Refugee Coloniality Bosco Opi, 2024-04-27 This book presents a decolonial and Afrocentric critique of prolonged encampment of refugees centred on the case study of refugee camps in Kenya introduced through the author s decades long experience of forced displacement His positionality as a former refugee contributes to a wider discussion on representation voice and power within the refugee studies literature Likewise the revisiting of the refugee camp as site and tool of power from a colonial perspective is an important and timely contribution to the literature This book examines the camp as a colonial innovation and the enduring colonial logics of supposedly humanitarian extended encampment Drawing on the anti colonial theorists such as Fanon Mbembe and Nyerere etc it argues for an Africa without borders or encampment The study is interdisciplinary encompassing forced migration refugee studies camp studies decolonial studies and African studies More broadly it seeks to contribute to the literature on the politics of asylum in Africa through a critical examination of the colonial

origins and the practice of encampment in Kenya

The Glorification of Plunder Malcolm James, 2017-09-04 This book is about two things tax and power The processes through which tax law is formulated involve more than the formal legislative and judicial processes which result in statute and case law Tax law is an expression of tax policy which is subjective and a heterogeneous product of states cultures and politics Regarding taxation as a branch of either black letter law or orthodox economics ignore or even deny this subjectivity This book explores the complex dynamics of the debates which inform tax policy the interaction between tax and power and how power relations between various groups in society and between individuals and the state are manifested through tax system This helps to explain why the rules procedures and practices are all formulated to suit their interests of the most powerful groups in society Taxation is a powerful lens through which to analyse relationships between individuals and the state since history has shown that there is a longstanding power relationship between rulers and subjects which is articulated through tax regimes Tax can therefore be seen as a technology which mediates such tensions and relationships and the way that choices are made and conflicts are resolved can give valuable insights into societal power relationships

Apocalypse TV Michael G. Cornelius, Sherry Ginn, 2020-03-27 The end of the world may be upon us but it certainly is taking its sweet time playing out The walkers on The Walking Dead have been walking for nearly a decade There are now dozens of apocalyptic television shows and we use the end times to describe everything from domestic politics and international conflict to the weather and our views of the future This collection of new essays asks what it means to live in a world inundated with representations of the apocalypse Focusing on such series as The Walking Dead The Strain Battlestar Galactica Domsday Preppers Westworld The Handmaid s Tale they explore how the serialization of the end of the world allows for a closer examination of the disintegration of humanity while it happens Do these shows prepare us for what is to come Do they spur us to action Might they even be causing the apocalypse Kant's Cosmopolitics Garrett Wallace Brown, 2019-04-01 This volume explores Kant s cosmopolitanism and its implications for a Kantian inspired cosmopolitics The contributors provide a definitive source and specification of key new areas in the field of Kantian cosmopolitanism and how it is integral to current debates in political theory political philosophy and international relations Political Violence John A. Doces, 2024-11-08 Examining the role of elections and top down democracy promotion in Africa this book focuses on how and why electoral contests are associated with division and violence It considers whether the Western political model has failed developing countries in what ways and how this has affected people s lives Political Communication Carsten Reinemann, 2014-07-28 Against the background of an enormous expansion and diversification of both political communication itself and scientific research into its structures processes and effects this volume gives an overview of some of the key theories and findings accumulated by political communication research over the last decades In order to do so the volume provides readers with review articles by renowned international authors on various aspects of I the normative regulatory and conceptual foundations of political communication II different situations of political communication e g elections referendums social movements media hypes crisis and war III the activities of and part played by political actors IV mass media and journalism V characteristics and typical features of media messages VI the role played by citizens as well as VII various kinds of effects on citizens Each section includes several chapters that address specific issues and research problems in the form of comprehensive overviews articles **A World History of Political Thought** James Babb, 2025-02-12 In this revised and improved second edition of A World History of Political Thought the comprehensive comparative analysis of political thought from 600 BC to the present day is given even more depth and context The result is an intriguing and accessible journey through world history and culture *The Oxford Handbook of Irish Politics* David M. Farrell, Niamh Hardiman, 2021-09-01 Ireland has enjoyed continuous democratic government for almost a century an unusual experience among countries that gained their independence in the 20th century But the way this works in practice has changed dramatically over time Ireland s colonial past had an enduring influence over political life for much of the time since independence enabling stable

