Foundations of Airline Finance Bijan Vasigh, 2014-11-13 In recent years the airline industry has experienced severe volatility in earnings with airlines recording periods of substantial profits that are closely followed by periods of financial distress This trend has continued into the new millennium with numerous examples of airlines across the globe entering bankruptcy protection or liquidating The text provides an introduction to both the basics of finance and the particular intricacies of airline finance where there can be significant fluctuations in both revenues and costs This new edition also includes capital budgeting management of current assets financial risk analysis fuel hedging aircraft leasing This textbook contains chapters that cover unique aspects of the aviation financial decision making process These include a rigorous and structured presentation of the buy versus lease decision that is prevalent in the industry a valuation process for aviation assets the recent trend toward privatization and the difficulty inherent in the valuation of a publicly owned or semi publicly owned asset The Foundations of Airline Finance now in its second edition is an introductory text that can be used either as a general financial text or in a specialized class that deals with aviation finance in particular Financial Management

Sheridan Titman, Arthur J. Keown, John D. Martin, 2021 *Shariah Governance in Islamic Banking Institutions* Shafiullah Jan, Muhammad Ismail, 2023-07-04 Shariah governance assumes the primary instrument through which Islamic Banking Institutions IBIs ensure the Islamicity of their products services operations and internal environments It is considered to be one the fundamental elements that differentiates IBIs from their traditional counterparts Shariah Governance in Islamic Banking Institutions provides a critical overview of the key aspects pertaining to Shariah governance within Islamic financial institutions and presents a detailed analysis of its conceptual background The authors have identified the unique issues that have emerged due to the integration of Shariah namely the involvement of the Shariah supervisory board SSB in the corporate governance arrangements of Islamic banks These issues relate to disclosure transparency independency consistency confidentiality competency and reputation The book details the doctrines of Shariah pronouncements in Islamic banks the importance of having a central advisory board at a regulatory level in the standardization of Islamic banking practices as well as the competence required for Shariah supervisory board members It provides a critical analysis of the Shariah governance framework in Pakistan and introduces the authors vision of an ideal Shariah governance framework Furthermore the chapters offer guidance in promoting effective policies for improving Shariah governance This is one of the core challenges facing Islamic banks namely to ensure compliance with faith and provide legitimacy to the business of IBIs and as such the book will appeal to both the research and professional communities **Information Security** Seymour Goodman, Detmar W. Straub, Richard Baskerville, 2016-09-16 Information security is everyone s concern The way we live is underwritten by information system infrastructures most notably the Internet The functioning of our business organizations the management of our supply chains and the operation of our governments depend on the secure flow of information In an

organizational environment information security is a never ending process of protecting information and the systems that produce it This volume in the Advances in Management Information Systems series covers the managerial landscape of information security It deals with how organizations and nations organize their information security policies and efforts The book covers how to strategize and implement security with a special focus on emerging technologies It highlights the wealth of security technologies and also indicates that the problem is not a lack of technology but rather its intelligent application

Daily Graphic Yaw Boadu-Ayebofoh,2005-01-05 **Real Property in Australia** Michael J. Hefferan,2020-08-17 Real property in the form of investment ownership and use pervades almost every aspect of daily lives and represents over 40% of Australia s wealth Such assets do not exist in isolation they are dynamic and forever evolving impacted by a range of physical economic demographic legal and other forces Consequently a true appreciation of individual assets and of the property sector as a whole demands an understanding of both the assets themselves and the context and markets in which they exist The sector is complex and on the face of it confusing It is however not without logic and underlying themes and principles This book provides a wider understanding of how the real property sector works It covers topics such as the nature of real property and its functions economic drivers valuation principles legal and tenure parameters property taxation land development and subdivision asset and property management and sustainability all critical components in this complex and critically important sector It provides a wide and balanced perspective for experienced practitioners investors students and anyone involved in property decision making or wishing to secure a deeper understanding of these areas The book integrates research based theory with practical application and first hand insights into a sector that underpins the Australian economy its communities and its sustainability **Information Security** Detmar W. Straub,Seymour E. Goodman,Richard Baskerville,2008 This volume in the Advances in Management Information Systems series covers the managerial landscape of information security **Pearson Etext Financial Management** Sheridan Titman,Arthur Keown,John Martin,2020-06-03
