Christian Mission In The Modern World:

Christian Mission in the Modern World John R. W. Stott, 1975 John R W Stott argues that the mission of the church must encompass both evangelism and social action

Christian Mission in the Modern World John Stott, Christopher J H Wright, 2016-01-15 Jesus sends us into the world just as God the Father sent him and yet Christians continue to disagree on what this involves Some believe that the focus of Christian mission is evangelizing and saving souls Others emphasize global justice issues or relief and development work Is either view correct on its own John Stott's classic volume first published forty years ago presents an enduring view of Christian mission that is just as needed today Newly updated and expanded by Christopher J H Wright *Christian Mission in the Modern World* provides a biblically based approach to mission that addresses both spiritual and physical needs With his trademark clarity and conviction Stott illuminates how the Great Commission itself not only assumes the proclamation that makes disciples but also teaches obedience to the Great Commandment of love and service Wright has expertly updated the original book and demonstrates the continuing relevance of Stott's prescient thinking This balanced approach to mission encourages current and future Christians to embrace an unconflicted and holistic model of ministry

Majority World Perspectives on Christian Mission Nico A. Botha, Eugene Baron, 2022-05-12 It affords us real pleasure to present this editorial on behalf of the Majority World Christian Leaders Conversation MWCLC The MWCLC started slowly but surely since 2016 following a groundbreaking conversation among eleven mission practitioners from the Majority World who met in the United Kingdom somewhere between London and Oxford At the meeting several themes emerged under the banner of missionary questions and impulses of the Majority World from the perspective of the reign of God These themes and more find reflection in the book However before proceeding to the content of the anthology a note on the concept Majority World seems necessary The time where terms like Third World gained strong currency is long since gone The term Majority World is a new kid on the block and requires some clarification The use of the term is a strategy of avoiding concepts like Developing or Third World or even Global South which are pejorative in a real sense To speak of the Majority World is geographically accurate in that Africa Asia and Latin America are included

Korean Diaspora and Christian Mission Sung-hun Kim, Wonsuk Ma, 2011 As a divine conspiracy for Missio Dei the global phenomenon of people on the move has shown itself to

be invaluable In 2004 two significant documents concerning Diaspora were introduced one by the Filipino International Network and the other by the Lausanne Committee for World Evangelization These have created awareness of the importance of people on the move for Christian mission Since then Korean Diaspora has conducted similar research among Korean missions resulting in this book It is unique as the first volume researching Korean missions in Diasporic contexts appraising and evaluating these missions with practical illustrations and drawing on a wide diversity of researchers

Robert, 2009-03-09 CHRISTIAN MISSION Dana Robert distils a quarter of a century of her research into an erudite and accessible single volume account of how Christianity became the largest religious tradition in the world There is no better place for any reader to start becoming informed about this important subject David Hempton Harvard University Remarkable for the range and depth of the material Robert is able to pack into so short a book Reliable and readable it is especially valuable for its treatment of the relation between western and non western missionary activity David A Hollinger University of California Berkeley Dana Robert s richly textured book shows us that the history of Christian missions is far from being merely a European colonial story and will be immensely valuable to students and general readers who are concerned to uncover the historical roots of Christianity s current status as a truly global faith Brian Stanley University of Edinburgh The Gospels record that Christ commanded his disciples to go forth and teach all nations Thus began the history of Christian mission a phenomenon which brought about massive shifts in the nature and practice of Christianity and one that many say reflects the single most important movement of intercultural encounter

over a sustained period of human history To understand Christianity as a global movement therefore it is essential to study the role of mission defined as the transmission of the Gospel across cultures Erudite and enlightening this brief book explores the 2 000 years of mission history covering topics such as the meaning of the missionary through history gender and missions and missions in culture and politics Given that in the twenty first century Christianity is now largely practiced outside the West Christian Mission is an inspirational and invaluable resource to broaden our understanding of the nature of Christianity as a truly multi cultural world religion **The Future of Christian Mission in India** Augustine Kanjamala

SVD,2014-08-21 Colonial missionaries both Catholic and Protestant arrived in India with the grandiose vision of converting the pagans because like St Peter Acts 4 12 and most of the church fathers they honestly believed that there is no salvation outside the church extra ecclesiam nulla salus At the end of the great Protestant century however Christians made up less than 3 percent of the population in India and the hope of the missionary was nearly shattered But if one looks at mission in India qualitatively rather than quantitatively one sees a number of positive outcomes Missionaries in India particularly Protestant missionaries espousing the social gospel in collaboration with a few British evangelical administrators dared to challenge numerous social evils and even began to eradicate them The scientific and liberal English education began to enlighten and transform the Indian mindset Converts belonging to the upper caste although small in number laid the foundation stone of Indian theology and an inculturated church using Indian genius The end of colonialism in India coincided with the painful death of colonial mission theology Now the power of the Word of God extricated from political power is slowly and peacefully gaining ground like the mustard seed of the parable A paradigm shift from the ecclesio centric mission to missio Dei offers reason for further optimism In short the future of mission in India is as bright as the kingdom of God In today s new context theologians despite objections from some quarters are struggling to discover the Asian face of Jesus disfigured by the Greco Roman Church And the missionary is challenged to become a living Bible that undoubtedly everyone will read **Introducing Christian Mission Today** Michael W. Goheen,2014-07-14 Michael Goheen gives us a full scale

