Research in Nigeria Joseph Abiodun Balogun,2023-01-09 This book is the first authoritative study of the research output and scientific impact of Nigerian health academics including those in the diaspora Around the world policymakers and academics measure the scientific impact of research at national and international levels using bibliometric measures Unfortunately there is limited data on scientists research productivity and impact in developing countries particularly in Africa Therefore normative bibliometric information from different countries is needed to address the challenges faced by scientists in Africa This book contributes to filling this research gap Additionally the author addresses the controversies surrounding the use of bibliometrics in judging research productivity and offers recommendations to improve research systems **Healthcare Education in Nigeria** Joseph A. Balogun,2020-12-30 This book provides a comprehensive and authoritative assessment of the training of health professionals in Nigeria looking back to how health care education has evolved in the country over time before investigating new and emerging trends The book begins with a discussion of the fundamentals of health care education the art of teaching health care students and modeling professionalism in health care The book highlights the work of pioneer Nigerian health care academics and explores the administration of health care

Balogun, 2023-09-20 This book assesses the challenges within the Nigerian educational system and provides a concrete plan to revitalize the low performing system by strengthening high stakes testing at all levels In Nigeria many citizens believe that the solution to the country's low performance in education is to eliminate high stakes standardized testing High stakes testing refers to applying standardized student achievement tests as a primary mechanism to evaluate students teachers and their school's performance This book argues that the poor quality of education and low ranking of Nigeria's educational system is not related to the negative consequences of high stakes testing but rather is due to many intrinsic factors By conducting a comparative analysis of six high performing education systems worldwide the book offers a comparative summative evaluation of the educational system and offers recommendations This book will be of interest to policymakers and scholars in the fields of African education higher education quality and global studies African studies management and administration leadership and professional development studies Joseph Abiodun Balogun is former Dean and retired Distinguished University Professor at the College of Health Sciences Chicago State University USA Visiting Professor Program Consultant at the Centre of Excellence in Reproductive Health Innovation University of Benin Nigeria and President CEO Joseph Rehabilitation Center Tinley Park Illinois USA

Reverse Mission: the Dialectics of the Nigerian Religioscape Nelson Olusegun Adewole, 2022-08-08 It is obvious that Pentecostalism according to this work is a force to reckon with in the contemporary Christianity No doubt it has created permanent positive and negative impact on the mainline churches therefore religious landscape cannot be the same again Now that some Pentecostals are returning to the mainline churches it shows either that the initial intention has selfish tendencies or that there are some terms of liturgy faith experiences and theology in the mainline that cannot be compromised There is need to articulate a model of Church that will explicate theologically and ecclesiology the reality of the Christian faith in the contemporary society capable of making the encounter between God and humanity an experimental reality I humbly appreciate this piece and recommend it for publishing The Rt Revd Dr J Akin Atere Bishop Diocese of Awori Old Testament Scholar *Changing Ourselves* Kent Hodge, 2013 Kent Hodge draws on nearly 30 years experience in Missions and church growth in this radical new book about how to live like Jesus both in times of persecution and in an indifferent Western world of moral decay It's radical because it's so simple We don't belong in camps and we do need to cross bridges In fact we need to build the bridges between the camps of differing opinion and practice in the church to search out again the simple truths that Jesus lived before the recorders of the Gospels Did Jesus really mean what he said in the Sermon on the Mount How do we do that In Northern Nigeria where the church has suffered bombings burnings midnight attacks on the homes of Christians only a return to the simple gospel

has shown us how to respond The chapters of this book are illustrated with life stories the stories and experiences of friends and co workers living and overcoming in tough times It s simple and it makes sense but is incredibly challenging When you read what Jesus said in the Gospels you don t get the impression that faith is some kind of escape clause to heaven This book studies anew how the church goes about renewing the world *African Language Media* Abiodun Salawu,2020-11-16 This edited volume considers why the African language press is unstable and what can be done to develop quality African language journalism into a sustainable business Providing an overview of the African language journalism landscape this book examines the challenges of operating sustainable African language media businesses The chapters explore the political economy and management of African language media and consider case studies of the successes and failures of African language newspapers as well as the challenges of developing quality journalism Covering print and digital newspapers and broadcast journalism this book will be of interest to scholars of media and journalism in Africa *Global Renewal Christianity* Vinson Synan,J. Kwabena Asamoah-Gyadu,Amos Yong,2016 This third of four volumes is an authoritative collection from more than two dozen leaders and scholars of the Spirit empowered movement in Africa **Communicate** ,2012 *Africa Today* ,2005 **To the Ends of the Earth** Allan Heaton Anderson,2013-01-04 No branch of Christianity has grown more rapidly than Pentecostalism especially in the southern hemisphere There are over 100 million Pentecostals in Africa In Latin America Pentecostalism now vies with Catholicism for the soul of the continent and some of the largest pentecostal congregations in the world are in South Korea In *To the Ends of the Earth* Allan Heaton Anderson explores the historical and theological factors behind the phenomenal growth of global Pentecostalism Anderson argues that its spread is so dramatic because it is an ends of the earth movement pentecostals believe that they are called to be witnesses for Jesus Christ to the furthest reaches of the globe His wide ranging account examines such topics as the Azusa Street revival in Los Angeles the role of the first missionaries in China India and Africa Pentecostalism s incredible diversity due to its deep local roots and the central role of women in the movement He describes more recent developments such as the creation of new independent churches megachurches and the health and wealth gospel and he explores the increasing involvement of pentecostals in public and political affairs across the globe Why is this movement so popular Anderson points to such features as the emphasis on the Spirit the born again experience incessant evangelism healing and deliverance cultural flexibility a place to feel at home religious continuity an egalitarian community and meeting material needs all of which contribute to Pentecostalism s remarkable appeal Exploring more than a century of history and ranging across most of the globe Anderson illuminates the spectacular rise of global Pentecostalism and shows how it changed the face of Christianity worldwide **Faith To Change Your World** Benson Idahosa,2016-11-06 With *Faith To Change Your World* You ll be taught on the subject of faith in God and You ll be inspired by the stories of men and women like You who walked with God and experienced faith results and exploits This book will cleanup all fears and doubts from Your spirit and You ll receive a booster

anointing and Spirit impartation to excel in Your faith in Christ You can be the next world changer this generation is awaiting May God bless You as You read this classic and may You decide to glorify God in engaging your life to actively serve The Lord Jesus Christ
