## **Famous Paintings:**

*Famous Works of Art—And How They Got That Way* John Nici, 2015-09-17 In a world filled with great museums and great paintings Leonardo da Vinci's Mona Lisa is the reigning queen Her portrait rules over a carefully designed salon one that was made especially for her in a museum that may seem intended for no other purpose than to showcase her virtues What has made this portrait so renowned commanding such adoration And what of other works of art that continue to enthrall spectators What makes the Great Sphinx so great Why do iterations of The Scream and American Gothic permeate nearly all aspects of popular culture Is it because of the mastery of the artists who created them Or can something else account for their popularity In *Famous Works of Art And How They Got That Way* John B Nici looks at twenty well known paintings sculptures and photographs that have left lasting impressions on the general public As Nici notes there are many reasons why works of art become famous few have anything to do with quality The author explains why the reputations of some creations have grown over the years some disproportionate to their artistic value Written in a style that is both entertaining and informative this book explains how fame is achieved and ultimately how a work either retains that fame or passes from the public consciousness From ancient artifacts to a can of soup this book raises the question Did the talent to promote and publicize a work exceed the skills employed to create that object of worship Or are some masterpieces truly worth the admiration they receive The creations covered in this book include the Tomb of Tutankhamun Botticelli's Birth of Venus Raphael's Sistine Madonna El Greco's The Burial of Count Orgaz Rodin's The Thinker Van Gogh's Starry Night and Picasso's Guernica Featuring more than sixty images including color reproductions *Famous Works of Art And How They Got That Way* will appeal to anyone who has ever wondered if a great painting sculpture or photograph really deserves to be called great
