*Mind Control Language Patterns* Dantalion Jones, 2008 Mind Control Language Patterns are spoken phrases that can act as triggers to the people who hear them In short they influence and control how we respond and cause us to be influenced to do things without our knowing These language patterns are not fantasies but are based on documented uses that come from psychology hypnosis Neuro Linguistic Programming and studies of human behavior Mind Control Language Patterns can be used to help and hurt One can use Mind Control Language Patterns to create positive and lasting change in people as well as feelings of trust love and affections They can also be used to induce amnesia fear insecurity and doubt These types of patterns are what we call dark pattern *Mind Control 101 - How to Influence the Thoughts and Actions of Others Without Them Knowing Or Caring* J. K. Ellis, Dantalion Jones, 2011-09-12 Why would someone write a book on Mind Control Because as much as we try to elevate ourselves above being human animals we are in fact animals We are subject to the wants and desires of any being with a genome and vertebrae To rise above that is an admirable and a task we should take on as a worthy spiritual endeavor But to deny that we are truly animals is to lie to ourselves We must deal with people who may not be so enlightened advanced as we are They may desire what we have and be secretly filled with envy and contempt The worst event is to have these suspicions fulfilled and then be pulled down into the politics of man Do we deny that it is happening and hope others will be touched by our honesty and good will enough to change Or do we drop our highest spiritual ideals and play their game I would like to suggest a radically different strategy Take the game of manipulation and Mind Control and make it a part of your spirituality **Hypnotic Writing** Joe Vitale, 2006-12-22 Discover the secrets of written persuasion The principles of hypnosis when applied to copywriting add a new spin to selling Joe Vitale has taken hypnotic words to set the perfect sales environment and then shows us how to use those words to motivate a prospect to take the action you want This is truly a new and effective approach to copywriting which I strongly recommend you learn It is pure genius Joseph Sugarman author of *Triggers* I've read countless books on persuasion but none come close to this one in showing you exactly how to put your readers into a buying trance that makes whatever you are offering them irresistible David Garfinkel author of *Advertising Headlines That Make You Rich* I am a huge fan of Vitale and his books and *Hypnotic Writing* first published more than twenty years ago is my absolute favorite Updated with additional text and fresh examples especially from e mail writing Joe's specialty *Hypnotic Writing* is the most important book on copywriting yes that's really what it is about to be published in this century Read it It will make you a better copywriter period Bob Bly copywriter and author of *The Copywriter's Handbook* I couldn't put this book down It's eye opening and filled with genuinely new stuff about writing and persuading better And it communicates it brilliantly and teaches it brilliantly exemplifying the techniques by the writing of the book itself as you go along David Deutsch author of *Think Inside the Box* [www.thinkinginside.com](http://www.thinkinginside.com) *Hypnotic Writing* is packed with so much great information it's hard to know where to start The insights strategies and tactics in the
