## **Christ Concrete:**

Election, Atonement, and the Holy Spirit Matthias Grebe, 2015-04-30 Election Atonement and the Holy Spirit is an examination of the doctrines of election and atonement in Karl Barth's Church Dogmatics taking up Barth's own challenge to his reader to surpass his argument and offer a better typological interpretation of the cultic texts Barth's radical reworking of Calvin's doctrine of election is one of the most important developments in twentieth century theology Christ synthesizes for Barth a particular dialectic the binary structure of God's Yes of election and God's No of rejection The book's central question how can Jesus simultaneously be both the elected and the rejected CD II 2 acting as both the judge and the judged CD IV 1 is followed by an exploration of the roles of the Holy Spirit and human freedom in God's electing and saving action Although commentators acknowledge Barth's innovation in this area but also identify problems with his approach few have offered what David Ford has called a correction from within Barth using Barth's own method Using the concept of *Existenzstellvertretung* this critique of Barth's exegetical justification for the doctrines offers an alternative exegesis that not only provides this much needed correction but also immerses the reader in a fresh engagement with Scripture itself *Jesus and the Restoration of Israel* Carey C. Newman, 1999-10-13 This book edited by Carey C Newman offers a multifaceted and critical assessment of N T Wright's work Jesus and the Victory of God Wright responds to the essayists and Marcus Borg offers his critical appraisal **Standing under the Cross** Michael Mawson, 2023-09-07 Standing Under the Cross focuses on Bonhoeffer's rich theological and ethical thinking It places Bonhoeffer in conversation with a wide range of modern theologians including Karl Barth Franz Rosenzweig Jürgen Moltmann and James Cone The book gives particular attention to hermeneutics the body and Bonhoeffer's rich reflections on community and discipleship Mawson attends to the complex ways in which these aspects of Bonhoeffer's thinking work together and shows how they can assist us in responding to some of the challenges confronting us today **Discipleship and Unity** Cole Jodon, 2022-06-01 Discipleship and Unity Bonhoeffer's Ecumenical Theology presents a fresh approach to church unity and discipleship from a familiar voice Building constructively from the thought of Dietrich Bonhoeffer Cole Jodon offers an account of ecumenism in which the church is understood to be united as the person of Christ a unity that is concrete today through active obedient discipleship To develop this theology Jodon draws from Bonhoeffer's ecumenical engagement which is deepened through the theology of Bonhoeffer's wider corpus Jodon illumines Bonhoeffer's dynamic understanding of the church its unity and the manner in which that unity is made concrete in the world At its heart this book serves to advance an ecumenical theology enlivened by the living and present Christ who calls his church to follow after him together Pneumatology at the Beginning of the Third Millennium Kevin Wagner, Peter John McGregor, M. Isabell Naumann, 2023-12-01 The Holy Spirit who worked on the first Christian Pentecost continues to work in the church and the world today This being so the field of pneumatology the theology of the Holy Spirit should pique the interest of both the average Christian and the academic theologian perhaps more than it has in

recent times This collection of chapters brings pneumatology into conversation with a wide variety of disciplines including scripture patristic and medieval theology and history The result is a scholarly monograph that enriches both pneumatology and the fields with which each contributor engages Furthermore with its attention on the work of the Spirit in the sacraments and the life of the church Pneumatology at the Beginning of the Third Millennium will help pastors and catechists in their ministries to understand more deeply the riches of the theology of the Third Person of the Trinity **Dietrich Bonhoeffer** Larry L. Rasmussen, 1970 **Bonhoeffer and Christology** Matthias Grebe, Nadine Hamilton, Christian Schlenker, 2023-05-18 The key question this volume addresses is how does Bonhoeffer's thought help to re-discover the doctrine of Christ's two natures and one person and understand and renew it in its significance for a modern post-metaphysical and secular world The volume takes a fresh look at Dietrich Bonhoeffer's Christology and brings it into a fruitful dialogue with current Christological debates In a multi-perspectival pluralistic world Bonhoeffer's thinking offers a productive basis for conceptually incorporating the openness required for this task into academic theology Bonhoeffer's theology offers a starting point for the recovery of a productive Christology that reflects the plurality of the globalized world as Bonhoeffer's Christology begins precisely with this integration into worldly reality whereby the world is understood in its plurality and polyphony In this way he characterizes his enterprise as follows What keeps gnawing at me is the question what is Christianity or who is Christ actually for us today DBWE 8 362 Accordingly it opens itself up not only to inner Christian discussion but also to non-Christian worldviews from which a basic ethical demand follows *Jesus in Latin America* Jon Sobrino, 2004-10-29 Jon Sobrino's qualifications as a theologian and the importance of his theological work are universally acknowledged but the orthodoxy of his work and the orthopraxis of the activity it sets in motion are controversial Sobrino responds to critics in this collection of articles on the theme of Jesus of Nazareth and his relevance to Christian life and faith in Latin America The christology Sobrino argues for affirms belief in the divinity of Jesus and the centrality of Jesus' relationship with the poor and oppressed It is as Juan Alfaro says in the Foreword a christology springing from Christian faith as lived in the historical situation of the Latin American people **The Dialectics of Discipleship** Chris Swann, 2023-08-24 Interrogating Barth's discipleship shaped vision of sanctification this book investigates both Lutheran and Calvinist source material to develop an account that differs markedly from other Lutheran and Calvinist perspectives Highlighting the robustly theological and Christ-centred character of Barth's account Chris Swann demonstrates that far from merely valorising human activity Barth advances an understanding of human moral agency action and suffering that is real but relative to the agency of God in Christ to which it corresponds analogously With a focus on the role the image of discipleship plays in giving conceptual structure and shape to Barth's distinctive account of the correspondence between divine agency and sanctified human agency this book evaluates the ramifications of his discipleship shaped vision of sanctification In doing this it gives special attention to Barth's own personal mixed record with regard to Christian discipleship Ultimately Swann