institutions of democratic accountability while also shaping a dismal record of economic under development and persistent emigration More recently membership of the EU has brought about far reaching transformation across almost all aspects of Irish life But if anything the paradoxes have only intensified Now one of the most open economies in the world Ireland has experienced both rapid growth and one of the most severe crashes in the wake of the Great Recession On some measures Ireland is among the most affluent countries in the world yet this is not the lived experience for many of its citizens Ireland is an unequivocally modern state yet public life continues to be marked by formative ideas and values in which tradition and modernity are held in often uneasy embrace It is a small state that has ambitions to leverage its distinctive place in the Atlantic and European worlds to carry more weight on the world stage Ireland continues to be deeply connected to Britain through ties of culture and trade now matters of deep concern in the context of Brexit And the old fault lines between North and South between Ireland and Britain which had been at the core of one of Europe's longest and bloodiest civil conflicts risk being reopened by Britain's new hard edged approach to national and European identities These key issues are teased out in the 41 chapters of this book making this the most comprehensive volume on Irish politics to date

Barrow, 2024-03-14 An indispensable and exemplary reference work this Encyclopedia adeptly navigates the multidisciplinary field of critical political science providing a comprehensive overview of the methods approaches concepts scholars and journals that have come to influence the discipline's development over the last six decades

Freedom Without Violence Dustin Ells Howes, 2016 Freedom Without Violence offers a critical appraisal of the conventional wisdom that violence is required for liberation and the defense of freedom Comparing the broad span of violent revolutions with the history of non violent social movements the book shows that freedom is indelibly tied to the means used to achieve and defend it

Children and Global Conflict Kim Huynh, Bina D'Costa, Katrina Lee-Koo, 2015-04-09 Examines how children armed conflict and the international community interact in the twenty first century

The Colonizing Self Hagar Kotef, 2020-11-02 Colonizers continuously transform spaces of violence into spaces of home Israeli Jews settle in the West Bank and in depopulated Palestinian houses in Haifa or Jaffa White missionaries build their lives in Africa The descendants of European settlers in the Americas and Australia dwell and thrive on expropriated indigenous lands In The Colonizing Self Hagar Kotef traces the cultural political and spatial apparatuses that enable people and nations to settle on the ruins of other people's homes Kotef demonstrates how the mass and structural modes of violence that are necessary for the establishment and sustainment of the colony dwell within settler colonial homemaking and through it shape collective and individual identities She thus powerfully shows how the possibility to live amid the destruction one generates is not merely the possibility to turn one's gaze away from violence but also the possibility to develop an attachment to violence itself Kotef thereby offers a theoretical framework for understanding how settler colonial violence becomes inseparable from one's sense of self

Political Action in Václav Havel's Thought Delia Popescu, 2012-01-01 Political Action in Vaclav Havel's

Thought The Responsibility of Resistance by Delia Popescu explores the Czech dissident's theory of individual opposition resistance to oppression and individual responsibility The book contributes to our understanding of both the extreme circumstances of oppression and to the subversive uses of oppression in modern liberal democracy *Counter-History of the Present* Gabriel Rockhill, 2017-05-04 In *Counter History of the Present* Gabriel Rockhill contests dismantles and displaces one of the most widespread understandings of the contemporary world that we are all living in a democratized and globalized era intimately connected by a single overarching economic and technological network Noting how such a narrative fails to account for the experiences of the billions of people who lack economic security digital access and real political power Rockhill interrogates the ways in which this grand narrative has emerged in the same historical economic and cultural context as the fervid expansion of neoliberalism He also critiques the concurrent valorization of democracy which is often used to justify U S military interventions on the behalf of capital Developing an alternative account of the current conjuncture that acknowledges the plurality of lived experiences around the globe and in different social strata he shifts the foundations upon which debates about the contemporary world can be staged Rockhill's counter history thereby offers a new grammar for historical narratives creating space for the articulation of futures no longer engulfed in the perpetuation of the present

Democratic Biopolitics Sergei Prozorov, 2019-01-22 Sergei Prozorov challenges the assumption that the biopolitical governance means the end of democracy arguing for a positive synthesis of biopolitics and democracy He develops a vision of democratic biopolitics where diverse forms of life can coexist on the basis of their reciprocal recognition as free equal and in common