introduction to mission studies today in its biblical theological and historical dimensions Goheen covers the full horizon of major issues in mission including its global urban and holistic contexts This text shows how the missional church encounters the pluralism of Western culture and global religions *Missionaries in Persia* Christian Windler,2024-01-25 This open access title explores how in the seventeenth and eighteenth centuries Isfahan the capital of the Safavid Empire hosted Catholic missionaries of more diverse affiliations than most other cities in Asia Attracted by the hope of converting the Shah the missionaries acted as diplomatic agents for Catholic rulers hosts to Protestant merchants and healers of Armenians and Muslims Through such niche activities they gained social acceptance locally This book examines the activities of Discalced Carmelites and other missionaries revealing the flexibility they demonstrated in dealing with cultural diversity a common feature of missionary activity throughout emerging global Catholicism While missions all over the world were central to the

self fashioning of the Counter Reformation Church clerics who set out to win over souls for the true religion turned into local actors who built reputations by defining their social roles in accordance with the expectations of their host society Such practices fed controversies that were fought out in newly emerging public spaces Responding to the threat this posed to its authority the Roman Curia initiated a process of doctrinal disambiguation and centralization which culminated in the nineteenth century Using the missions to Safavid Iran as a case study for a global history on a small scale the book creates a new paradigm for the study of global Catholicism The ebook editions of this book are available open access under a CC BY NC ND 4.0 licence on bloomsburycollections.com Open access was funded by The Department of Early Modern History of the Institute of History Universitaet Bern

The Oxford Handbook of Mission Studies Kirsteen Kim, Knud Jørgensen, Alison Fitchett-Climenhaga, 2022-04-18 The Oxford Handbook of Mission Studies represents more than a century of scholarship related to the theology history and methodology of the propagation of Christian faith and the engagement of Christians with cultures religions and societies worldwide It contains more than 40 articles by experts from different disciplinary and ecclesial perspectives who are from all continents It not only offers a broad overview of key approaches and issues in mission studies but it also highlights current trends and suggests future developments The Handbook builds on renewed interest in mission studies this century generated by recent key statements on mission from ecumenical evangelical Catholic and Orthodox sources and by a spate of academic works on the topic Western church leaders now apply insights from foreign missions such as inculturation liberation interfaith work and power encounter to today's multicultural societies Meanwhile there are new initiatives in mission from the Majority World where most Christians live so that sending is not only from the west to the rest but from everywhere to everywhere Therefore this volume aims to reflect the voices of the receivers of mission as well as its protagonists and to raise awareness of new movements In a time of growing recognition of religions more generally this work examines and theorizes the missional dimensions of the world's largest religion its agendas growth outreach role in public life effect on cultures relevance for development and its approaches to other communities *John Stott* Edward L. Smither, 2023-12-19 Remembered as a pastor Bible teacher writer and ambassador for global mission John Stott 1921-2011 was also an early innovator of encouraging global missional theology Through his involvement in the Lausanne Movement and other global networks he made room at the table for majority world Christians and theologians to speak to matters of developing global theology Through his innovative work with Langham Partners he provided resources for global pastors to be trained in theology and a platform for global theologians to publish their work Ultimately he encouraged global theologians to forge their own theology *Christian Mission in Seventeenth-Century Taiwan* Christopher Joby, 2025-02-03 This is the first book length study of the reception of Christianity and the epistemic outcomes of contact between Protestant and Catholic missionaries and Indigenous Austronesians in the contact zone of seventeenth century colonial Taiwan In the Age of European Expansion Dutch Reformed and Spanish Catholic missionaries attempted to win the

souls of Indigenous Austronesian people in Taiwan Christopher Joby examines the strategies that the missionaries employed to overcome the gap between their own cultures and languages and those of the Indigenous Austronesians or Formosans in the contact zone of seventeenth century Taiwan and evaluates the success of these strategies As such this book is a reception history of the texts beliefs and practices that Reformed Protestant and Catholic missionaries introduced to convert the Formosans to their mode of Christianity Using many linguistic and non linguistic examples this approach allows for a complementary colour perspective by comparing the epistemic outcomes of the Dutch Reformed and Spanish Catholic missions

Christianity in the Modern World Afe Adogame, Elizabeth Olson, 2016-05-23 What is the state of Christianity today and what might it look like in the future In the West the story for a long time has revolved around decline and the loss of monopoly status but how are these shifts changing the practice of Christianity or individual belief Similarly the rapid growth of Christianities in the Global South has been well reported but the continuing complex intersections of mission Christianity with indigenous religions are less well known Large scale flows of people across increasingly fluid borders mean that not only does immigration sometimes significantly boost Christian numbers in a given country but that different forms of Christianity shift traditional religious landscapes How will emerging trends such as reverse mission from the Global South affect Christianities in areas more used to sending rather than receiving missions As the majority of believers shifts from the West to the Global South how will issues such as homosexuality be played out theologically politically and individually Will new virtual churches manage to create viable long term communities How does new festival Christianity function in the religious life of an individual The divergent and oftentimes contradictory state of Christianity in the modern world fuels questions about its place and future in the world in politics education and healthcare This book brings together cutting edge research on the most recent changes and trends in Christianity worldwide Contributors drawn from the USA UK and Europe Africa and East Asia offer an invaluable breadth of coverage expertise and disciplinary perspective at the intersections between sociology of religion theology politics education and human geography
