

CHAPTER 10: BECOMING A READER

ELE 300 Emergent Literacy
Dr. Fine

*Please note, this chapter is **out of sequence** – we are skipping ahead to **Chapter 10 *Becoming a Reader*** this week, then next week we will go back to Chapter 9 *Home Book Experience*.

First, **BEFORE READING**, contemplate and answer this question:

1) Based upon what you have learned thus far, what do you believe to be the difference between preschool and Kindergarten in terms of reading and literacy development and 'instruction'?

In preschool, I feel as if the teacher is trying to get children to start to understand the concept of reading rather kindergarten is the first step to getting children to recognize words and sounds and start to put them together. Preschool is also when children start to tell stories through the pictures, not the words rather than in kindergarten children can start to retell and understand stories through the words and not just the pictures.

Now it is time to read **Chapter 10** of the assigned text. **DURING READING**, use the following questions to guide your thinking - answer each of these questions as you read:

1) What happens in the transition from Preschool to Kindergarten (i.e., how is reading different in preschool from the elementary school years)?

Reading in preschool is more centered around the child, in other words, all about emergent reading. Whereas reading in elementary school leans more toward teacher-guided reading. Preschool is getting children to naturally develop their reading skills and kindergarten is all about teaching new reading skills.

2) What is the Common Core (CCSS) Kindergarten Foundational Reading Skills? Briefly describe each of these skills.

1. Print Concepts

- a. This is about recognizing what print is made up of (words, letters, punctuation, meaning, etc)

2. Phonological Awareness

- a. Learning that spoken language is more than just a single sound it can also be words, rhymes, syllables, etc.

3. Phonics

- a. Realizing that printed symbols are related to spoken words

4. Word recognition

- a. Knowing and recognizing sight words

5. Fluency

- a. Use of voice, reading rate, word recognition, appropriate phrasing, comprehension, etc.

Becoming A Reader A:

Helping Your Child Become a Reader Andrea DeBruin-Parecki, Kathryn Perkinson, Lance Ferderer, 2000 **The importance of being a reader: A revision of Oscar Wilde's works** Christina Pascual Aransáez, 2014-11 This book explores Wilde's works from the hypothesis that they call upon the active participation of the reader in the production of meaning. It has a twofold objective: first, it shows that Wilde's emphasis on the creative role of the audience in his critical writings makes him conceive the reader as a co-creator in the construction of meaning. Second, it analyses the strategies which Wilde employs to impel the reader to collaborate in the creation of meaning of his literary works and casts light upon the social criticism derived from these. The examination of Wilde's writings reveals how he gradually combined more sophisticated techniques that encouraged the reader's dynamic role with the progressive exploitation of self-advertising strategies for professional purposes. These allowed the commercial Oscar to make his works successful among the Victorian public without betraying the literary Wilde's aesthetic principles. The present study re-evaluates Wilde as a critic and as a writer. It demonstrates that while Wilde the myth was ahead of his time in many ways, Wilde the ARTIST anticipated in his aesthetic theory various themes which occupy contemporary literary theoreticians. Thus, it may contribute to give him the status he rightly deserves in the history of literature. Becoming Readers in a Complex Society Alan C. Purves, Olive S.
