Clinical Aspects of Dental Materials Marcia A. Stewart, Marcia Gladwin, Michael D. Bagby, 2013 This book is a comprehensive yet user friendly and clinically focused text on materials for dental hygiene that logically presents the theoretical aspects of materials while also making the clinical application to best prepare students to handle materials The text's unique strength is its outline approach to presenting materials information This outline approach consistent with the format of Wilkins is preferred by the market because it is clear to the point and concise Clinical Aspects of Dental Materials also incorporates useful chapter features but no fluff case studies and skills checklists that can be used in the laboratory portion of the course *Clinical Aspects of Dental Materials* Marcia A. Stewart, Marcia A. Gladwin, Michael D. Bagby, 2000 This unique text is the first of its kind to emphasize the clinical aspects of dental materials as well as introduce concepts of materials science Written by a dental hygiene educator and biomaterial scientist this text is designed for dental hygiene dental assisting students and clinicians The text is divided into two sections Fundamental Perspectives and Laboratory Clinical Applications and provides a realistic and practical approach to the use of dental materials Written in outline format and offering numerous clinical illustrations radiographs and procedure techniques the text provides a clear organization of the topic to facilitate learning The Fundamental Perspectives section focuses on fundamental aspects of dental materials necessary to understand the use of the various categories of materials At the end of each chapter in the Fundamental

Perspectives section learning activities are listed offering a greater understanding of the topic presented The importance of the proper handling of materials is presented in detail in the Laboratory Clinical Applications section and throughout the text This combination of information provides a realistic and practical approach to dental materials for the dental hygienist
