Financial Accounting Theory Deegan 3rd:

EBOOK: Financial Accounting Theory: European Edition DEEGAN, CRAIG, 2011-01-16 The second edition of Craig Deegan and Jeffrey Unerman's market leading text presents the various theories of financial accounting through a balanced and dynamic approach. Students are given all the tools to engage with these theories and are encouraged to critically evaluate and challenge them. Clearly written and user friendly, this new edition provides comprehensive coverage of internationally developed accounting theories from a European perspective.

Accounting Theory: Practical Application for Social Science Research Erlane K Ghani, Mazurina Mohd Ali, Nor Farizal Mohammed, Kamaruzzaman Muhammad, Nassr Saleh Mohamad Ahmad, 2024-01-01 This textbook provides a comprehensive guide to accounting theory and aims to improve the reader's capacity to think critically about accounting and accounting challenges. It is intended for accounting students who are enrolled in an accounting theory course as well as those who want to pursue postgraduate accounting studies, namely a PhD. This textbook starts with an explanation of what accounting is, followed by its history and conceptual framework, before tying accounting to research. Subsequently, seven theories of accounting are selected and introduced as the accounting research community has made substantial use of these theoretical frameworks. In this textbook, too, applications of accounting theory to previous studies are provided.

Financial Accounting Theory Craig Deegan, 2022-10-12 Craig Deegan's Financial Accounting Theory provides a concise approach while comprehensively covering both traditional and contemporary theories that have emerged as the practice of accounting has evolved. Social and environmental accountability and reporting issues are discussed in depth, along with coverage of critical perspectives, public sector accounting, and fair value. Instructors and students value Financial Accounting Theory for its reader friendly style, using straightforward explanations and numerous practical examples. This new edition continues to follow this approach with the addition of NEW content focusing on how different perspectives of organisational responsibilities and accountabilities impact the way accounting is performed and the theories that different researchers choose to use.

Prognosefähiger Erfolg nach IAS/IFRS Marco Schmidt, 2012-02-26 2010 mussten kapitalmarktorientierte Unternehmen ihre Jahresabschlüsse nach IAS/IFRS offenlegen. Die Erfolgsrechnung erstmals nach dem geänderten IAS 1 rev 2007 erstellen. Marco Schmid untersucht einzelne Arten von Erfolgsdeterminanten der Gesamtergebnisrechnung unter konzeptionellen und bilanztheoretischen Gesichtspunkten einer kritischen Würdigung. Der Autor untersucht, welche Implikationen der Zweck und die Zielgrößen auf die konzeptionelle Ausgestaltung der Rechnungslegungsinformationen haben. Vor einem bilanztheoretischen Hintergrund wird darüber hinaus analysiert, ob durch den geänderten IAS 1 die Hinwendung zum fair value accounting tatsächlich die angestrebten Ziele erreicht werden. Schlussendlich werden die Anforderungen formuliert, die Rechnungslegungsinformationen insbesondere die Erfolgsrechnung und die auszuweisenden Komponenten zu erfüllen haben. Es wird gezeigt, dass die IAS/IFRS nicht zu einer prognosefähigen Rechnungslegung bzw. zu einer prognosefähigen

Social and Environmental Disclosure by Chinese Firms Yingjun Lu, Indra Abeysekera, 2024-11-01 Given the increased social and environmental problems in China this book looks into the social and environmental disclosure practices of socially responsible Chinese listed firms by constructing a stakeholder driven three dimensional disclosure index The book contains a three part study the first part explores the current status of social and environment disclosure practices The second part empirically examines the relationship between corporate social and environmental disclosure and various influencing factors i.e. stakeholders power and corporate characteristics The third part empirically examines the link between corporate social responsibility CSR reporting i.e. publishing a CSR report and the quality of the CSR report and socially responsible reputation The book finds that the CSR report provided more stakeholder relevant social and environmental disclosure than the annual report It also finds that corporate characteristics such as firm size profitability and industry classification are all statistically significant factors influencing the social and environmental disclosure of the Chinese firms studied Shareholders significantly influenced firms social and environmental disclosure and creditors significantly influenced

firms disclosure related to their environmental performance The final part of the study reports that publishing a CSR report and CSR reporting quality had a positive influence on firms socially responsible reputations and that the CEO chairman duality negatively influenced firms socially responsible reputation This book will be of interest to those who are keen to learn more about corporate social responsibilities in the context of Chinese firms *Corporate Social Responsibility Reporting in China* Jieqi Guan, Carlos Noronha, 2017-10-25 In recent years Corporate Social Responsibility CSR reporting in China has been experiencing a rapid development and the number of social reports issued by Chinese enterprises shows a sharp increasing trend This book investigates the evolution of such reporting practice in the country and the reasons behind it In addition it also examines the reporting quantity and quality of Chinese enterprises by applying the GRI Global Reporting Initiative as an evaluation tool In response to policy documents so as to obtain the government's recognition and to strive for more resources state owned enterprises private enterprises and foreign invested companies have made substantial efforts in social reporting in terms of quantity and coverage However it appears that there is still room for enhancing the quality of disclosure The book also highlights the central government's economic political and social roles in promoting encouraging and controlling the development of CSR reporting *Corporate Social Responsibility in Difficult Times* David Crowther, Shahla Seifi, 2023-06-30 It has been fairly traumatic for everyone and every organization over the last couple of years as we have had to deal with the coronavirus pandemic It has certainly been a shock to the economic system of the world from which many are still recovering Equally it has affected social systems and the environment the effects of which are still being felt and will be felt for some time to come In addition there has been a fairly general economic crisis around the world as people struggle and adapt to the new environment Certainly there have been and will be changes which are likely to become permanent While recovering from one crisis however another is becoming more significant as climate change and its effects start to become ever more apparent So it seems inevitable that difficult times will continue into the future This book therefore sets out to examine aspects of the changes to corporate and institutional behaviour which have come about by the difficult times of needing to deal with past and future crises The international origins of the contributors to this volume make this very original taking some of the best ideas from around the world This approach is based on the tradition of the Social Responsibility Research Network SRRNet.org which in its 20 year history has sought to broaden the discourse and to treat all research as inter related and relevant to business This tradition has always been to explore the subject widely and to seek relevant solutions while also sharing best practice *Business Law and Ethics: Concepts, Methodologies, Tools, and Applications* Management Association, Information Resources, 2015-03-31 In modern business environments ethical behavior plays a crucial role in success Managers and business leaders must pay close attention to the ethics of their policies and behaviors to avoid a reputation crushing scandal Business Law and Ethics Concepts Methodologies Tools and Applications explores best practices business leaders need to navigate the complex landscape of