retrieves a number of important resources for contemporary theological ethics from Barth's theology of discipleship     The Incarnation Thomas F. Torrance, 1998-07-15 This book is a collection of papers from the conference of the International Academy of Religious Sciences held in Norwich in 1978 The theme is the Incarnation in relation to the Nicene Constantinopolitan Creed The book is an ecumenical contribution to theological discussion of a theme that has once again become a burning issue Contributors include theologians from the Orthodox the Roman Catholic and the Anglican Churches as well as the Church of Scotland     Evangelical Ethics David P. Gushee, Isaac B. Sharp, 2015-08-24 Just as it is impossible to understand the American religious landscape without some familiarity with evangelicalism one cannot grasp the shape of contemporary Christian ethics without knowing the contributions of evangelical Protestants This newest addition to the Library of Theological Ethics series begins by examining the core dynamic with which all evangelical ethics grapples belief in an authoritative inspired and unchanging biblical text on the one hand and engagement with a rapidly evolving and increasingly post Christian culture on the other It explores the different roles that scholars and popular figures have played in forming evangelicals' understandings of Christian ethics And it draws together the contributions of both senior and emerging figures in painting a portrait of this diverse vibrant and challenging theological and ethical tradition This book represents the breadth of evangelical ethical voices demonstrating that evangelical ethics involves nuance and theological insight that far transcend any political agenda Contributors include David P. Gushee Carl F. H. Henry Jennifer McBride Stephen Charles Mott William E. Pannell John Perkins Soong Chan Rah Gabriel Salguero Francis Schaeffer Ron Sider Helene Slessarev Jamir Glen H. Stassen Eldin Villafañe Allen Verhey Jim Wallis Nicholas Wolterstorff and John Howard Yoder The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts English language texts and translations that have fallen out of print new translations and collections of significant statements about problems and themes of special importance in an easily accessible form This series enables sustained dialogue on new and classic works in the field     Breaking New Ground in John Ruben Zimmermann, 2025-02-28     **Incarnational Realism** Travis E. Ables, 2013-08-15 A re-reading of the Pneumatology in Western theology particularly in Augustine and Barth     **Transfiguring a Theologia Crucis through James Cone** Brach S. Jennings, 2023-10-18 Brach S. Jennings unites thematic investigations into hermeneutics and material dogmatics related to fundamental theology with a concern for contemporary situations of global oppression in order to propose a new theologia crucis through James H. Cone's Black Theology of Liberation Jennings's study connects a theology of wisdom sapientia with political prophetic theology for the three publics of academy society and church today     **Ethics without Principles** Roy H. May Jr., 2015-10-21 Ethics in the West too often equates morality with universal moral principles thus imposing lifestyles and moral criteria that do not respect differences and local histories Even Christianity proposes ethics that is based on eternal absolute and universal truths or principles independent of sociocultural and historical contexts The problem is that these

universal moral laws become a means of social control to exclude those who are different non Christian religions nonwhite races non Western cultures and poor and marginalized social classes everywhere To these can be added minorities marginalized because of sexual orientation physical handicaps and women of all sectors and cultures Another kind of ethics is urgent For these reasons Christians in Latin America and other parts are seeking innovative ways of envisioning ethics from their marginalized and discriminated social locations in order to find another possible ethics an ethics that is not universal and not based on eternal truths or principles but rather is contextual and historical and that takes into account real life realities Only an ethics that does this will be liberative Important steps toward this other possible ethics have been taken by the theology of liberation by developing a contextual and intercultural morality *New Perspectives for Evangelical Theology* Tom Greggs,2009-12-04 This title addresses some of the major themes within evangelical theology including election the Holy Spirit eschatology and sanctification It examines the Bible and the Church and has chapters on worship and the sacraments [The Church for the World](#) Jennifer McBride,2014-03-05 Drawing on the work of German pastor theologian Dietrich Bonhoeffer Jennifer McBride constructs a new theology of public witness for American Protestant church communities based on the public expression of repentance and redemption **The Bonhoeffer Reader** Clifford J. Green,Michael P. DeJonge,2014-04-17 For the first time the essential theological writings of Dietrich Bonhoeffer have been drawn together in a helpful one volume format The Bonhoeffer Reader brings the best English translation to students and provides a ready made introduction to the thought of this essential thinker *Christ! I Want Your Body* James J. Jordan,2003-12-22 What did Jesus say about his birth in a manger attended by wisemen and angels How did he describe his seat at Gods right hand on a celestial throne Did he really claim to be Gods only son to be worshiped as one third of a three headed Deity This book is destined to become one of the many pathways to help revitalize Christianity Compelling insights meaningful resources and important revelations of over 100 well known Jesus scholars authors and learned professors of religion from around the world are provided This is not however a theological discourse for scholarly debate It is written by a Christian layman for the everyday normal church attendees who are searching thinking curious and open to newer and deeper loving relationships with God and Jesus Much of the knowledge and thinking about the essence of what Jesus taught about the Kingdom of God Realm of the Spirit is explored The book expands the readers awareness of new ways to see what Jesus said about Gods love and its potential for each person Hopefully church people who are developing doubts about their childhood teachings will find new insights in the teachings of Jesus within the Christian Church *Responsibility and Commitment* Tze-wan Kwan,2008

### **Christ Concrete Introduction**

In today's digital age, the availability of Christ Concrete books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Christ Concrete books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Christ Concrete books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Christ Concrete versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Christ Concrete books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Christ Concrete books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Christ Concrete books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free

access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Christ Concrete books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Christ Concrete books and manuals for download and embark on your journey of knowledge?
