed at depoliticizing national policy and delegitimizing alternative courses The contributors analyze the dynamics of authoritarian state building political ethnicity electoral politics and state society relations that have marked the Ethiopian polity since the downfall of the socialist Derg regime Chapters on ethnic federalism revolutionary democracy opposition parties the press the judiciary state religion and state foreign donor relations provide the most comprehensive and thought provoking review of contemporary Ethiopian national politics to date This book is based on a special issue of the Journal of Eastern African Studies Catalog of African Government Documents Boston University.