legal and ethical issues on a day to day basis Utilizing both current research and established conventions this multi volume reference is a valuable tool for business leaders managers students and professionals in a globalized marketplace

Creating New Roles for a Sustainable Economy Anna Sörensson, Maria Bogren, Georgiana Grigore, Alin Stancu, Anders Lundström, 2024-07-22 Commitment to sustainability and social responsibility goals will require the creation of new roles and entrepreneurial approaches This contributed volume addresses the emerging roles of businesses markets approaches and practices for a sustainable economy and asks the following questions What new roles are existing businesses adopting in their practices in social responsibility and sustainability How does the integration of sustainability and corporate social responsibility strategies and practices change the ways in which organizations operate What types of markets are emerging for sustainable businesses What is the role of social enterprises and non profit organizations in shaping new roles and markets for a sustainable economy The volume is divided in three thematic sections The first explores digitalization green businesses and sustainable The second considers the new roles for sustainability and their importance for SMEs and social entrepreneurship Finally the book ends with a reflection on the key organizational challenges for sustainable development including how these might be addressed by academics and practitioners This book will be relevant to students and scholars of organisation studies corporate social responsibility social entrepreneurship and digital business Relevant to the pursuit of the UN Sustainable Development Goals it will be of broader interest to anyone with an interest in sustainable development and the future of work

Corporate Social Disclosure C. Noronha, 2014-12-17 Corporate Social Disclosure focuses on China and Japan as two countries for critical observations of the latest CSD issues This volume consists of 12 chapters written by scholars from these two countries addressing the latest observation of CSD in general as well as in different industries based on their latest research findings

Complex, Intelligent and Software Intensive Systems Leonard Barolli, Aneta Poniszewska-Maranda, Tomoya Enokido, 2020-06-10 This book explores three interwoven and challenging areas of research and development for future ICT enabled applications software intensive systems complex systems and intelligent systems Software intensive systems are systems that extensively interact with other systems sensors actuators devices and users More and more domains are now employing software intensive systems e g the automotive sector telecommunication systems embedded systems in general industrial automation systems and business applications Moreover the outcome of web services offers a new platform for enabling software intensive systems Complex systems research is focused on the overall understanding of systems rather than their components Complex systems are very much characterized by the changing environments in which they operate through their multiple internal and external interactions They evolve and adapt through internal and external dynamic interactions The development of intelligent systems and agents which is increasingly characterized by the use of ontologies can be beneficial for software intensive systems and complex systems alike Accordingly recent research in the areas of intelligent systems robotics neuroscience artificial intelligence and the cognitive

sciences is essential to the future development of software intensive and complex systems *Micro MBA* Carolina Machado,J. Paulo Davim,2018-04-23 *Micro MBA* focuses on accounting economics marketing human resources operations finance and gives the core curriculum of subjects usually present in an MBA program This book presents the key concepts to all those pursuing a managerial career in the technological and engineering industry on principles strategies models techniques methodologies and applications in the business area for non economists **Corporate Social Responsibility Reporting in Developing Countries** Ataur Rahman Belal,2016-05-13 Historically the study of corporate social responsibility CSR reporting has largely been within the context of Western economies However in the wake of highly publicized incidents such as Bhopal and the struggle of the Ogoni people in Nigeria many large corporations now claim to be taking steps to improve their environmental and social performance within developing countries Using the lens of stakeholder theory this book examines whether the current practice of CSR reporting in developing countries is motivated by a desire to discharge accountability to all relevant stakeholders or whether it is being driven by the imperative of advancing corporate economic interests While concepts like CSR reporting have become more fashionable they vary widely in different national contexts this book therefore clarifies the types and roles of CSR reporting and the underlying corporate motivations The author considers the current CSR reporting practices in a number of developing countries with particular attention given to illuminating a case study of Bangladesh Contemporary Issues in Financial Reporting, Auditing and Corporate Governance (UUM Press) Noor Afza Amran,2013-01-01 *Contemporary Issues in Financial Reporting Auditing and Corporate Governance* offers theoretical and empirical background on three fundamental areas of accounting namely financial reporting auditing and corporate governance This book is written in a clear and reader friendly manner to create readers interest in the central issues of discussion The uniqueness of this book is in its extensive coverage of national and internationally oriented issues of financial reporting auditing and corporate governance This book is ideal for accounting and business related courses at upper undergraduate and post graduate levels With its broad coverage the book should also be of interest to academicians professionals corporate managers regulatory bodies and researchers
