The Magic of Manifesting Money Ryuu Shinohara,2020-08-29 **The Magic of Manifesting Money** Maria Sunni,2020-10-28 Are you tired of scraping by paycheck to paycheck Do you want to have more money to do the things you want Have you tried endless other solutions but nothing seems to work for more than a few weeks If you answered yes to any of these questions then you are going to want to continue reading You see learning how to

attract money into your life doesn't have to be difficult. In fact, it is something that everybody is doing all of the time. But that is also where the problem lies. The law of attraction can help you to get what you want in your life and it doesn't require a bunch of expensive equipment. All you need is your mind and your dreams to make it work for you. In fact, you have been using it your entire life, albeit not efficiently. The universe is constantly working to bring people the things they ask for, but the trick is you have to make sure you are asking properly. The universe doesn't read between the lines, so it sends you the things you send out, assuming that is what you want. But since we all know the law of attraction exists, we don't have to go blindly through life getting whatever it sends us. We can make sure that we align ourselves with the things that we want in our life. That's what this book is here to teach you. Here's just a tiny fraction of what you'll discover: What science is behind attracting money and other things into your life. The most common ways that people will end up keeping money from reaching them. How to receive the money that you need without having to get another job. How to accept the path you are on is going to bring you to what you want in life. The best way to appreciate money so that you keep attracting more of it. The power of visualization and gratitude when it comes to manifesting money. How to change your mindset so that you attract more money into your life. The power of the subconscious mind and how it affects your life and much, much more. Take a second to imagine how you'll feel once you fully understand how to use the law of attraction to your benefit and how your family and friends will react when you are living the life of your dreams. So even if you're barely scraping by each month, you can be living a much better life with the law of attraction. The law of attraction or manifesting whatever you want to call it isn't some mystical thing that only some people are able to use. It is there for everybody, no matter who you are or where you live. While it does take a bit of effort on your part, it isn't that hard to learn what works and what doesn't. It will also take time, but all good things do. If you are serious about changing your life for the better, then this is the book for you. You don't want to think back a few years down the road wishing you had bought this book. Don't wait any longer. Scroll up and click buy now. **Money**
