Environmental Economics: The Essentials Tom Tietenberg, Lynne Lewis, 2019-08-01 *Environmental Economics The Essentials* offers a policy oriented

approach to the increasingly influential field of environmental economics that is based upon a solid foundation of economic theory and empirical research. Students will not only leave the course with a firm understanding of environmental economics but they will also be exposed to a number of case studies showing how underlying economic principles provided the foundation for specific environmental and resource policies. This key text highlights what insights can be derived from the actual experience. Key features include Extensive coverage of the major issues including climate change, air and water pollution, sustainable development and environmental justice. Introductions to the theory and method of environmental economics including externalities, experimental and behavioral economics, benefit cost analysis and methods for valuing the services provided by the environment. Boxed Examples and Debates throughout the text which highlight global examples and major talking points. The text is fully supported with end of chapter summaries, discussion questions and self test exercises in the book as well as with multiple choice questions, simulations, references, slides and an instructor's manual on the Companion Website. This text is adapted from the best selling *Environmental and Natural Resource Economics* 11th edition by the same authors.

Macroeconomics for Development Raghbendra Jha, 2023-01-13 Providing a broad overview of the impact of COVID 19 on economic development, this timely book examines closely the macroeconomic aspects of economic development and the design of monetary policies under extreme crises.

A Political Economy of the Middle East Melani Cammett, 2018-03-22 A Political Economy of the Middle East is the most comprehensive analysis of developments in the political economy of the region over the past several decades, examining the interaction of economic development processes, state systems and policies and social actors in the Middle East. The fourth edition with new authors Melani Cammett and Ishac Diwan has been thoroughly revised with two new introductory chapters that provide an updated framework with which to understand and study the many changes in demography, education, labor markets, urbanization, water and agriculture and international labor migration in the recent years. The new edition also includes a new chapter that charts the political economy of the Gulf states and in particular the phenomenal growth of oil economies, a new chapter on the rise of crony capitalism and increased coverage of the changes in civil society and social movements in the region including an exploration of the causes, dynamics, consequences and aftermath of the Arab uprisings.

Digital Natives as a Disruptive Force in Asian Businesses and Societies Dastane, Omkar, Aman, Aini, Bin Mohd Satar, Nurhizam Safie, 2023-07-03 A new generation of Asian entrepreneurs is bringing their creativity, innovation and digital expertise to market, assisting the region in becoming a disruptive force on the global stage. Live commerce which combines fast purchases with entertainment is revolutionizing China's retail industry and new applications are making users' lives easier and more intertwined. A relatively young and increasingly well educated population driven by Millennials and Gen Zs is driving such high levels of internet and mobile usage. In the following decade, these digital natives born between 1997 to 2012 will account for one third of Asia's consumption. Despite its relevance, there is a scarcity of research on digital natives and transformation in Asia or reflections

of the same in a global context Digital Natives as a Disruptive Force in Asian Businesses and Societies fosters multidisciplinary collaboration in order to uncover fresh theoretical and empirical views on digital natives digital technology and digital revolutions in Asian enterprises and society Covering key topics such as the digital divide internet marketing and social commerce this major reference work is ideal for government officials business owners managers policymakers scholars researchers academicians practitioners instructors and students *Economics, Politics, and Ethics of Primary Commodity Development* Uma J. Lele, Mr. James Jerome Gockowski, Kofi Adu-Nyako, 1994-02-01 The critical role of agricultural commodities in the growth of low income countries is examined A combination of factors has resulted in declining agricultural prices necessitating further increasing volumes by developing countries to maintain export earnings But low growth in factor productivity in Africa compared to competitors caused declining export shares in African countries A broad based smallholder strategy based on producing commodities in which a country enjoys comparative advantage needs to be supported by productivity enhancing innovations in food and export commodities a stable price environment availability of infrastructure and access to credit Such an environment requires partnership between government and private agents

The Routledge Handbook of Poverty in the Global South Rajendra Baikady, John Gal, Varoshini Nadesan, Sajid S.M., Gao Jianguo, 2023-12-01 This handbook initiates fresh debates on poverty and its impact in a constantly changing Global South society It studies the concept theories and causes of poverty as well as the design and delivery of social welfare policies related to specific groups such as women children and the elderly The chapters are theoretical evidence based and empirical in nature and bring together a holistic understanding of social problems and issues in developing countries The volume brings together researchers educators and practitioners from across the globe to develop a hands on reference work that will be requisite for several social science disciplines concerned with poverty and the welfare of poor people The first of its kind the handbook will be indispensable for scholars and researchers of development studies economics social work political studies poverty studies population and demographic studies sociology social anthropology public policy and political economy especially those concerned with the Global South **International Business** Riad Ajami, Jason G

Goddard, 2014-12-18 The new and updated edition of this widely used text is equally useful for undergraduate and graduate students of international business Its student friendly format detailed coverage of classic and timely topics and extensive use of case studies make it widely adaptable for different level courses as well as for educators who prefer either a case study or lecture approach This edition features new coverage of the Asian financial crisis and the European Union Its treatment of such topics as foreign exchange international trade policy and economic development introduces students to techniques for analysing national economies that are not covered in many competing texts Ethical and environmental issues are also covered in detail and all case studies tables and figures have been thoroughly revised and updated Each chapter includes a short case study while longer more complex case studies conclude the text Each chapter also features learning objectives

discussion questions and references An online instructor's guide that includes PowerPoints with end of chapter answers and maps is available to instructors who adopt the text *World Development Report 2006* World Bank, 2005-09-28 The World Development Report 2006 Equity and Opportunity presents a social development strategy organized around the themes of social inclusion cohesion and accountability It examines equality of opportunities a potentially important factor affecting both the workings of the investment environment and the empowerment of the poor by building on and extending existing accountability frameworks presented in the 2005 Report The Report is divided into three parts Part I describes patterns of inequality in a range of variables both at the national and global level incomes educational achievements health indicators power and influence Part II highlights reasons why some levels of inequality in the variables presented in Part I may be too high whether for intrinsic reasons or because they harm the attainment of competing values such as the level of goods and services in the economy Part III discusses policies that affect the relationship between equity and the development process at a national and global level This section includes policies that could help reduce the levels of some intermediate inequalities and focuses on circumstances in which these policies form the basis for more rapid overall development and faster poverty reduction Now in its twenty eighth edition the World Development Report offers practical insights for policymakers business developers economic advisers researchers and professionals in the media and in non governmental organizations It is also an essential supplement to economic and development courses in both academic and professional settings **The Handbook of Global Health Policy** Garrett W. Brown, Gavin Yamey, Sarah Wamala, 2014-06-03 The Handbook of Global Health Policy provides a definitive source of the key areas in the field It examines the ethical and practical dimensions of new and current policy models and their effect on the future development of global health and policy Maps out key debates and policy structures involved in all areas of global health policy Isolates and examines new policy initiatives in global health policy Provides an examination of these initiatives that captures both the ethical critical as well as practical empirical dimensions involved with global health policy global health policy formation and its implications Confronts the theoretical and practical questions of who gets what and why and how when and where Captures the views of a wide array of scholars and practitioners including from low and middle income countries to ensure an inclusive view of current policy debates
