**A Stingray Bit My Nipple!** Erik Torkells,Readers of Budget Travel Magazine,2009-01-01 One of the things I love most about our True Stories section and by extension this book is that readers are so willing to laugh at themselves they send in what are sometimes very embarrassing stories because we all know that that s life especially when you travel Erik Torkells editor Budget Travel From the French kissing giraffe to the Coke drinking camel Budget Travel s True Stories feature proves that life when traveling is indeed stranger and funnier than fiction Collected by Erik Torkells editor of Budget Travel magazine these tales of adventuresome calamity and hilarity are an irresistible read Over 200 true stories are included Stories have been submitted by Budget Travel readers and many feature real and hilarious vacation photographs from their travels From the couple in Belize who had a chicken lay an egg in their bed while at an eco resort to the traveler who accidentally set her hair on fire while lighting a prayer candle this book proves that the best memories come from moments when your trip is less than postcard perfect

**Nowhere Like Home** Jamie Alexander,2012-12-05 I literally could not put this book down witty hilarious and unique It s hard to give this book justice in a

paragraph It is witty educational thought provoking clever and a thousand more things a must read What kind of student would go halfway across the world to stir up an independence movement in his summer break At nineteen Jamie was nicely on track to becoming one of the most boring people in England but an impulse trip to the jungles of Kalimantan changed all that Spurred on by what he encountered among the tribespeople of the Krayan he made a decision to discover the truth of the world around him however uncomfortable that truth would turn out to be From the killing fields of Indonesia and the refugee camps of Palestine to the girly bars of the Philippines and beyond this is the remarkable true story of how this decision came to define his life seeing him visit some of the least accessible and most volatile places on earth often armed with little more than a set of disarmingly rosy cheeks and a quirky sense of humour But this is more than just another travel book it is a story of global change seen through the eyes of someone who never knew any better *Travel Tales* Michael Brein, 2025-05-20

**THIS SERIES** True Travel Tales Over the last five decades I've interviewed nearly 2 000 world travelers and adventurers I am weaving the best of their almost 10 000 fantastic tales into a psychology of travel as revealed by these very telling stories I've encountered these travelers on planes trains buses ships tours safaris as well as in campgrounds bars cafes restaurants and pubs These courageous travelers have freely shared with me their most personal and profound travel and life experiences including many good and wonderful as well as even horrific and potentially life threatening ones which I in turn get to share with you now through my True Travel Tales series

**THIS BOOK** *Travel Tales 100 Faces Passing for Others* Have you ever wondered what it would be like to be someone whose appearance allows you to blend in be confused for or be mistaken for local people in various countries and cultures worldwide that you've traveled to In this book I share the best travel stories I have gathered surrounding this recurring theme in all my interviews This phenomenon is often associated with individuals of mixed ancestral heritage or those with features not so easily categorized into a single ethnicity These 100 faces individuals frequently surprise local people when they speak fluent English or reveal their true origins This can lead to funny engaging and usually unexpected interactions and unique travel experiences My 100 faces concept highlights how a person's appearance can influence interactions while traveling and demonstrates the complexity of cultural and ethnic identities in our increasingly globalized world

**DISCLAIMER** Please be forewarned that some stories in the True Travel Tales series may be graphic unpleasant and disturbing Reader discretion may be advised This series is generally aimed toward a more mature adult audience yet no doubt some material ought to be communicated clearly and responsibly to younger and relatively inexperienced and naive travelers who could benefit by knowing how to travel and live more safely and securely The author does not necessarily agree with all the opinions expressed by contributors Finally no story in the series is meant to depict any country people culture religion or gender in a negative light Good and bad things can and do happen anywhere and to anyone Finally some stories may appear in multiple True Travel Tales series books depending on the subject matter and countries covered
